CHIEF'S PREFACE

We are privileged to have the public's trust to serve and protect the citizens of Moorhead, MN. We must never take for granted the public's trust in us and work every day to grow and strengthen that trust as well as our public image. The policies contained herein are to assist every employee with clear guidelines on maintaining professional police services our community expects.

The following are the policies of the Moorhead Police Department and are the result of review and research of law enforcement best practices by Lexipol. Lexipol is a leader in law enforcement risk management and policy development. No policy manual can anticipate every situation in providing police services. There may be rare situations that arise that are not covered by policy or give cause to deviate from policy. This should be in the interest of the public and the department and the reasons for the action documented or if practical, obtain supervisor permission first.

It is the responsibility of all employees to be familiar with this policy manual and its on-going updates. This manual exists to provide professional guidance in the carrying out of our mission and duties and is the framework from which we are held accountable for our actions.

We have a long history of professional police service to our community that has been built upon generation after generation and we have a duty to the next generation to leave things better than we found them. We recruit, hire, and train the best and we never expect anything less than the best from each of us.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Moorhead Police Department to perform their functions based on established legal authority.

100.2 PEACE OFFICER POWERS

Licensed officers of this department are peace officers pursuant to Minn. Stat. § 626.84 Subd. 1.

100.2.1 ARREST AUTHORITY WITHIN THE JURISDICTION OF THE MOORHEAD POLICE DEPARTMENT

Arrest authority of a full-time officer or part-time officer extends to any place within the jurisdiction of the department when (Minn. Stat. § 629.34, Subd. 1 and Minn. Stat. § 629.40):

- (a) Made pursuant to a warrant.
- (b) The person is being arrested for a felony.
- (c) The person is being arrested for a non-felony crime that was attempted or committed in the officer's presence.
- (d) The person is being arrested for a non-felony crime that was not attempted or committed in the officer's presence but an arrest is permitted by statute (e.g., domestic abuse, restraining order, and no contact order violations).
- (e) The person is a juvenile committed to the custody of the commissioner of corrections and committed a felony after he/she escaped from custody (Minn. Stat. § 609.485).
- (f) There is reasonable cause to believe that the person to be arrested has committed or attempted to commit theft from a merchant (Minn. Stat. § 629.366).

The arrest authority of a part-time peace officer is applicable only while on-duty (Minn. Stat. § 629.34, Subd. 1(b)).

100.2.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE MOORHEAD POLICE DEPARTMENT

Full- and part-time, on-duty officers may make an arrest outside the jurisdiction of the Moorhead Police Department (Minn. Stat. § 629.40):

- (a) Anytime the officer may by law make an arrest for a criminal offense committed within the jurisdiction of the Moorhead Police Department, and the person to be arrested escapes from custody or flees out of the officer's jurisdiction.
- (b) Whenever the officer is authorized by a court order.
- (c) Under the same conditions as if the officer was in the jurisdiction of the department, whenever the officer is acting in the course and scope of employment.

A full-time officer's warrantless arrest authority when off-duty and outside the jurisdiction of the department is limited to circumstances that would permit the officer to use deadly force under Minn. Stat. § 609.066 (see the Use of Force Policy) (Minn. Stat. § 629.40, Subd. 4). Under any

100.4 POLICY

It is the policy of the Moorhead Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

All prior and existing manuals, orders and regulations that are in conflict with this manual are rescinded, except to the extent that portions of existing manuals, procedures, orders and other regulations that have not been included herein shall remain in effect, provided that they do not conflict with the provisions of this manual.

103.2 POLICY

Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

103.2.1 DISCLAIMER

The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Moorhead Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Moorhead Police Department reserves the right to revise any policy content, in whole or in part.

- Administration Division
- Patrol Division
- Investigation Division

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason therefore.

Departmental Directive and Special Orders

201.1 PURPOSE AND SCOPE

Departmental Directives will immediately modify or change and supersede sections of this manual to which they pertain.

201.1.1 DEPARTMENTAL DIRECTIVES PROTOCOL

Departmental Directives will be incorporated into the manual as required upon approval of staff. Departmental Directives will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

All existing Departmental Directives have now been incorporated in the updated Policy Manual as of the below revision date.

Any Departmental Directives issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number "01." For example, 10-01 signifies the first Departmental Directive for the year 2010.

201.1.2 SPECIAL ORDERS PROTOCOL

Special Orders establish a temporary policy or procedure on a given subject for a specific length of time. Special Orders are issued to the organization as a whole, to a division, to a unit or to an individual thereof and are temporary in nature. Special Orders become inoperative with the passing of the incident or situation that caused the order's issuance.

The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

202.2 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan can be activated in a number of ways. For the Police Department, the Chief of Police, the highest ranking official on-duty or an on-scene responder may activate the Emergency Operations Plan in response to a major emergency.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Moorhead Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 LOCATION OF MANUALS

The manual for employees is available in Administration, the Shift Commander's office and in the Dispatch Center.

202.4 PLAN REVIEW

The Administration Division Commander shall annually review the Emergency Operation Plan and recommend updates when applicable. The annual review, update, and approval of the plan and supporting documents must be in accord with the guidance provided by the Department of Public Safety, Division of Emergency Management and should incorporate a full or partial exercise, tabletop or command staff discussion (Minn. Stat. § 299J.10).

202.5 PLAN TRAINING

The Department shall provide training in the Emergency Operations Plan for all supervisors and other appropriate personnel. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles police personnel will play when the plan is implemented.

Training

203.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will meet the standards of POST continuing education and provide for the professional growth and continued development of its personnel. By doing so, the Department seeks to ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the public.

203.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever reasonably possible, the Department will use courses certified by the Minnesota Board of Peace Officer Standards and Training (POST) or other regulatory or nationally recognized entities.

203.3 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of Department personnel.
- (c) Provide for continued professional development of Department personnel.
- (d) Assist in compliance with POST rules and regulations concerning law enforcement training.

203.4 TRAINING PLAN

It is the responsibility of the Training Manager to develop, review, update and maintain a training plan and to ensure that mandated basic, in-service and Department-required training is completed by all employees. The plan shall include a systematic and detailed method for recording and logging of all training for all personnel. While updates and revisions may be made to any portion of the training plan at any time it is deemed necessary, the Training Manager shall review the entire training plan on an annual basis. The plan will include information on curriculum, training material, training facilities, course and student scheduling. The plan will address State required minimum mandated training for licensing of peace officers or hiring of non-licensed employees. The plan will also include training for volunteers that is determined to be relevant and helpful to their actions as volunteers for the Department.

Training listed may be provided in basic training programs. The Training Manager is responsible for ensuring members of the Department have been trained as required.

Training

203.4.1 STATE MANDATED TRAINING

State training requirements include, but are not limited to, 48 hours of POST-approved law enforcement related courses every three years.

203.4.2 TRAINING PROCEDURES

 - 4. Physical limitations preventing the employee's participation.
 - 5. Emergency situations
- (b) When an employee is unable to attend mandatory training, that employee shall:
 - 1. Notify his/her supervisor as soon as possible but no later than one hour prior to the start of training.
 - 2. Document his/her absence in a memorandum to his/her supervisor.
 - 3. Make arrangements through his/her supervisor and the Training Manager to attend the required training on an alternate date.

203.5 TRAINING NEEDS ASSESSMENT

The Training Section will conduct an annual training-needs assessment and complete a report of the training-needs assessment, including recommendations from the Training Advisory Board and from supervisor input based on administrative reviews. The training-needs assessment report will be provided to the Chief of Police, staff and the Training Review Board. Upon review and approval by the Chief of Police, the needs assessment will form the basis for the training plan for the ensuing fiscal year.

203.6 TRAINING COMMITTEE

The Training Manager shall establish a Training Committee, which will serve to assist with identifying training needs for the Department.

The Training Committee shall be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be elected based on their abilities at post-incident evaluation and at assessing related training needs. The Training Manager may remove or replace members of the committee at his/her discretion.

Training

The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor or from the Administrative Review process as appropriate to review to identify possible training needs.

The Training Committee should convene on a regular basis as determined by the Training Manager to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Manager. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Training Manager will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

203.7 TRAINING RECORDS

The Training Manager is responsible for the creation, filing and storage of all training records in compliance with POST standards. Training records shall be retained as long as the employee's personnel file is retained.

203.8 REPORTING TRAINING TO POST

The POST Board distributes license renewals directly to licensed peace officers and requires the licensee to report completed continuing education courses from the previous license period. Officers are responsible for responding to these requests in a timely manner and otherwise maintaining their licensed status.

203.9 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a web-accessed system that provides training on the Moorhead Police Department policy manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Manager.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Training Manager. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should logoff the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Moorhead Police Department

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift, or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

203.10 CLASSROOM DISCRIMINATION

The Training Manager shall ensure that procedures for the investigation and resolution of allegations of classroom discrimination are developed and implemented, and include the required elements (Minn. R. 6700.0900; Minn. R. 6700.0902).

203.11 TRAINING DRESS CODE

All personnel attending police schools, training, meetings, conferences, etc., either within or outside the Fargo-Moorhead metropolitan area will be required to wear such clothing that would be appropriate for attendance. The civilian clothing to be worn should either be business casual or jeans that are clean and free of any tears. Shirts should have a collar or be a dress sweater. Female employees are expected to wear clothing that would, likewise, be acceptable for such occasion. Employees are not to dress in such a manner as to bring discredit or embarrassment upon the department. The dress code is exempt at departmental in-service training as announced in the training notice. The department instructors have the authority to set the dress code for the students based on the curriculum to be delivered.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (e-mail) system provided by the department and this policy should apply in conjunction with City of Moorhead Policy 6.25.

E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law (e.g., Minnesota Data Practices Act). Messages transmitted over the e-mail system are for official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration or practices of the Department. Occasional private use is permitted outside normal business hours or on breaks but is generally discouraged. All communications must be in compliance with this policy and employees should know that these communications are not private.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including attachments, transmitted over the Department computer network or accessed through a web browser accessing the Department system are considered Department records and, therefore, are the property of the Department. The Department has the right to access, audit and disclose for whatever reason, all messages, including attachments, transmitted or received through its email system or placed into its storage.

Unless it is encrypted, the email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential or personal communication. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department email system shall have no expectation of privacy concerning communications utilizing the system.

204.3 PROHIBITED USE OF E-MAIL

The Department e-mail system is not intended to be used for personal purposes unless that use is authorized in writing by the Chief of Police or if it is incidental or occasional use outside of business hours or shift hours or on breaks.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited. This will constitute just cause for discipline, and will result in discipline, up to and including termination of employment

E-mail messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. Personal advertisements or announcements are not permitted.

Moorhead Police Department

Moorhead PD Policy Manual

Electronic Mail

It is a violation of this policy to transmit a message under another user's name or e-mail address or to use the password of another to log onto the system. Users are required to log off the network or lock the workstation when their computer is unattended. This added security measure will minimize the misuse of an individual's email, name and/or password.

Administrative Communications

205.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

205.2 SPECIAL ORDERS

Special Orders may be issued periodically by the Chief of Police or designee, to announce and document all promotions, transfers, hiring of new personnel, separations, individual and group awards and commendations or other changes in status. Such orders are personnel data under Minn. Stat. § 13.43 and shall be treated accordingly.

205.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all official external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Official correspondence and use of letterhead requires approval of a supervisor. Department letterhead may not be used for personal use or purposes.

Internal correspondence should use appropriate memorandum forms. These may be from line employee to employee, supervisor to employee or any combination of employees.

205.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police, his/her designee or a Division Commander.

205.5 OTHER COMMUNICATIONS

Departmental Directives and other communications necessary to ensure the effective operation of the Department shall be promulgated by the Chief of Police, his/her designee or Division Commanders.

Supervision Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employees' needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least one supervisor on-duty whenever possible.

Permit to Carry a Pistol

The applicant will be notified within 30 days of the application whether the permit is issued or denied (Minn. Stat. § 624.714 Subd. 6). Failure to notify the applicant of a denial within the 30 days shall constitute issuance of the permit to carry.

The permit shall be issued to the applicant unless a substantial likelihood exists that he/she is a danger to themselves or the public, he/she is not qualified to possess a handgun pursuant to state or federal law or is not otherwise qualified to obtain a permit. Upon issuing a permit the Department shall provide a laminated permit card to the applicant by first class mail or personal delivery and submit the information to the Commissioner of Public Safety within five business days.

If the application is denied, the Department shall send the applicant written notification justifying the denial, which includes the source of the justification. 209.6 VOIDING OR REVOKING PERMIT

The permit to carry becomes void if the holder becomes prohibited by law from possessing a firearm. When a permit holder is convicted of an offense that prohibits the person from possession of a firearm, the court must take possession of the permit if it is available and deliver it to the Sheriff.

The Sheriff may file a petition with the district court for an order to revoke the permit on the grounds that there is a substantial likelihood that the person is a danger to him/herself or to the public if he/she is authorized to carry a pistol under permit. The court shall issue an order revoking the permit if the Sheriff proves such danger by clear and convincing evidence.

A permit holder whose permit was revoked may seek a judicial review by filing a petition in the district court for the county in which the application was submitted (Minn. Stat. § 624.714 Subd. 12).

209.9 RECOGNITION OF PERMITS FROM OTHER STATES

A person who possesses a firearms permit from another state that is on the annual list of states with firearm regulations similar to Minnesota, published by the Commissioner of Public Safety, and that has reciprocity to carry a firearm in Minnesota has lawful authority to carry a pistol in Minnesota. The permit issued from another state is not valid if the holder is or becomes prohibited by law from possessing a firearm. The Chief of Police may file a petition with the appropriate court to suspend or revoke a license from another state when there is a substantial likelihood that the license holder is a danger to him/herself or the public (Minn. Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Minn. Stat. § 626.8452).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Bodily harm - Physical pain or injury.

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or great bodily harm.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Great bodily harm - Bodily injury which creates a high probability of death, or which causes serious, permanent disfigurement, or which causes a permanent or protracted loss or impairment of the function of any bodily member or organ or other serious bodily harm.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Moorhead Police Department

Moorhead PD Policy Manual

Use of Force

The Moorhead Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force (Minn. Stat. § 626.8452; Minn. Stat. § 626.8475).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (Minn. Stat. § 626.8452; Minn. Stat. § 626.8475).

300.2.2 ADDITIONAL REQUIREMENTS

An officer reporting a use of force by another law enforcement officer or member pursuant to this policy shall also make the report in writing to the Chief of Police within 24 hours (Minn. Stat. § 626.8475).

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

Moorhead Police Department

Moorhead PD Policy Manual

Use of Force

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer may use reasonable force (Minn. Stat. § 609.06 and Minn. Stat. § 629.33):

- (a) In effecting a lawful arrest.
- (b) In the execution of a legal process.
- (c) In enforcing an order of the court.
- (d) In executing any other duty imposed by law.
- (e) In preventing the escape, or to retake following the escape, of a person lawfully held on a charge or conviction of a crime.
- (f) In restraining a person with a mental illness or a person with a developmental disability from self-injury or injury to another.
- (g) In self-defense or defense of another.

An officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance of the person being arrested; nor shall such officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness (Minn. Stat. § 626.8452).
- (j) Seriousness of the suspected offense or reason for contact with the individual.

Use of Force

- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Moorhead Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

Moorhead Police Department

Moorhead PD Policy Manual

Use of Force

300.3.6 STATE RESTRICTIONS ON THE USE OF OTHER RESTRAINTS

Officers may not use any of the following restraints unless the use of deadly force is authorized (Minn. Stat. § 609.06; Minn. Stat. § 609.066):

- (a) A chokehold. For purposes of this policy, a chokehold only refers to the method of applying sufficient pressure to an individual to make breathing difficult or impossible, and includes but is not limited to any pressure to the neck, throat, or windpipe that may prevent or hinder breathing, or reduce intake of air.
 1. If applied, a chokehold is subject to the same guidelines and requirements as a carotid control hold.
- (b) Tying all of an individual's limbs together behind the person's back to render the person immobile.
- (c) Securing an individual in any way that results in transporting the person face down in a vehicle.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified only if an objectively reasonable officer would believe, based on the totality of the circumstances known to the officer at the time and without the benefit of hindsight, that such force is necessary (Minn. Stat. § 609.066):

- (a) To protect the officer or another from death or great bodily harm.
- (b) To effect the arrest or capture, or prevent the escape, of an individual whom the officer knows or has reasonable grounds to believe has committed or attempted to commit a felony and the officer reasonably believes that the person will cause death or great bodily harm to another person unless immediately apprehended.

In both scenarios, the use of deadly force is only authorized provided that the threat (Minn. Stat. § 609.066):

- Can be articulated with specificity by the officer.
- Is reasonably likely to occur absent action by the officer.
- Must be addressed through the use of deadly force without unreasonable delay.

An officer shall not use deadly force against an individual based on the danger the individual poses to self unless the use of deadly force is justified (Minn. Stat. § 609.066).

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

Use of Force

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the TASER (TM) device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 STATE REPORTING REQUIREMENTS

The Chief of Police shall provide for:

- (a) The filing of a report with the Bureau of Criminal Apprehension (BCA) on a monthly basis and in the form required by BCA (Minn. Stat. § 626.5534).
- (b) The collection and submission of data as required by Minn. Stat. § 626.8457 and consistent with the use of force reporting requirements as determined by POST (Minn. Stat. § 626.8457).

Use of Force

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:

Moorhead Police Department

Moorhead PD Policy Manual

Use of Force

1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT COMMANDER RESPONSIBILITY

The Shift Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive training on this policy, including the learning objectives as provided by POST, at least annually (Minn. Stat. § 626.8452, Subd. 3).

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.8.1 PROHIBITED TRAINING

Warrior-style training, as defined in Minn. Stat. § 626.8434, whether provided directly by the Department or through a third party, is prohibited (Minn. Stat. § 626.8434).

Moorhead Police Department

Moorhead PD Policy Manual

Use of Force

300.9 POLICY REVIEW

The Chief of Police or the authorized designee should annually review and update this policy to reflect developing practices and procedures.

Administrative Reviews

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Moorhead Police Department to review incidents of high liability or exposure such as employee use of force, pursuits, police motor vehicle crashes, injury on duty incidents, complaints, dangerous dog declaration requests, and other actions that the Office of the Chief of Police or other chain of command need to be aware of.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force or other incidents.

301.2 POLICY

The Moorhead Police Department will objectively evaluate the practices and actions by its members to ensure that their authority is used lawfully, appropriately, and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENTS

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment or leave pending an administrative review and investigation. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

An Administrative Review will be initiated after an employee use of force, a pursuit, police involved motor vehicle crash, injury on duty incident, a complaint on a department staff member, for the request for a declaration of a dangerous or potentially dangerous dog, or any other incident or potential disciplinary situation that may result in action by the Office of the Chief of Police.

For purposes of defining use of force and when an Administrative Review would be required, use of force is defined as when an officer applies force in any capacity from muscling or overpowering techniques to the use of a weapon, including pointing a firearm or deploying a taser at a person through touch stun or probe deployment at a person. Simple handcuffing and verbal direction are not considered use of force.

The Chief of Police or designee, may assign an investigation into the circumstances surrounding an incident to provide further details of what happened and to fully document it. The Administrative Review allows for a chain of command review of the details of an incident and provide a recommendation for training, counselling, identify policy violations, and/or make a recommendation that the matter be handled through discipline.

Moorhead Police Department

Moorhead PD Policy Manual

Administrative Reviews

301.4.1 ADMINISTRATIVE REVIEW PERSONNEL

The Administrative Review is a systematic chain of command review and personnel shall be comprised of the following persons:

- The Shift Commander or Acting Shift Commander of the personnel involved whether a Sergeant or Lieutenant.
- Deputy Chief of Police
- Chief of Police

301.4.2 RESPONSIBILITIES OF THE BOARD

The Administrative Review shall be based upon those facts that were reasonably believed by the officer at the time of the incident, applying legal requirements, department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the officer at that time, can neither justify, nor call into question an officer's decisions.

It will be the responsibility of the shift commander, acting shift commander or supervisor of the involved employee(s) to notify the appropriate commander of any incidents requiring review. That supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review.

If it appears that the actions of the employee may result in criminal charges or disciplinary action by the department, the supervisor shall gather the available related information including initial statements from complainants/witnesses and forward with the Administrative Review for potential complaint investigation assignment by the Office of the Chief of Police or criminal investigation. The supervisor completing the review, should not make disciplinary recommendations in matters that may call for discipline above a written reprimand. Potential disciplinary actions beyond a written reprimand are subject to an Loudermill Hearing and are then made by the Chief of Police.

Certain circumstances may call for a criminal or internal investigation as recommended by a supervisor and determined by the Office of the Chief of Police. Any supervisor in the chain of command can also recommend additional or changes to current training to avoid similar future problems.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Moorhead Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Moorhead Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee. Other factors may include the size and gender, behavior, level of crime/violence that alleged to have occurred.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Moorhead Police Department

Moorhead PD Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.4 HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 SPIT HOODS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide

Handcuffing and Restraints

assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid commingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Moorhead Police Department

Moorhead PD Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9 TRAINING

Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.

Moorhead Police Department

Moorhead PD Policy Manual

Handcuffing and Restraints

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Moorhead Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Control Devices

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public. Use of pepper projectiles on obvious juveniles, elderly persons or individuals known to be pregnant should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to officers, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

Control Devices

303.7.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.

Control Devices

- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.10 TRAINING FOR CONTROL DEVICES

The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary. Officers will receive training on the use of issued control devices and this policy, including the learning objectives as provided by POST, at least annually (Minn. Stat. § 626.8452, Subd. 3).

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the TASER (TM) device.

304.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

304.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

Conducted Energy Device

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications. Each additional standard cycle application will be considered an additional use of force.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges.

Conducted Energy Device

Once the suspect is safely secured, the officer will carefully remove the probes in the manner prescribed in training. The officer shall have medical personnel remove the probes if located in sensitive areas such as the head/neck, chest (female), groin, or elsewhere at the discretion of the officer. The officer shall assess if the person is injured or in continued pain and in need of medical attention. The officer shall photograph the the impact site and probes after removal and dispose of safely. Photographs shall be entered into the case file as prescribed by training.

The probes shall be handled with universal precautions similar to any other sharps biohazard material.

304.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 TASER® CAM™

The TASER CAM is activated any time the safety is in the off position. The safety should be in the safe position unless the officer intends to use the device. Because the TASER CAM memory is limited, the video and audio data should be downloaded frequently and retained as required by the department records retention schedule.

304.5.8 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

304.6.1 TASER DEVICE FORM

Items that shall be included in the TASER device report form are:

- (a) The type and brand of TASER device and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the TASER device was used.
- (f) The type of mode used (probe or drive-stun).

Conducted Energy Device

- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local training protocols, once the suspect is safely secured, the officer will carefully remove the probes from a person's body. The officer shall have medical personnel remove the probes if located in sensitive areas such as the head/neck, chest (female), groin, or elsewhere at the discretion of the officer. Used probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

Any individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related

Conducted Energy Device

reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard video camera memory should be downloaded through the data port by a supervisor or trained civilian staff and saved with the case file. Ensure photographs of probe sites were taken and witnesses interviewed.

304.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by the department-approved TASER device instructor prior to again carrying or using the device.

Officers who have been issued the TASER device will receive training on this policy every other year. The learning objectives as provided by POST reference the use of deadly force and firearms, at least annually (Minn. Stat. § 626.8452, Subd. 3).

A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.

Moorhead Police Department

Moorhead PD Policy Manual

Conducted Energy Device

- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.3 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.3.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Moorhead Police Department would control the investigation if the suspect's crime occurred in Moorhead.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

305.3.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be the responsibility of the agency in which the officer is employed. If the officer is from the Moorhead Police Department, the investigation will be controlled by the Moorhead Police Department. If the officer is from another agency, the investigation will be controlled by that agency. If the officer is from the Minnesota Bureau of Criminal Apprehension (BCA), the investigation will be controlled by the BCA. When an officer from this department is involved, the criminal investigation

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

will be handled according to the Criminal Investigation section of this policy. The officer's employing agency will be responsible for any civil/internal investigation.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.3.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.3.4 POST ADMINISTRATIVE INVESTIGATIONS

The Minnesota POST Board may require an administrative investigation based on a complaint alleging a violation of a statute or rule that the board is empowered to enforce. An officer-involved shooting may result in such an allegation. Any such complaint assigned to this department shall be completed and a written summary submitted to the POST executive director within 30 days of the order for inquiry (Minn. Stat. § 214.10, Subd. 10).

305.4 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death:

305.4.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved MPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.4.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved MPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any MPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Commander and the Dispatch Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional MPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
1. Each involved MPD officer should be given an administrative order not to discuss the incident with other involved officers or MPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.4.3 SHIFT COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Shift Commander.

305.4.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigation Division Commander
- Outside agency investigators (if appropriate)
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

305.4.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) Any request for legal or union representation will be accommodated.
 - 1. Involved MPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-MPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved MPD officer. A licensed psychotherapist may also be provided to any other affected MPD members, upon request.
 - (a) Interviews with a licensed psychotherapist will be considered privileged.
 - (b) An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 - (c) A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications with peer counselors are confidential and shall not be disclosed except as provided in Minn. Stat. § 181.9731, Subd. 4 (Minn. Stat. § 181.9731).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved MPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Commander to make schedule adjustments to accommodate such leave.

305.5 CRIMINAL INVESTIGATION

The County Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the County Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) MPD supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of MPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.5.1 REPORTS BY INVOLVED MPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved MPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved MPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved MPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.5.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.5.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with the County Attorney's Office and the Minnesota Bureau of Criminal Apprehension. .

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.6 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved MPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (Personnel Complaints Policy; Minn. Stat. § 626.89).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening in accordance with the drug and alcohol testing guidelines in the Drug- and Alcohol-Free Workplace Policy adopted under the authority of Minn. Stat. § 181.950 to Minn. Stat. § 181.957. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information (Minn. Stat. § 626.89).
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. The interview must be taken at the MPD or at a place agreed to by the interviewer and the involved officer.
 - 3. The interview must be of reasonable duration and provide the involved officer reasonable periods for rest and personal necessities. When practicable, the interview must be held during the involved officer's regularly scheduled work shift. If not, the involved officer must be compensated at his/her current pay rate.
 - 4. If requested, the officer shall have the opportunity to select an uninvolved representative or an attorney, or both, to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 5. Administrative interviews shall be recorded electronically or otherwise by the investigator. The officer may also record the interview. A complete copy or transcript of the interview must be provided to the involved officer upon written request without charge or undue delay.
 - 6. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed in writing or on the record that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 7. The Internal Affairs Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 8. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - 9. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

Officer-Involved Shootings and Deaths

305.7 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Attorney's Office, as appropriate.

305.9 DEBRIEFING

Following an officer-involved shooting or death, the Moorhead Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.9.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administration Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event (Minn. Stat. § 181.9732).

The debriefing is not part of any investigative process. Communications with critical incident stress management team members, as defined in Minn. Stat. § 181.9732, are confidential and shall not be disclosed except as provided in Minn. Stat. § 181.9732, Subd. 4 (Minn. Stat. § 181.9732).

Members who witness a critical incident are prohibited from providing critical incident stress management services at a debriefing about the incident that they witnessed (Minn. Stat. § 181.9732).

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn personnel). Family or other support personnel may attend with the concurrence of those involved

Moorhead Police Department

Moorhead PD Policy Manual

Officer-Involved Shootings and Deaths

in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Internal Affairs Unit personnel.

305.9.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.10 POST INCIDENT OFFICER CONCERNS

As post-traumatic stress disorders (PTSD) may not arise immediately, or officers may attempt to hide a problem, supervisors are responsible for monitoring the officer(s) behaviors for significant changes that may be signs of PTSD.

A supervisor may order an affected officer to seek assistance or counseling from a mental health specialist upon a reasonable belief that stress may be disrupting the officer's job performance.

Officers directly involved in the shooting incident shall be required to re-qualify with department issued weapons and any off-duty weapons before returning to work.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

No involved MPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.12 REPORTING

If an officer discharges a firearm in the course of duty, the Chief of Police shall notify the Commissioner of Public Safety within 30 days of the reason for and the circumstances surrounding the discharge of the firearm (Minn. Stat. § 626.553).

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.1.1 AUTHORIZATION TO CARRY FIREARMS

All licensed personnel shall successfully complete department training regarding the use of force, deadly force and the use of firearms before being issued a firearm or being authorized to carry a firearm in the course of their duties (Minn. Stat. § 626.8452, Subd. 3; Minn. Stat. § 626.8463).

306.1.2 DEFINITIONS

Rangemaster - For the purposes of this policy manual and policies related to firearms a Rangemaster is the firearms trainer that has met the training requirements set by the department to be a firearms instructor and is in-charge of the firing range during a department training exercise.

306.2 POLICY

The Moorhead Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

306.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

306.3.1 DUTY WEAPONS

The authorized Department-issued handgun is the Glock 17/19/26 9 mm.

Only issued or approved rifles are authorized for on-duty use.

Moorhead Police Department

Moorhead PD Policy Manual

Firearms

Any other or additional handguns are approved for on-duty use on a case by case basis by the Chief of Police.

306.3.2 PATROL RIFLES

The authorized department-issued patrol rifle is the AR-15, .223 caliber/5.56 mm. The following additional patrol rifles are approved for on-duty use:

MAKE	MODEL	CALIBER

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at long range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
- (e) When a member reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with department training in a locking weapons rack in the patrol vehicle.

306.3.3 AUTHORIZED SECONDARY HANDGUN

Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

- (a) The handgun shall be in good working order and on the department list of approved firearms.
- (b) Only one secondary handgun may be carried at a time.
- (c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

Moorhead Police Department

Moorhead PD Policy Manual

Firearms

- (f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.
- (g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.
- (h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

306.3.4 AMMUNITION

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

306.3.5 OFF-DUTY FIREARMS

The carrying of firearms by licensed officers while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Licensed officers who choose to carry a firearm while off-duty, based upon their authority as a peace officer, will be required to meet the following guidelines:

- (a) The firearm shall be of good quality and workmanship and approved by the Department.
- (b) The purchase of the firearm and ammunition shall be the responsibility of the officer.
- (c) The firearm shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (d) It will be the responsibility of the officer to submit the firearm to the Rangemaster for inspection prior to being carried. Thereafter the firearm shall be subject to periodic inspection by the Rangemaster. Prior to carrying any off-duty firearm, the officer shall demonstrate to the Rangemaster that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.
- (e) The officer will successfully qualify under range supervision prior to carrying and thereafter will qualify in accordance with the department qualification schedule. Officers must demonstrate proficiency, safe handling, and that the firearm functions properly.

Moorhead Police Department

Moorhead PD Policy Manual

Firearms

- (f) A complete description of the firearm shall be contained on the qualification record approved by the Rangemaster.
- (g) If any member desires to use more than one firearm while off-duty, he/she may do so, as long as the officer meets all the requirements set forth in this policy for each firearm used.
- (h) Officers shall only carry department authorized ammunition.
- (i) When armed, whether on- or off-duty, officers shall carry their badge and department identification.

306.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

306.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

306.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster.

306.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep

Moorhead Police Department

Moorhead PD Policy Manual

Firearms

them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Minn. Stat. § 609.666; Minn. Stat. § 609.378).

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms (Minn. Stat. § 626.8452). Officers will also receive training on this policy, including the learning objectives as provided by POST, at least annually (Minn. Stat. § 626.8452, Subd. 3).

Members will qualify with off-duty and secondary firearms annually.

Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

Firearms

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER (TM) device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.7.4 REPORTING FIREARMS DISCHARGE

The Chief of Police shall notify the Commissioner of Public Safety within 30 days of an on-duty firearm discharge, except when the discharge is in the course of training or destruction of animals (described in this policy). The notification shall contain information concerning the reason for and circumstances surrounding the discharge (Minn. Stat. § 626.553).

Firearms

306.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or privately owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Moorhead Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Moorhead Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If

Moorhead Police Department

Moorhead PD Policy Manual

Firearms

approved, TSA will send the Moorhead Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Moorhead Police Department identification card whenever carrying such weapon.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property,

installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (Minn. Stat. § 626.8458 Subd. 1).

307.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit (Minn. Stat. § 626.8458 Subd. 1).

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement pursuit (Minn. Stat. § 626.8458 Subd. 2 (2)).

307.2 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Vehicle Pursuits

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Spikes or tack strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

Vehicle pursuit - An event in which a peace officer initiates a vehicular stop and a driver resists the signal or order to stop by increasing speed, taking evasive action or otherwise refusing to stop the vehicle.

307.3 OFFICER RESPONSIBILITIES

It is the policy of this department that a vehicle pursuit shall be conducted with at least one flashing red warning lamp visible from the front and a siren that is sounded when necessary to warn pedestrians or other drivers (Minn. Stat. § 169.17 and Minn. Stat. § 169.68).

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons, and does not protect the driver from the consequences of a reckless disregard for the safety of others.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit (Minn. Stat. § 626.8458 Subd. 2(2); Minn. R. § 6700.2701):

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (f) Pursuing officer's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

Vehicle Pursuits

- (g) Weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) Age of the suspect and occupants.
- (l) Availability of other resources, such as aircraft assistance.
- (m) The police unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit (Minn. Stat. § 626.8458 Subd. 2 (2); Minn. R. § 6700.2701):

- (a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) Pursuit vehicle suffers an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.

Vehicle Pursuits

- (e) Extended pursuits of violators for misdemeanors not involving abuse or risk of serious harm (independent of the pursuit) are discouraged.
- (f) Hazards to uninvolved bystanders or motorists.
- (g) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (h) When directed to terminate the pursuit by a supervisor.
- (i) When radio communications are broken or inadequate.
- (j) When the danger that the continued pursuit poses to the public, the officers or the suspect is too great, balanced against the risk of allowing the suspect to remain at large.

307.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.4 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor). However, the number of units involved will vary with the circumstances (Minn. R. § 6700.2701 (B)).

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit whenever practicable. Unmarked vehicles should avoid becoming involved in pursuits except in cases of violent offenses whenever practicable.

307.4.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practicable.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles may provide support to pursuing units as long as their vehicle is operated in compliance with all traffic laws.

307.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to him/herself or other persons (Minn. Stat. § 626.8458 Subd. 2 (4)).

The primary unit should notify the Dispatch Center, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of occupants.
- (f) The identity or description of the known occupants.
- (g) Weather, road and traffic conditions.
- (h) Identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.
- (j) Request for medical assistance for any person injured in the course of the pursuit (Minn. Stat. § 626.8458 Subd. 2 (6); Minn. R. § 6700.2701).

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics (Minn. R. § 6700.2701).

307.4.4 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following (Minn. R. § 6700.2701):

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serve as backup to the primary unit once the subject has been stopped.

307.4.5 PURSUIT DRIVING TACTICS

The decision to use or not use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit (Minn. Stat. § 626.8458 Subd. 2 (3)):

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Officers may proceed past a red, or stop signal, or stop sign but only after slowing down and utilizing a flashing red lamp or siren as may be necessary for safe operation (Minn. Stat. § 169.03, Subd. 2).
- (c) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway, or freeway (Minn. Stat. § 169.03). In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Request assistance from an available air unit.
 - 2. Maintain visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 3. Request other units to observe exits available to the suspects.
- (d) Notify the Minnesota State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit, and a clear understanding of the maneuver process exists between the involved officers.

307.4.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary unit, secondary unit and supervisor should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

307.4.7 PURSUIT TRAILING

In the event the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term "trail" means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

307.4.8 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider whether the participation of an aircraft warrants their continued involvement in the pursuit (Minn. Stat. § 626.8458 Subd. 2 (4)).

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit should recommend terminating the pursuit.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department (Minn. Stat. § 626.8458 Subd. 2 (4); Minn. R. § 6700.2701).

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notify involved officers and the Dispatch Center of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Department guidelines.
- (b) Engage in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercise management and control of the pursuit even if not engaged in it.
- (d) Ensure that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Direct that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensure that aircraft assistance is requested if available.
- (g) Ensure that the proper radio channel is being used.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

- (h) Ensure the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage MPD units when a pursuit enters another jurisdiction.
- (j) Prepare a post-pursuit critique and analysis of the pursuit for training purposes.

307.5.1 SHIFT COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command (Minn. Stat. § 626.8458 Subd. 2 (4); Minn. R. § 6700.2701).

The Shift Commander shall review all pertinent reports for content and forward them to the Division Commander.

307.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units (Minn. R. § 6700.2701).

307.6.1 THE DISPATCH CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Dispatch Center will be responsible for the following (Minn. Stat. § 626.8458 Subd. 2 (4)):

- (a) Coordinate pursuit communications of the involved units and personnel.
- (b) Notify and coordinate with other involved or affected agencies as practicable.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Assign an incident number and log all pursuit activities.
- (e) Broadcast pursuit updates as well as other pertinent information as necessary.
- (f) Notify the Shift Commander as soon as practicable.

307.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.7 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to the dispatcher and to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist (Minn. Stat. § 626.8458 Subd. 2 (5); Minn. R. § 6700.2701).

If a pursuit from another agency enters the Department's jurisdiction, the Dispatch Center should update the on-duty supervisor.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Moorhead Police Department officers will discontinue the pursuit when another agency has assumed the pursuit unless continued assistance of the Moorhead Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

As soon as practicable, a supervisor or the Shift Commander should review a request for assistance from another agency. The Shift Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by officers of this department will terminate at the City limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the outside agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes (stop sticks), blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

307.8.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor, excluding the use of road spikes (stop sticks). In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision (Minn. Stat. § 626.8458 Subd. 2; Minn. R. § 6700.2701).

It is imperative that officers act within legal bounds using good judgment and accepted practices.

307.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.8.3 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to Department policies guiding such use. Officers who have not received Department-approved training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the PIT will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
 - 3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) Spike strips should be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Prior to the deployment of spike strips, the officer shall notify pursuing units and the supervisor of the intent and location. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting

Vehicle Pursuits

children officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

307.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate local and state regulations. The Records Manager shall ensure the appropriate forms are filed with the Department of Public Safety within 30 days (Minn. Stat. § 626.5532):

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) The primary officer or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining available information, the on-duty field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or designee. This memo should minimally contain the following information (Minn. Stat. § 626.5532):
 - 1. Date and time of pursuit.
 - 2. Length of pursuit in distance and time.
 - 3. Involved units and officers.
 - 4. Initial reason and circumstances surrounding the pursuit.
 - 5. Starting and termination points.
 - 6. Alleged offense, charges filed or disposition: arrest, citation or other release.
 - 7. Arrestee information should be provided if applicable.
 - 8. Injuries and/or property damage.
 - 9. Medical treatment.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Pursuits

10. The outcome of the pursuit.
 11. Name of supervisor handling or at the scene.
 12. A preliminary determination that the pursuit appears to be in compliance with this policy or additional review and/or follow-up is warranted.
- (d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or designee shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.
- (e) Annually, the Chief of Police should direct a documented review and analysis of Department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all licensed non-exempt employees will participate, no less than annually, in regular and periodic training on this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

The Training Manager shall ensure the frequency and content of emergency vehicle operations and vehicle pursuit training meets or exceeds that required by law (Minn. Stat. § 626.8458 Subd. 5; Minn. R. § 6700.2702).

307.9.2 POLICY REVIEW

Each licensed member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

307.9.3 YEARLY CERTIFICATION

This policy shall be reviewed and certified to the state annually that it complies with requirements of any new or revised model policy adopted by the state (Minn. Stat. § 626.8458 Subd. 3).

307.9.4 PUBLIC DISCLOSURE

Copies of the current pursuit policy shall be made available to the public on request.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

The State of Minnesota finds that emergency vehicle operations are an integral part of law enforcement's commitment to public safety. This policy provides for the safe and appropriate response to all emergency and non-emergency situations (Minn. Stat. § 626.8458, Subd. 1).

308.2 RESPONSE TO CALLS

308.2.1 RESPONSE TO EMERGENCY CALLS

Officers responding to an emergency call shall proceed immediately as appropriate. Officers responding to an emergency call shall sound the siren or display at least one lighted red light to the front of the vehicle. Whenever practicable, during an emergency call response the officer should continuously operate emergency lighting equipment and sound the siren (Minn. Stat. § 169.03 et seq.; Minn. Stat. § 169.17).

Responding with a red light, emergency lighting and/or siren does not relieve the operator of an authorized emergency vehicle or a law enforcement vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others. The use of any other warning equipment without emergency lights and siren does not provide an exemption under Minnesota law (Minn. Stat. § 169.17).

Officers should only respond with a red light, emergency lights and/or siren when so dispatched or when circumstances reasonably indicate an emergency response is appropriate. Officers not responding with a red light, emergency lights and/or siren shall observe all traffic laws.

308.2.2 LIGHTING EXEMPTION OF LAW ENFORCEMENT VEHICLES

An officer may operate a vehicle without lights as otherwise required while performing law enforcement duties when the officer reasonably believes that operating the vehicle without lights is necessary to investigate a criminal violation or suspected criminal violation of state laws, rules or orders, or local laws, ordinances or regulations. The operation of a vehicle without lights must be consistent with the standards adopted by Minnesota Peace officer Standards and Training Board (POST) (Minn. Stat. § 169.541).

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify the Dispatch Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number

Moorhead Police Department

Moorhead PD Policy Manual

Officer Response to Calls

- The location
- The reason for the request and type of emergency
- The number of units required

308.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to an emergency as an emergency call response. The Shift Commander or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

308.4 INITIATING EMERGENCY CALL RESPONSE

If an officer believes an emergency call response to any call is appropriate, the officer shall immediately notify the Dispatch Center. Emergency responses of more than one unit should include, if circumstances reasonably permit, coordination of the response of the second responding unit by the Dispatch Center to avoid unanticipated intersecting of response routes.

308.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. During a response to an emergency call officers may (Minn. Stat. § 169.03; Minn. Stat. § 169.17):

- (a) Proceed cautiously past a red or stop signal or stop sign but only after slowing down and utilizing a red light or siren as may be necessary for safe operation.
- (b) Exceed any speed limits, provided this does not endanger life or property.
- (c) Disregard regulations governing direction of movement or turning in specified directions as authorized by law.
- (d) Disregard regulations governing parking or standing when using a warning lamp.

The decision to continue an emergency call response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Dispatch Center. An officer shall also discontinue an emergency call response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency call response is appropriate, an officer shall immediately give the location from which he/she is responding.

When emergency vehicles are on the scene of an emergency and pose any hazard, or when the vehicle operators seek exemption to park, stop or stand contrary to any law or ordinance pursuant to Minn. Stat. § 169.541, adequate warning lights shall be operated whenever practicable.

Officer Response to Calls

308.6 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency call response, the Shift Commander or the field supervisor should consider the following:

- The type of call or crime involved.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

308.7 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency call response and respond accordingly. The officer shall notify the Shift Commander, field supervisor or the Dispatch Center of the equipment failure so that another unit may be assigned to the emergency response.

308.8 TRAINING

The Training Manager shall ensure the frequency and content of emergency vehicle operations training meets or exceeds that required by law (Minn. Stat. § 626.8458).

308.9 POLICY

It is the policy of this department to appropriately respond to emergency and nonemergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Moorhead Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Shift Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Commander.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

Canines

309.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Shift Commander.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Moorhead Police Department

Moorhead PD Policy Manual

Canines

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Canines

309.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If reasonably feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when reasonably practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as reasonably practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from dangerous dog registration, impoundment, and reporting requirements (Minn. Stat. § 347.51, Subd. 4).

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation the following guidelines apply.

- (a) Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

Moorhead Police Department

Moorhead PD Policy Manual

Canines

- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

Canines

309.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in a single-family residence .
- (c) A garage that can be secured and accommodate a canine vehicle.
- (d) Living within 30 minutes travel time from the Moorhead Police Department (Take home vehicle available locally only as allowed by the Chief).
- (e) Agreeing to be assigned to the position for a minimum of five years.

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days the assigned canine vehicle should be stored at the Moorhead Police Department facility.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home the gate shall be secured with a lock. When off-duty the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Commander.
- (i) When off-duty the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Commander.
- (j) Whenever a canine handler is off-duty for an extended number of days it may be necessary to temporarily relocate the canine. In those situations the handler shall give

Canines

reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.10 GENERAL RULES FOR MOORHEAD POLICE PERSONNEL

Due to the responsibilities and liabilities involved with the deployment of a canine team, Moorhead Police personnel are expected to adhere to:

- (a) Personnel, other than handlers; shall not open nor reach into a Moorhead Police canine vehicle while a canine is present.
- (b) Personnel shall not agitate a Moorhead Police Canine at any time except for training purposes at the handler's direction.
- (c) Personnel, except handler, shall not feed a Moorhead Police Canine without permission.
- (d) Personnel should not run in front of or away from a police canine. If pursued by a police canine personnel shall stop and remain motionless until a handler takes control of the canine.
- (e) Personnel will heed the directions of handlers when the canine unit is involved in a specific incident and it is necessary for a handler to direct personnel in a tactical situation.

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

309.12 TRAINING

Before assignment in the field each canine team shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/

Moorhead Police Department

Moorhead PD Policy Manual

Canines

or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Commander.

309.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Moorhead Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Moorhead Police Department may work with outside trainers with the applicable licenses or permits.

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with federal laws and if they comply with applicable state requirements (21 USC § 823(f)).

Moorhead Police Department

Moorhead PD Policy Manual

Canines

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Moorhead Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

309.12.7 EXPLOSIVE TRAINING AIDS

Officers may own, possess, or use explosives or destructive devices in compliance with state and federal laws (Minn. Stat. § 609.668, Subd. 3(a)(1); Minn. Stat. § 609.668 Subd. 4; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever reasonably feasible. Due to the safety concerns in the handling and transportation of explosives,

Moorhead Police Department

Moorhead PD Policy Manual

inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Domestic Abuse

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent, and reduce domestic abuse through vigorous enforcement and to address domestic abuse as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic abuse.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic abuse, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic abuse - Commission of any of the following if committed against a family or household member by another family or household member (Minn. Stat. § 518B.01, Subd. 2):

- (a) Actual or fear of imminent physical harm, bodily injury, or assault
- (b) Threats of violence with intent to terrorize as specified by Minn. Stat. § 609.713, Subd.1.
- (c) Criminal sexual conduct (Minn. Stat. § 609.342 to Minn. Stat. § 609.3451)
- (d) Interference with an emergency call as specified by Minn. Stat. § 609.78, Subd.2.

310.2 POLICY

The Moorhead Police Department's response to incidents of domestic abuse and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic abuse is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic abuse cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic abuse cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic abuse and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

Moorhead Police Department

Moorhead PD Policy Manual

Domestic Abuse

- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the primary officer, or shift supervisor to assign an officer if the primary officer is not available, in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.

Moorhead Police Department

Moorhead PD Policy Manual

Domestic Abuse

10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail (Minn. Stat. § 629.72 Subd. 6).
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.
- (d) Complete a danger assessment and include this information with your report.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.4.3 UNUSUAL STATUS CIRCUMSTANCES

Any domestic abuse incident that involves an employee from any law enforcement agency will require supervisory oversight and review after briefing from investigating officers while still at the scene. Actions to consider by the supervisor include:

- (a) Responding to the scene.
- (b) If employed by this department, immediately placing the involved MPD employee on administrative leave pending further review.
- (c) Notification of another agency's ranking on-duty officer of an arrest of another agency's employee or that the employee is sought in relation to a crime.

Domestic abuse incidents involving a person whose status warrants special consideration should be immediately brought to a supervisor's attention for appropriate review and oversight. All information will be documented in appropriate reports and reviewed by the involved supervisor.

310.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected.

Domestic Abuse

- (a) Victims should be provided with the department's domestic abuse information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complains of pain, officers should seek medical assistance as soon as practicable.
- (e) Officers should ask the victim whether he/she has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers should seek or assist the victim in obtaining an emergency order.

310.6 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic abuse cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.7 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Domestic Abuse

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.8 LEGAL MANDATES AND RELEVANT LAWS

Minnesota law provides for the following:

310.8.1 STANDARDS FOR ARRESTS

Officers investigating a domestic abuse report should consider the following:

- (a) An officer has the authority to arrest a person without a warrant, including at the person's residence, if the peace officer has probable cause to believe that the person has, within the preceding 72 hours, exclusive of the day probable cause was established, assaulted, threatened with a dangerous weapon, or placed in fear of immediate bodily harm any person covered by the "family or household member" definition, even if the assault did not rise to the level of a felony or did not take place in the presence of the peace officer (Minn. Stat. § 629.34; Minn. Stat. § 629.341).
- (b) Officers should generally not make dual arrests but may make an arrest of a primary aggressor. Where there are allegations that each party assaulted the other, the officer shall determine whether there is sufficient evidence to conclude that one of the parties was the primary aggressor based on the following criteria and the officer's judgment (Minn. Stat. § 629.342, Subd. 2):
 - 1. Comparative extent of any injuries inflicted
 - 2. Fear of physical injury because of past or present threats
 - 3. Actions taken in self-defense or to protect oneself
 - 4. History of domestic abuse perpetrated by one party against the other
 - 5. Existence or previous existence of an order for protection
- (c) An officer shall not issue a citation in lieu of arrest and detention to an individual charged with any of the following offenses (Minn. Stat. § 629.72):
 - 1. Stalking
 - 2. Domestic abuse
 - 3. Violation of an order for protection
 - 4. Violation of a domestic abuse no contact order
- (d) The Shift Commander will determine whether a person arrested on a charge of stalking any person, domestic abuse, violation of an order for protection, violation of a domestic abuse no contact order, or violation of a court-ordered transfer of firearms will be held in custody or be issued a citation in lieu of continued detention and released after booking. The person shall be held in custody whenever the Shift Commander determines that it reasonably appears the release of the person (Minn. Stat. § 629.72):
 - 1. Poses a threat to the alleged victim or another family or household member.

Moorhead Police Department

Moorhead PD Policy Manual

Domestic Abuse

2. Poses a threat to public safety.
 3. Involves a substantial likelihood that the arrested person will fail to appear at subsequent proceedings.
- (e) Officers shall arrest and take into custody, without a warrant, a person whom the peace officer has probable cause to believe has violated a court order issued pursuant to Minn. Stat. § 518B.01 or Minn. Stat. § 629.75. Such an arrest shall be made even if the violation of the order did not take place in the presence of the peace officer, if the officer can verify the existence of the order. If the person is not released on citation in lieu of continuing detention, the person shall be held in custody for these violations for at least 36 hours unless released by a court (Minn. Stat. § 518B.01; Minn. Stat. § 629.75).
- (f) An arrest for a violation of an order of protection may be made regardless of whether the excluded party was invited back to the residence (Minn. Stat. § 518B.01, Subd. 18).
- (g) Following an arrest, an officer may contact the local domestic abuse program by phone as soon as possible and provide the name and address of the victim and a brief factual account of events associated with the action. In all cases, reports detailing domestic violence incidents are forwarded to program advocates as soon as they become available.
- (h) An officer shall arrest and take into custody a person whom the officer has probable cause to believe has violated a harassment restraining order, pursuant to Minn. Stat. § 609.748, if the officer can verify the existence of the order.
- (i) Officers are authorized to make an arrest without a warrant when there is probable cause to believe the person has violated the provisions of any other no contact or restraining order issued by a court, even if the offense did not rise to the level of a felony (Minn. Stat. § 629.34). While conducting a domestic abuse investigation officers shall attempt to verify whether there has been a court order issued.
- (j) Officers should consider whether other offenses have been committed that may not qualify as a domestic abuse including, but not limited to, burglary, felony assault, other threats of violence, kidnapping, false imprisonment, witness tampering, trespassing, criminal damage to property, disorderly conduct, or assault.

310.8.2 REPORTS AND RECORDS

- (a) Officers should include information related to the following in a report, as applicable (Minn. Stat. § 629.341):
1. Names, addresses, and telephone numbers of all involved persons
 2. Condition of clothing
 3. Description of the scene, including any property damage
 4. Evidence of physical injury, including strangulation
 5. Presence of elderly victims or persons with disabilities
 6. Facts related to any person who may have been a primary aggressor

7. Excited utterances of the victim and the suspect
 8. Demeanor of the victim and the suspect
 9. Medical records, including the victim's statements to paramedics, nurses, and doctors
 10. Detailed statements of interviews of witnesses, including children, who may have been present, noting any language barriers
 11. A detailed explanation of the reasons for the officer's decision not to arrest or seek an arrest warrant
 12. Evidence of any prior domestic abuse or related convictions, including dates
 13. Any existing orders for protection, harassment restraining order, or no contact orders
 14. Identifying information of a specific court order violated, including county of origin, the file number, and the provision allegedly violated
- (b) Domestic abuse reports should be forwarded to the appropriate prosecutor for review and consideration of criminal charges, even when no arrest is made or warrant requested.
- (c) If a child was present at the scene of a domestic abuse incident or was the victim of domestic abuse, the officer should determine whether the child has been subjected to physical abuse, sexual abuse, or neglect, and comply with the mandatory reporting requirements of Minn. Stat. § 260E.06 et seq.
1. The officer shall also attempt to verify whether there has been an order for protection issued under Minn. Stat. § 260C.201 and take appropriate action.
- (d) Fees will not be charged for the release of reports related to domestic abuse, as directed in Minn. Stat. § 13.82.

310.8.3 SERVICE OF COURT ORDERS

Officers, when reasonably safe and in a position to do so, shall serve copies or short forms of court orders as directed in Minn. Stat. § 518B.01 and Minn. Stat. § 609.748.

310.8.4 COURT-ORDERED FIREARM SURRENDERS

Although not required, this department generally will accept firearms surrendered by a court order from an abusing party or defendant. A decision to refuse a surrendered firearm should be approved by a supervisor.

Firearms will normally be surrendered at the Moorhead Police Department; however, when encountering someone in the field who wishes to surrender a firearm, officers should make reasonable efforts to accommodate the request.

Surrendered firearms should be collected and submitted to the Property and Evidence Section in accordance with the Property and Evidence Section Policy.

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Moorhead Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Moorhead Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances reasonably permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.
 3. The officer should attempt to record the search on a Mobile Video Recorder or Body Camera if practicable.
 4. Describe in the report the steps taken in conducting the search.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer
- If any recordings of the search exist.

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Moorhead Police Department (34 USC § 11133; Minn. Stat. § 260B.176; Minn. Stat. § 260C.176).

This policy does not apply to secure detention facilities, shelter care facilities, or the juvenile portion of an adult facility authorized to hold juveniles, but rather applies to the temporary custody of a juvenile before a juvenile is released, delivered to a court, or delivered to any of these other facilities (Minn. Stat. § 260B.176, Subd. 3; Minn. Stat. § 260C.176, Subd. 3).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Custodian or Guardian - A person who is under a legal obligation or who is in fact providing care and support for a minor (Minn. Stat. § 260B.007, Subd. 13; Minn. Stat. § 260C.007, Subd. 10).

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes those held as runaways (Minn. Stat. § 260C.175), truancy violators (Minn. Stat. § 260C.143), and juveniles 15 years old or younger in custody related to their engaging in prostitution or related activities (Minn. Stat. § 260B.007 Subd. 6(c)). This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes possession of a handgun in violation of Minn. Stat. § 624.713 (28 CFR 31.303). This does not include a juvenile petty offender under Minn. Stat. § 260B.007.

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring, and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Moorhead Police Department

Moorhead PD Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include underage possession of tobacco or curfew violation. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. Juvenile petty offenders taken into custody should be considered a status offender for purposes of this policy (Minn. Stat. § 260B.007; Minn. Stat. § 260B.143).

312.2 POLICY

The Moorhead Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Moorhead Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Moorhead Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Moorhead Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed.

312.3.1 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

The arresting officer should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior that may indicate the juvenile may harm him/herself while in custody.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Moorhead Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Moorhead Police Department without authorization of the arresting officer's supervisor or the Shift Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Moorhead Police Department (34 USC § 11133).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Moorhead Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible (Minn. Stat. § 260B.175; Minn. Stat. § 260C.143; Minn. Stat. § 260C.176). Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

Juveniles detained for truancy violations may be (Minn. Stat. § 260C.143):

- (a) Transported to the juvenile's home and released to a parent or guardian.
- (b) Transported to the juvenile's school of enrollment and delivered to the school superintendent or a teacher.
- (c) Transported to a child truancy center under Minn. Stat. § 260A.04, Subd. 3.

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

Moorhead Police Department

Moorhead PD Policy Manual

Temporary Custody of Juveniles

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Moorhead Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally juvenile offenders may be taken into custody under the authority of Minn. Stat. § 260B.175 when a court order authorizes the custody, when the juvenile has committed an offense that would warrant the arrest of an adult, or when it is reasonably believed that the child has violated the terms of probation, parole, or other field supervision.

An officer who takes a juvenile offender of any age or gender into custody or could take the juvenile into custody under Minn. Stat. § 260B.175 is authorized to perform a protective pat-down search of the juvenile offender in order to protect the officer's safety (Minn. Stat. § 260B.175, Subd. 4).

The parent, guardian, or custodian of the juvenile shall be notified as soon as possible when a juvenile offender is taken into custody. Juvenile offenders shall be released to the custody of a parent, guardian, custodian, or other suitable person unless there is reason to believe that the juvenile would (Minn. Stat. § 260B.176):

- (a) Endanger him/herself or others.
- (b) Not return for a court hearing.
- (c) Run away from or otherwise not remain in the care or control of his/her parent, guardian, or custodian.
- (d) Face immediate endangerment to his/her health or welfare.

If a juvenile offender is not released to a parent, guardian, custodian, or other suitable person, the officer taking the juvenile offender into custody shall notify the court as soon as possible of the detention of the juvenile and the reasons for detention (Minn. Stat. § 260B.176).

312.4.4 SCHOOL NOTIFICATION

Minnesota law requires that the Chief of Police or the authorized designee notify the superintendent or chief administrative officer of a juvenile's school of an incident occurring within our jurisdiction if (Minn. Stat. § 260B.171, Subd. 5):

- (a) There is probable cause to believe a juvenile has committed an offense that would be a crime if committed as an adult, where the victim is a student or staff member and the notice is reasonably necessary for the protection of the victim.
- (b) There is probable cause to believe a juvenile has committed certain serious crimes regardless of whether the victim is a student or staff member.
- (c) The juvenile is taken into protective custody and methamphetamine manufacture or storage is involved (see the Child Abuse Policy for guidelines) (see also, Minn. Stat. § 260C.171)

However, the department is not required to notify the school if it is determined that notice would jeopardize an ongoing investigation.

Temporary Custody of Juveniles

312.5 ADVISEMENTS

When a juvenile is taken into custody on a warrant, the juvenile and his/her parent, guardian, or custodian, if present, shall immediately be informed of the existence of the warrant for immediate custody and, as soon as practicable, of the reasons why the juvenile is being taken into custody (Minnesota Rules of Juvenile Delinquency Procedure 4.03, Subd. 10).

If it is determined that a juvenile taken into custody is going to be placed into a secure detention facility or a shelter care facility, the officer shall advise both the juvenile and the juvenile's parent, guardian, or custodian as soon as possible (Minn. Stat. § 260B.176, Subd. 3; Minn. Stat. § 260C.176, Subd. 3):

- (a) Of the reasons for custody and the reasons for placement.
- (b) Of the location of the facility unless there is reason to believe that disclosure would place the juvenile's health and welfare in immediate endangerment. If so, the disclosure shall not be made (Minn. Stat. § 260B.176, Subd. 5).
- (c) That the juvenile's parent, guardian, or custodian and attorney or guardian ad litem may make an initial visit to the facility at any time. Subsequent visits may also be made on a reasonable basis.
- (d) That the juvenile may telephone parents and an attorney or guardian ad litem immediately after being admitted to the facility and thereafter on a reasonable basis.
- (e) That the juvenile may not be detained for acts under Minn. Stat. § 260B.007, Subd. 6 for longer than 36 hours excluding weekends and holidays unless a petition has been filed pursuant to Minn. Stat. § 260B.178.
- (f) That the juvenile may not be detained under Minn. Stat. § 260C.175, Subd. 1, clause (1) or (2), item (ii) longer than 72 hours at a shelter care facility excluding weekends and holidays unless a petition has been filed pursuant to Minn. Stat. § 260C.178.
- (g) That the juvenile may not be detained for acts under Minn. Stat. § 260B.007, Subd. 6 for longer than 24 hours in an adult jail or municipal lockup excluding weekends and holidays or longer than six hours if the adult jail or municipal lockup is a standard metropolitan statistical area, unless a petition has been filed pursuant to Minn. Stat. § 260B.178 and a motion made to refer the juvenile for adult prosecution.
- (h) Of the date, time, and place of the detention hearing, if this information is available.
- (i) That the juvenile and the juvenile's parent, guardian, or custodian have the right to be present and to be represented by counsel, at the detention hearing and that if they cannot afford counsel it will be appointed at public expense.

312.6 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile or status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Moorhead Police

Temporary Custody of Juveniles

Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Moorhead Police Department shall ensure the following:

- (a) The Shift Commander should be notified if it is anticipated that a juvenile may need to remain at the Moorhead Police Department more than four hours. This will enable the Shift Commander to ensure no juvenile is held at the Moorhead Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian, and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

Temporary Custody of Juveniles

312.8 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Moorhead Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

312.9 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Minn. Stat. § 260B.181). Shift Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is or later becomes a reasonable option.

When reasonably practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

312.9.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by a staff member shall occur no less than every 15 minutes.

Moorhead Police Department

Moorhead PD Policy Manual

Temporary Custody of Juveniles

1. All checks shall be logged.
 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.10 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Shift Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Moorhead Police Department. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Investigation Division Supervisor.
- (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City attorney.
- (e) Evidence preservation.

312.11 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent and does consent to an interview or interrogation.

312.12 RESTRICTION ON PHOTOGRAPHING

Photographing of juveniles taken into custody will only occur with the consent of the juvenile court, except when the photograph is taken related to a violation of driving while impaired or is taken pursuant to the laws of arrest (Minn. Stat. § 260B.171, Subd. 5; Minn. Stat. § 260B.175; Minn. Stat. § 169A.20).

Adult Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Moorhead Police Department members as required by law (Minn. Stat. § 626.557).

313.1.1 DEFINITIONS

Definitions related to this policy include (Minn. Stat. § 626.5572):

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

313.2 POLICY

The Moorhead Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

313.3 MANDATORY NOTIFICATION

Members of the Moorhead Police Department shall notify the entity responsible for receiving such reports when they have reason to believe that a vulnerable adult is being or has been maltreated, or has sustained a physical injury which is not reasonably explained. Members shall also report suspected negligent care by a service or health care provider that resulted in injury or harm requiring the care of a physician (Minn. Stat. § 626.557).

For purposes of notification, a vulnerable adult is a person age 18 or older who has physical, mental or emotional disabilities that make it difficult for the person to care for or to protect him/herself from maltreatment. It also refers to adults who reside at a facility, or receive care at a facility or through home care (Minn. Stat. § 626.5572).

Maltreatment includes abuse, neglect and financial exploitation. Abuse can be physical, emotional or sexual. Financial exploitation may include any instance where vulnerable adults' money, assets or property are not used for their benefit or are stolen or kept from them (see Minn. Stat. § 626.5572 for full definitions).

313.3.1 NOTIFICATION PROCEDURE

Oral notification should be made as soon as possible, but in all cases within 24 hours (Minn. Stat. § 626.557; Minn. Stat. § 626.5572). To the extent possible, the following should be included in the notification:

- (a) The identity of the vulnerable adult and any caregiver
- (b) The nature and extent of the suspected maltreatment
- (c) Any evidence of previous maltreatment

Moorhead Police Department

Moorhead PD Policy Manual

Adult Abuse

- (d) The name and addresses of the person initiating the report or other witnesses
- (e) The time, date, and location of the incident
- (f) Any other information that might be helpful in investigating the suspected maltreatment

If notification of maltreatment is first made to the Moorhead Police Department, the member receiving the notification shall complete and forward the intake form to the entity responsible for receiving such reports.

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Minn. Stat. § 626.5571).

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. Investigations should be initiated as soon as possible, but in all cases within 24 hours (Minn. Stat. § 626.557).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

Adult Abuse

- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

Assigned members shall initiate an investigation of vulnerable adult abuse as soon as possible, but in all cases within 24 hours when there is reason to believe a crime has been committed (Minn. Stat. § 626.557).

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact an appropriate protective services agency. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to an appropriate protective services agency or medical facility.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When

Adult Abuse

practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including the applicable adult protective services agency, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime

Adult Abuse

scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Bureau supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

Minnesota requires or permits the following:

313.10.1 RECORDS BUREAU RESPONSIBILITIES

The Records Bureau is responsible for:

- (a) Providing a copy of the adult abuse report to the applicable entity in the county responsible for receiving such reports as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

313.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Minn. Stat. § 626.557).

313.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY

The Moorhead Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate, discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Moorhead PD Policy Manual

Discriminatory Harassment

314.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Minnesota Department of Human Rights.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

314.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel Director, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Moorhead Police Department

Moorhead PD Policy Manual

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Personnel Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

314.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel Director, or the City Manager for further information, direction, or clarification.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all

Moorhead Police Department

Moorhead PD Policy Manual

Discriminatory Harassment

complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Personnel Director or the City Manager.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- (a) Approved by the Chief of Police, the City Manager, or the Personnel Director, depending on the ranks of the involved parties.
- (b) Maintained in accordance with the established records retention schedule.

314.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

314.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. Child Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Moorhead Police Department members are required to notify the county social services agency of suspected child abuse.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse (also known as maltreatment of minors) - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency (Minn. Stat. § 260E.03; Minn. Stat. § 260E.06).

315.2 POLICY

The Moorhead Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the county social services agency is notified as required by law.

315.3 MANDATORY NOTIFICATION

Members of the Moorhead Police Department shall notify the county social services agency when they have reason to believe any of the following may have occurred or when someone reports any of the following (Minn. Stat. § 260E.06):

- (a) A child is being neglected or has been neglected within the preceding three years.
- (b) A child is being physically abused or has been physically abused within the preceding three years by a person responsible for the child's care.
- (c) A child is being sexually abused, threatened with sexual abuse, or has been sexually abused within the preceding three years by a person responsible for the child's care, by a person who has a significant relationship to the child, or by a person in a position of authority.

Stat. § 260E.03, subd. 15; Minn. Stat. § 260E.31).

Notification is mandatory for any acts of neglect, physical abuse, and sexual abuse that constitute a crime, whether or not the suspect had any relationship to or responsibility for the child (Minn. Stat. § 260E.12).

For purposes of notification, physical abuse includes injuries, mental injuries, or injuries that cannot be reasonably explained (e.g., punching, kicking, burning). Sexual abuse includes criminal

sexual conduct and prostitution offenses. Neglect includes failure to supply a child with necessary clothing, shelter, or medical care. See Minn. Stat. § 260E.03 for full definitions of physical abuse, sexual abuse, and neglect.

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Minn. Stat. § 260E.09):

- (a) The member tasked with the investigation shall call the county social services agency and report the alleged abuse as soon as possible but always within 24 hours. The time of the call and the name of the person should be documented.
- (b) Notification, when possible, should include:
 - 1. The child's current location and whether the child is in immediate danger.
 - 2. A description of when and where the incident occurred and what happened to the child.
 - 3. A description of the injuries or present condition of the child.
 - 4. The names and addresses of the child, parents, or caregivers.
 - 5. Whether there were any witnesses to the incident and their names.
 - 6. Any additional information about the child, family, or caregivers that may be helpful.
 - 7. Whether the incident occurred in a licensed facility or a school and what actions the facility employees may have taken.
 - 8. Whether there are immediate family, relative, or community resources that would offer protection or support to the child.
- (c) Forms that may be required by the county social services agency or other written notification shall be completed and faxed or delivered to the county social services agency as soon as possible but always within 72 hours, exclusive of weekends and holidays.
- (d) Approved investigation reports should be forwarded to the county social services agency as soon as practical.
- (e) When the child abuse occurred at a facility or by a person from a facility that requires a state license or a profession that requires a state license (e.g., foster homes, group homes, day care, educator), notification shall also be made to the agency responsible for licensing the facility or person (Minn. Stat. § 260E.11).

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.

Child Abuse

- (d) Coordinate with other enforcement agencies, social service agencies, and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the county social services agency. Generally, removal of a child from his/her family,

Moorhead Police Department

Moorhead PD Policy Manual

Child Abuse

guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the county social services agency.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (Minn. Stat. § 260C.175):

- (a) When a court has issued an order for removal.
- (b) When a child is found in surroundings or conditions that pose an imminent threat to the child's health or welfare or that a peace officer reasonably believes pose an imminent threat to the child's health or welfare.
- (c) If an Indian child is a resident of a reservation or is domiciled on a reservation but temporarily located off the reservation, taking the child into custody under this clause shall be consistent with the Indian Child Welfare Act (25 USC § 1922).

315.6.1 NOTICE TO PARENT OR CUSTODIAN

Whenever an officer takes a child into protective custody, the officer shall notify the parent or custodian that he/she may request that the child be placed with a relative or a designated caregiver instead of in a shelter care facility. The officer also shall give the parent or custodian a list, published by the Minnesota Department of Human Services, of names, addresses and telephone numbers of social services agencies that offer child welfare services. If the parent or custodian was not present when the child was removed from the residence, the list shall be left with an adult who is on the premises or left in a conspicuous place on the premises if no adult is present. If the officer has reason to believe the parent or custodian is not able to read and understand English, the officer must provide a list that is written in the language of the parent or custodian (Minn. Stat. § 260C.175; Minn. Stat. § 260C.181).

The above notifications may be made by the county social services agency representative if he/she is at the scene.

315.6.2 SAFE PLACE FOR NEWBORNS

A person may leave an unharmed newborn less than seven days old with the staff of a hospital, urgent care facility or ambulance service without being subject to prosecution (Minn. Stat. §

Child Abuse

609.3785). The responsible social service agency is charged with addressing these matters but may contact law enforcement if child abuse is suspected (Minn. Stat. § 145.902; Minn. Stat. § 609.3785).

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING ABUSE VICTIMS FOR INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.7.3 NOTIFICATION TO PARENTS

Generally, officers should cooperate with parents and guardians and seek consent prior to conducting interviews of children. However, when reasonably necessary, state law grants officers the authority to interview a child who is the alleged victim of abuse or neglect, and any other children who currently reside or have resided with the alleged victim, without parental consent (Minn. Stat. § 260E.22, Subd. 1).

The interview may take place at school or at any facility or other place where the alleged victim or other children might be found, or the child may be transported to, and the interview conducted at, a place that is appropriate for the interview and has been designated by the local welfare agency or law enforcement agency. The interview may take place outside the presence of the alleged offender or parent, legal custodian, guardian, or school official (Minn. Stat. § 260E.22).

Child Abuse

The officer shall notify the parent, legal custodian, or guardian that the interview occurred as soon as reasonably practicable after the interview, unless the juvenile court has determined that reasonable cause exists to withhold the information (Minn. Stat. § 260E.22).

315.7.4 INTERVIEWS AT SCHOOL

If officers assigned to investigate a report of maltreatment determine that an interview should take place on school property, written notification of the intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property (Minn. Stat. § 260E.22, Subd. 7).

The investigating officer shall determine who may attend the interview, although school officials may set reasonable conditions as to the time, place, and manner of the interview (Minn. Stat. § 260E.22, Subd. 7).

315.7.5 DOCUMENTING AND RECORDING INTERVIEWS

Any statement made by an alleged child abuse victim during the course of a criminal investigation shall be documented. The documentation of the interview must contain, at a minimum (Minn. Stat. § 260E.23):

- (a) The date, time, place, and duration of the interview.
- (b) The identity of the persons present at the interview.
- (c) A summary of the information obtained during the interview if it was not audio recorded.

Members should follow the written guidelines of the county attorney's office regarding recording interviews of a child abuse victim.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

Moorhead Police Department

Moorhead PD Policy Manual

Child Abuse

315.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county social services agency, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

315.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Bureau supervisor so an interagency response can begin.

315.9.3 SCHOOL NOTIFICATION

If a juvenile is taken into protective custody after being found in an area where methamphetamine was being manufactured or attempted to be manufactured, or where any chemical substances, paraphernalia or waste products related to methamphetamine are stored, the officer who took the juvenile into custody shall notify the chief administrative officer of the juvenile's school (Minn. Stat. § 260C.171, Subd. 6).

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

Minnesota requires or permits the following:

315.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Minn. Stat. § 260E.35).

315.10.2 CHILD MORTALITY REVIEW PANELS

Child mortality review panels are entitled to access all investigative information of law enforcement agencies regarding the death of a child. This department shall cooperate fully with any such team and investigation (Minn. Stat. § 256.01, Subd. 12).

Child Abuse

315.10.3 COORDINATION WITH SOCIAL SERVICES

In every case of child abuse that would require notification to a local county social services agency, the investigating officer shall coordinate the planning and execution of the investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. The investigating officer shall prepare a report separate from the social services agency (Minn. Stat. § 260E.12; Minn. Stat. § 260E.14, Subd. 5).

Members may disclose the status of an individual as a predatory offender to a child protection worker who is conducting an assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs under Chapter 260E (Minn. Stat. § 243.166).

315.10.4 NOTIFICATION PROCESS

The Patrol Supervisor is responsible for ensuring the mandatory notifications to the county social service agency are carried out. This should be achieved, in part, by establishing and reviewing related procedures and through ongoing training (Minn. Stat. § 260E.01 et seq.).

315.10.5 COURT-ORDERED FIREARM SURRENDERS

Although not required, this department generally will accept firearms surrendered by a court order from an abusing party or defendant. A decision to refuse a surrendered firearm should be approved by a supervisor.

Firearms will normally be surrendered at the Moorhead Police Department; however, when encountering someone in the field who wishes to surrender a firearm, officers should make reasonable efforts to accommodate the request.

Surrendered firearms should be collected and submitted to the Property and Evidence Section in accordance with the Property and Evidence Section Policy.

315.11 TRAINING

The Investigation's Division Commander should coordinate training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

317.3.1 EMPLOYEE RESPONSIBILITIES

Employees of the Moorhead Police Department should notify their supervisor, Shift Commander or Detective Bureau Supervisor as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

317.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor apprised of the need for a public alert is responsible to make the appropriate notifications based upon the circumstances of each situation. Public Alerts

partnership between the community, the media and law enforcement through the Minnesota Crime Alert Network (Minn. Stat. § 299A.61 Subd. 1).

317.4.1 CRITERIA

Any non-familial case in which an individual is abducted and the public can assist will trigger the activation of either the AMBER Alert and/or the Minnesota Crime Alert Network (MCAN) to inform the public and request its assistance in locating the individual.

The criteria for issuance of an Amber Alert are as follows:

- (a) A child 17 years of age or younger was abducted and there is reason to believe the victim is in imminent danger of serious bodily injury or death.
- (b) There is information available to disseminate to the general public that could assist with the safe recovery of the victim and/or the apprehension of the suspect.

An AMBER Alert should not be requested if there is no information to distribute.

317.4.2 PROCEDURE

The supervisor shall review the AMBER Alert checklist provided by the Bureau of Criminal Apprehension (BCA) to determine whether the abduction meets the AMBER Alert criteria.

As soon as possible, Records Bureau personnel shall enter the child's name and other critical data into the National Crime Information Center (NCIC), with appropriate flags.

If the AMBER Alert criteria is met, the supervisor, Shift Commander or Detective Bureau supervisor will notify the Operations Center at the BCA. BCA will manage press notifications through the EAS.

As additional information becomes available, the BCA shall be apprised and they will disseminate the information, as appropriate.

When the child is found, or the alert should be cancelled for other reasons, the Detective Bureau supervisor shall immediately notify BCA with the pertinent information.

317.5 MINNESOTA CRIME ALERT NETWORK

MCAN is a statewide communications network that enables law enforcement agencies to quickly alert the public (Minn. Stat. § 299A.61). Law enforcement agencies, businesses, schools and community members participate in the network.

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Moorhead Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

320.1.1 STANDARDS OF CONDUCT FOR PEACE OFFICERS

The Moorhead Police Department adopts the Professional Conduct of Peace Officers model policy established and published by the Minnesota Board of Peace Officer Standards and Training Board (POST) (Minn. Stat. § 626.8457). This model policy applies to all peace officers of this department.

[See attachment: MN POST Professional Conduct of Peace Officers Model Policy.pdf](#)

The provisions of this policy are in addition to collective bargaining agreements or any other applicable law (see generally Minn. R. 6700.1500).

The Department shall report annually to POST any data regarding the investigation and disposition of cases involving alleged misconduct of officers (Minn. Stat. § 626.8457, Subd. 3).

320.2 POLICY

The continued employment or appointment of every member of the Moorhead Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or

Standards of Conduct

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

The following are illustrative of causes for disciplinary action. This list is not intended to cover every possible type of misconduct and does not preclude the recommendation of disciplinary action

Handwritten forms and documents must be prepared legibly. If it is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit it. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense and any actions taken. 322.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

322.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing (Such as citations). In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for Department consistency.

322.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state, federal, and other official agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever reasonably possible, in accordance with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance.

The Department may, at the discretion of the Chief of Police, establish an agreement with another agency to (Minn. Stat. § 626.76 Subd. 1):

325.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Commander's office for approval. Any such response to assist an outside agency may be considered for authorization regardless of whether an agreement for reciprocal aid under Minn. Stat. § 626.76, Subd. 1 exists. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

Moorhead Police Department

Moorhead PD Policy Manual

Outside Agency Assistance

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

325.3.1 AGREEMENTS

- (b) Exchange department peace officers with peace officers of another agency on a temporary basis.

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Moorhead Police Department shall notify his/her supervisor or the Shift Commander and the Dispatch Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

325.4 REQUESTING OUTSIDE ASSISTANCE

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

325.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Commander.

325.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

Registered Predatory Offender

326.2 POLICY

It is the policy of the Moorhead Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

326.3 REGISTRATION

The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Bureau of Criminal Apprehension (BCA) in accordance with Minn. Stat. § 243.166 within three days of the registration. Registration and updated information from a person who lacks a primary residence shall be forwarded within two business days. Updated primary address information from any registered predatory offender shall also be forwarded within two business days (Minn. Stat. § 243.166).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

326.3.1 REGISTRATION PROCESS

When an offender arrives to register with this department, the assigned investigator should:

- (a) Determine in what state the offense was committed.
- (b) Confirm the individual is required to register by reviewing the list of Minnesota offenses on the BCA's Predatory Offender Registration website or in the BCA Predatory Offender Registration (POR) Manual that is available on the BCA's secure website.
- (c) If a person is required to register, search the BCA's secure website to verify whether the offender is already registered and a DNA sample has been submitted.
- (d) If the offender is already registered, complete a Change of Information Form (available on the BCA's secure website).

Moorhead Police Department

Moorhead PD Policy Manual

Registered Predatory Offender

- (e) If the offender is not registered, complete an initial POR Form (available at BCA's secure website).
- (f) If the offender is from another state, contact the state (information for each state is listed on the BCA's website) and request a copy of the offender's original registration form, criminal complaint and sentencing documents.
 - 1. Documents obtained should be submitted to the BCA with a registration form.
 - 2. The BCA will determine if registration is required and inform the department and the offender.

Additional information regarding offender registration is available in the POR Manual or by contacting the Predatory Offender Unit by phone or through the BCA secure website.

326.3.2 GUIDELINES AND FORMS

The registration process shall be in accordance with Minn. Stat. § 243.166 and follow the guidelines implemented by the BCA. Forms used in the registration process are available from the secure website operated by the BCA.

326.3.3 NOTIFICATION TO REGISTRANTS

The registration process established by the Detective Bureau supervisor should include procedures for determining whether an individual requires notification of his/her requirement to register because the individual was not otherwise notified of the requirement by the sentencing court or assigned a corrections agent (Minn. Stat. § 243.166).

326.4 MONITORING OF REGISTERED OFFENDERS

The Detective Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the BCA secure website or the Department of Corrections Offender Information (DOC) website.
- (c) Contact with a registrant's parole or probation officer, if any.

Any discrepancies should be reported to BCA in writing.

The Detective Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Moorhead Police Department personnel who have a need to know, including timely updates regarding new or relocated registrants.

326.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not make a public notification advising the community of a particular registrant's presence in the community without permission from the Chief of Police. Members who believe notification is appropriate should promptly advise their supervisor. The supervisor should evaluate

the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police based on statutory requirements, with the assistance of legal counsel as necessary, whether such a public alert should be made.

The Records Manager shall release local registered offender information to residents in accordance with state law (Minn. Stat. § 244.052; Minn. Stat. § 243.166, Subd. 7; Minn. Stat. § 13.01 et seq.) and in compliance with a Minnesota Government Data Practices Act request.

Stat. § 243.166, Subd. 4b) (refer to the DOC documents, "Law Enforcement Agency Fact Sheet Health Care Facility Notification Data on a Registered Offender Not For Distribution to Facility Residents" and "Law Enforcement Agency Fact Sheet Health Care Facility Notification Data on a Registered Offender For Distribution to Facility Residents" or other DOC guidance):

- (a) Name and physical description of the offender
- (b) Offender's conviction history, including the dates of conviction
- (c) Risk level assigned to the offender, if any
- (d) Profile of likely victims

326.5.6 SPECIALIZED NOTIFICATION

Offenders from other states and offenders released from federal facilities are also subject to notification (Minn. Stat. § 244.052, Subd. 3a):

- (a) If this department learns that a person under its jurisdiction is subject to registration and desires consultation on whether the person is eligible for notification, the Department must contact the DOC. The DOC will review the governing law of the other state and, if comparable to Minnesota requirements, inform this department whether to proceed with community notification in accordance with the level assigned by the other state.
- (b) If the DOC determines that the governing law in the other state is not comparable, community notification by this department may be made consistent with that authorized for risk Level 2.
- (c) If this department believes that a risk level assessment is needed, the Department may request an end-of-confinement review. The Department shall provide to the DOC the necessary documents required to assess a person for a risk level.

326.5.7 VICTIM NOTIFICATION

If a predatory offender resides, expects to reside, is employed or is regularly found in this jurisdiction, the Department shall provide victims who have requested notification with data that is relevant and necessary to protect the victim. Information disclosed should be obtained from the risk assessment report provided by DOC (Minn. § Stat. 244.052, Subd. 3).

The DOC will provide victim contact data to this department when there is a victim who has requested notification (refer to the DOC document "Victim Data Confidential for Law Enforcement Agency Use Only").

It may be appropriate for members of the Department to directly contact the victim. Community victim advocacy or prosecutor resources may also be available to assist with locating and notifying a victim. Assistance is also available from the DOC victim services staff.

Members of the Department may contact other victims, witnesses and other individuals who are likely to be victimized by the offender.

326.5.8 HOMELESS NOTIFICATION PROCESS

If public notice (Level 2 or 3) is required on a registered homeless offender, that notice should be as specific as possible. These offenders are required to check in weekly with local law enforcement, unless an alternative reporting procedure is approved by the Detective Bureau supervisor (Minn. Stat. § 243.166, Subd. 3a).

326.5.9 LIMITATIONS OF RELEASE OF DATA

Disclosures permitted or required for Level 2 or 3 offenders shall not be made if the offender is placed or resides in a DOC-licensed residential facility. Upon notification that the offender is released to a permanent address, the disclosures permitted or required by law shall be made (Minn. Stat. § 244.052, Subd. 4). Data regarding the victim or witnesses shall not be disclosed (Minn. Stat. § 244.052, Subd. 4(e)).

Registered Predatory Offender

The broadest disclosures authorized under Minn. Stat. § 244.052, Subd. 4 may still be made for certain offenders (sexually dangerous persons or persons with a sexual psychopathic personality) even though still residing in a residential facility (Minn. Stat. § 253D.32, Subd. 1).

326.6 DISCLOSURE TO LOCAL WELFARE AGENCY

Upon request, members may disclose the status of an individual as a predatory offender to a child protection worker who is conducting an assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs under Chapter 260E (Minn. Stat. § 243.166).

Major Incident Notification

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

327.2 POLICY

The Moorhead Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

327.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all inclusive:

- Homicides.
- Traffic collisions with fatalities.
- Officer-involved shooting, whether on- or off-duty (See Officer-Involved Shootings and Deaths Policy for special notifications).
- Significant injury or death to an employee, whether on- or off-duty.
- Death of a prominent Moorhead official.
- Arrest of Department employee or prominent Moorhead official.
- Aircraft crash with major damage and/or injury or death.
- In-custody deaths.
- Barricaded suspects and/or hostage situations.
- SWAT Call-outs including Hostage Negotiations and Bomb Disposal Units.
- Any other incident, which has or is likely to attract significant media attention.

327.4 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander is responsible for making the appropriate notifications. The Shift Commander shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Shift Commander shall attempt to make the notifications as soon as practicable. Notification should be made to the Deputy Chief who will be responsible for further notifications so the Shift Commander can return to supervision without delay.

Moorhead Police Department

Moorhead PD Policy Manual

Major Incident Notification

327.4.1 STAFF NOTIFICATION

In the event an incident occurs as identified in the Minimum Criteria for Notification, the Deputy Chief of Police shall be notified.

If the incident requires that an officer or investigator respond from home, the immediate supervisor of the appropriate detail shall be contacted.

327.4.3 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

327.4.4 PATROL SUMMARY

A Patrol Summary shall be completed for each shift to pass along information to each shift and the chain of command. The information originates with officers and they are required to notify their supervisor of any of the following:

- (a) All felony crimes / arrests
- (b) Any serious incidents occurring in the City of Moorhead or surrounding areas that may have an impact in the City of Moorhead
- (c) Any employee injuries or City of Moorhead property damage
- (d) Any incidents that may generate media attention by the type of dispatch, persons involved, type of call, or if media was present at the scene

The supervisor will then complete a shift summary before going off-shift and disseminate it through electronic means.

Death Investigation

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations and the use of appropriate resources and evidence gathering techniques is critical.

329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases unless the death is obvious (e.g., decapitated or decomposed). Peace officers are not authorized to pronounce death unless they are also Coroners or deputy coroners. A supervisor shall be notified in all death investigations.

329.2.1 MEDICAL EXAMINER REQUEST

The Medical Examiner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes, including, but not limited to (Minn. Stat. § 390.11):

- (a) Unnatural deaths, including violent deaths arising from homicide, suicide or accident.
- (b) Deaths due to a fire or associated with burns or chemical, electrical or radiation injury.
- (c) Unexplained or unexpected perinatal and postpartum maternal deaths.
- (d) Deaths under suspicious, unusual or unexpected circumstances.
- (e) Deaths of persons whose bodies are to be cremated or otherwise disposed of so that the bodies will later be unavailable for examination.
- (f) Deaths of inmates of public institutions and persons in custody of law enforcement officers who have not been hospitalized primarily for organic disease.
- (g) Deaths that occur during, in association with or as the result of diagnostic, therapeutic or anesthetic procedures.
- (h) Deaths due to culpable neglect.
- (i) Stillbirths of 20 weeks or longer gestation unattended by a physician.
- (j) Sudden deaths of persons not affected by recognizable disease.
- (k) Unexpected deaths of persons notwithstanding a history of underlying disease.
- (l) Deaths in which a fracture of a major bone, such as a femur, humerus or tibia, has occurred within the past six months.
- (m) Deaths unattended by a physician occurring outside of a licensed health care facility or licensed residential hospice program.

Death Investigation

- (n) Deaths of persons not seen by their physician within 120 days of demise.
- (o) Deaths of persons occurring in an emergency department.
- (p) Stillbirths or deaths of newborn infants in which there has been maternal use of or exposure to unprescribed controlled substances, including street drugs, or in which there is a history or evidence of maternal trauma.
- (q) Unexpected deaths of children.
- (r) Solid organ donors.
- (s) Unidentified bodies.
- (t) Skeletonized remains.
- (u) Unexpected deaths occurring within 24 hours of arrival at a health care facility.
- (v) Deaths associated with the decedent's employment.
- (w) Deaths of non-registered hospice patients or patients in non-licensed hospice programs.
- (x) Deaths attributable to acts of terrorism.

329.2.2 SEARCHING DEAD BODIES

The Medical Examiner or his/her assistants and authorized investigators are generally the only persons permitted to move, handle or search a dead body (Minn. Stat. § 390.221). In cases involving the Moorhead Police Department, the Medical Examiner is not located in the area.

Officers shall be in contact with the Medical Examiner's Office to perform law enforcement functions related to the investigation and disturbance of the body in accordance with procedures established by the Medical Examiner's Office

An officer shall make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for information identifying the individual as an organ donor or as an individual who made a refusal. If a donor document is located, the Medical Examiner shall be promptly notified (Minn. Stat. § 525A.12).

Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner, the investigating officer shall first obtain verbal consent from the Medical Examiner.

The Medical Examiner is required to release property or articles to law enforcement that are necessary for conducting an investigation unless reasonable basis exists pursuant to Minn. Stat. § 390.225 Subd. 2 to not release the property or articles (Minn. Stat. § 390.221).

Whenever reasonably possible, a witness, preferably a relative of the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer, pending the arrival of the Medical Examiner.

Moorhead Police Department

Moorhead PD Policy Manual

Death Investigation

The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Medical Examiner, a receipt shall be obtained. This receipt shall be attached to the death report.

329.2.3 DEATH NOTIFICATION

When practicable, and if not handled by the Medical Examiner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned investigators may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and the location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained (Minn. Stat. § 390.25 Subd. 2 (b)).

This department shall immediately notify the state fire marshal or Moorhead's chief officer (if that position exists) when a human death results from a fire, (Minn. Stat. § 299F.04 Subd. 5 (b)).

329.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner will issue a "John Doe" or "Jane Doe" number for the report.

329.2.5 UNIDENTIFIED BODIES DATA ENTRY

As soon as reasonably possible, but no later than 30 working days after the date a death is reported to the Department, any information or items pertaining to identifying features of the unidentified body, dental records, fingerprints, any unusual physical characteristics, description of clothing or personal belongings found on or with the body, that are in the possession of MPD shall be forwarded to the Medical Examiner for transmission to the BCA for eventual entry into systems designed to assist in the identification process, such as the Missing Children and Missing Persons Information Clearinghouse and the National Crime Information Center (NCIC) files (Minn. Stat. § 390.25 Subd. 2 (a)).

329.2.6 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

329.2.7 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene and the Detective Bureau shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Detective Bureau Supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

Moorhead Police Department

Moorhead PD Policy Manual

Death Investigation

The investigator of a homicide or suspicious-circumstances death may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests and provide a report with the costs borne by the Department (Minn. Stat. § 390.251).

329.2.8 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment, should ensure that the nearest office of the Minnesota Department of Labor and Industry is notified with all pertinent information.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) To assist the public with initiating an investigation, officers presented with the crime of identity theft shall complete a report for crimes occurring in this jurisdiction or for victims who reside within this jurisdiction irrespective of where the crime occurred (Minn. Stat. § 609.527 Subd. 5).
 - 1. For any crime not occurring in this jurisdiction with a victim who does not reside within this jurisdiction, the officer may either:
 - (a) Complete a courtesy report to be forwarded to the victim's residence agency.
 - (b) Encourage the victim to promptly report the identity theft to the law enforcement agency where he/she resides.
 - (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere but the credit card fraud occurred and is reported in this jurisdiction).
 - (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
 - (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and the Department of Public Safety's Driver and Vehicle Services Division) with all known report numbers.
 - (e) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

330.3 PREVENTATIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report as allowed by law (Minn. Stat. § 13C.016 Subd. 2). A victim may also access the Minnesota Attorney General's office for additional detailed information.

Identity Theft

330.4 VICTIM DATA

The victim may be provided the Consent to Create an FBI Identity Theft File Form and a Notice About Providing Your Social Security Number. An employee who receives these completed forms from a victim should complete a BCA ID Theft Security Information Declaration form. These completed forms should be submitted to the Records Bureau for appropriate filing and entry into the NCIC Identity Theft File. Forms and details are available on the BCA identity theft website.

330.5 INFORMATION

The victim should also be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online or by telephone. Additional information may be found at the U.S. Department of Justice (USDOJ) website.

Private Persons Arrests

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests (citizen's arrest) made pursuant to Minn. Stat. § 629.30 Subd. 2 (4).

331.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

All officers shall advise civilians of the right to make a private person's arrest, when appropriate, including advice on how to safely execute such an arrest. In all situations, officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.
- (c) Private individuals shall be informed of the requirement to take the arrested person before a judge or to a peace officer without unnecessary delay (Minn. Stat. § 629.39).

331.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (Minn. Stat. § 629.37):

- (a) For a public offense committed or attempted in his/her presence.
- (b) When the person arrested has committed a felony, although not in his/her presence.
- (c) When a felony has been committed and he/she has reasonable cause for believing the person to be arrested committed the felony.
- (d) When directed by a judge or a peace officer to arrest another person (Minn. Stat. § 629.403).

331.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

331.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must sign a citation (unless a long form complaint is needed) and provide an audio recorded statement detailing the circumstances. If the person fails or refuses to do so, the arrest subject shall be released unless the officer has an independent reason to take the person into custody.

In addition, the investigating officer should complete a thorough investigation collecting evidence, taking photographs, obtaining other witness statements that support the allegations and complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

332.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations. This includes individuals who, because of difficulty in speaking or comprehending the English language, cannot fully understand any charges made against them, the seizure of their property, or they are incapable of presenting or assisting in the presentation of a defense (Minn. Stat. § 611.31).

Qualified bilingual member - A member of the Moorhead Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

332.2 POLICY

It is the policy of the Moorhead Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

Limited English Proficiency Services

332.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Moorhead Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Commander and Communications Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

Limited English Proficiency Services

332.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

332.5 TYPES OF LEP ASSISTANCE AVAILABLE

Moorhead Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

332.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

332.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

Limited English Proficiency Services

332.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

332.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

332.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.

Moorhead Police Department

Moorhead PD Policy Manual

Limited English Proficiency Services

- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

332.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

332.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

332.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Moorhead Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

332.11.1 EMERGENCY CALLS TO 9-1-1

This department is a member in a multi-agency shared dispatch center known as the Red River Regional Dispatch Center (RRRDC) that has its own policies and procedures that are approved

Moorhead Police Department

Moorhead PD Policy Manual

Limited English Proficiency Services

by the Board of Authority. The center has designated its 9-1-1 lines as its top priority for language services. RRRDC personnel will make every reasonable effort to promptly accommodate such LEP individuals utilizing 9-1-1 lines through any or all of the above resources.

While 9-1-1 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this department by utilizing all the methods listed above.

See RRRDC policies for further information on LEP communications.

332.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

332.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

Limited English Proficiency Services

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

332.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.14.1 OTHER TIMING AND NOTIFICATION MANDATES

The investigating or arresting officer shall immediately make necessary contacts to get an authorized interpreter for an in-custody LEP person at the earliest possible time in order to assist the person throughout the interrogation or taking of a statement. This applies even when the interrogation will be conducted by a bilingual member (Minn. Stat. § 611.32).

The following shall be explained to the LEP person with the assistance of the authorized interpreter (Minn. Stat. § 611.32):

- (a) All charges filed against the person
- (b) All procedures relating to the person's detainment and release
- (c) In the case of any seizure under the provisions of the Asset Forfeiture Policy:
 - 1. The possible consequences of the seizure
 - 2. The person's right to judicial review

332.14.2 OATH

Every authorized interpreter shall be administered and take the following oath prior to assisting in taking a statement related to a criminal matter from an in-custody LEP person (Min. Stat. § 611.33):

"I will make, to the best of my skill and judgment, a true interpretation to the disabled person being examined of all the proceedings, in a language which said person understands, and to repeat the statements, in the English language, of said person to the officials before whom the proceeding is taking place."

332.15 BOOKINGS

Bookings for arrestees of the Moorhead Police Department are completed by the Clay County Sheriff's Department Jail Staff. If Moorhead Officers participate or assist the following guidelines apply:

Limited English Proficiency Services

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

332.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

332.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

332.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

332.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and

Moorhead Police Department

Moorhead PD Policy Manual

Limited English Proficiency Services

understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

333.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102). This includes those who, because of a hearing, speech or other communication disorder, cannot fully understand any charges made against them, the seizure of their property or they are incapable of presenting or assisting in the presentation of a defense (Minn. Stat. § 611.31).

Qualified Interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

333.2 POLICY

It is the policy of the Moorhead Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

333.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

Moorhead Police Department

Moorhead PD Policy Manual

Communications with Persons with Disabilities

- (a) Working with the City ADA coordinator regarding the Moorhead Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Commander and Communications Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
 - 3. Type of services provided
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

333.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

Communications with Persons with Disabilities

- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However in an emergency availability may factor into the type of aid used.

333.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation when a member knows or suspects an individual requires assistance to effectively communicate the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include for example exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Moorhead Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

333.6 TYPES OF ASSISTANCE AVAILABLE

Moorhead Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

Moorhead Police Department

Moorhead PD Policy Manual

Communications with Persons with Disabilities

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

333.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

333.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available by some means, even remotely, within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

333.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time as needed for effective communication due to the slower nature of TTY and TDD communications.

Moorhead Police Department

Moorhead PD Policy Manual

Communications with Persons with Disabilities

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

333.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist approved community volunteers who have demonstrated competence may be called upon when appropriate. However department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

333.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

333.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

Communications with Persons with Disabilities

333.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

333.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

333.14 CUSTODIAL INTERROGATIONS

In an effort to ensure the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist. The use of a video

Moorhead Police Department

Moorhead PD Policy Manual

Communications with Persons with Disabilities

remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

To ensure that communications during custodial investigations are accurately documented and are admissible as evidence, as with all custodial interviews, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.14.1 OTHER TIMING AND NOTIFICATION MANDATES

The investigating or arresting officer shall immediately make necessary contacts to get a qualified interpreter for a person in custody at the earliest possible time (Minn. Stat. § 611.32).

The following shall be explained with the assistance of the qualified interpreter (Minn. Stat. § 611.32):

- (a) All charges filed against the person
- (b) All procedures relating to the person's detainment and release
- (c) In the case of any seizure under the Asset Forfeiture Policy:
 - 1. The possible consequences of the seizure
 - 2. The person's right to judicial review

333.14.2 OATH

Every qualified interpreter shall be administered and take the following oath prior to assisting in taking a statement related to a criminal matter from an in-custody deaf or hard of hearing person (Minn. Stat. § 611.33):

"I will make, to the best of my skill and judgment, a true interpretation to the disabled person being examined of all the proceedings, in a language which said person understands, and to repeat the statements, in the English language, of said person to the officials before whom the proceeding is taking place."

333.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If

Communications with Persons with Disabilities

necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

333.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

333.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

333.18.1 CALL-TAKER TRAINING

This department is a member in a multi-agency shared dispatch center known as the Red River Regional Dispatch Center (RRRDC) that has its own policies and procedures that are approved by the Board of Authority. The RRRDC maintains standards on TTY/TDY equipment and protocols.

Pupil Arrest Reporting

335.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

335.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested, the arresting officer shall include the necessary information in the report to ensure that the Records Bureau notifies the chief administrative officer of the school, or an appropriate designee, of the pupil's arrest.

If there is probable cause to believe an incident involved alcohol or a controlled substance, the arresting officer shall include the appropriate information in their report to assist in school notification. The Juvenile Bureau shall ensure the form is distributed to the chemical abuse pre-assessment team of the school within two weeks of the occurrence (Minn. Stat. § 121A.28).

335.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

335.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

335.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting officer's responsibility to ensure the parents or guardian of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented including the charges against the pupil and the location of where the pupil will be taken.

Biological Samples

336.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

336.2 POLICY

The Moorhead Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

336.3 PERSONS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION

The following persons must submit a biological sample:

- (a) Adults who are subject to a court order requiring a biological sample after sentencing (Minn. Stat. § 609.117).
- (b) Juveniles who are subject to a court order requiring a biological sample after being adjudicated delinquent (Minn. Stat. § 609.117).

336.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

336.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to Minn. Stat. § 609.117.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the person's criminal history. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the Minnesota Bureau of Criminal Apprehension to perform the collection and take steps to avoid cross contamination.

336.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order or approval

Biological Samples

of legal counsel and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

336.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

Chaplains may not proselytize or attempt to recruit members of the department or the public into a religious affiliation while on-duty unless the receiving person has solicited spiritual guidance or teaching. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions and follow-up provided while functioning as a chaplain for the Moorhead Police Department.

337.7 CLERGY-PENITENT CONFIDENTIALITY

No person who provides chaplain services to members of the department may work or volunteer for the Moorhead Police Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the department member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the department chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Moorhead Police Department employees concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

- (h) Chaplains shall serve only within the jurisdiction of the Moorhead Police Department unless otherwise authorized by the Chief of Police or designee.
- (i) Each chaplain shall have access to current personnel rosters, addresses, telephone numbers, duty assignments and other information that may assist in his/her duties. Such information will be considered private; each chaplain will exercise appropriate security measures to prevent distribution of the data.

337.9.1 UNIFORMS AND BADGES

A distinct uniform, identification and the necessary safety equipment will be provided for the chaplains. This uniform may be similar to that worn by the personnel of this department.

337.10 TRAINING

The Department will establish a minimum number of training hours and standards for department chaplains. The training may include stress management, death notifications, post traumatic stress syndrome, burnout for officers and chaplains, legal liability and privacy, ethics, responding to crisis situations, the law enforcement family, substance abuse, suicide, officer injury or death, and sensitivity and diversity, as approved by the Training Manager.

Child and Dependent Adult Safety

338.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or vulnerable adult investigation. These are covered in the Child Abuse and Adult Abuse.

338.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Moorhead Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

338.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Moorhead Police Department

Moorhead PD Policy Manual

Child and Dependent Adult Safety

338.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the county social services agency, if appropriate.
- (e) Notify the field supervisor or Shift Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

338.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

338.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee should document the following information about the dependent adult:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

338.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

338.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service entity to determine whether protective custody is appropriate (Minn. Stat. § 260C.007; Minn. Stat. § 260C.175).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Moorhead Police Department

Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

338.5 TRAINING

The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

339.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Moorhead Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

339.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

339.2 POLICY

It is the policy of the Moorhead Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

339.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Moorhead Police Department affords to all members of the public (see generally Minn. Stat. § 256C.02; Minn. Stat. § 363A.19).

339.3.1 REMOVAL

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability.

Moorhead Police Department

Moorhead PD Policy Manual

Service Animals

339.3.2 INQUIRY

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

339.3.3 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

339.3.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice or the Minnesota Department of Human Rights.

339.4 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Examples of the ways service animals may be used to provide assistance include:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.

Off-Duty Law Enforcement Actions

342.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Moorhead Police Department with respect taking law enforcement action while off-duty.

342.2 POLICY

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any licensed member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

342.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

342.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, Oleoresin Capsicum (OC) spray or a baton.

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible instead of immediately intervening.

342.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if reasonably possible.

Whenever reasonably practicable, the officer should loudly and repeatedly identify him/herself as an Moorhead Police Department officer until acknowledged. Official identification should also be displayed.

342.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

342.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and reasonably practicable.

342.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

342.5 REPORTING

Any officer, prior to taking any off-duty law enforcement action, as practicable shall notify and receive approval of an Moorhead Police Department supervisor (or other applicable enforcement authority if acting outside the jurisdiction of the Moorhead Police Department). The Shift Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Department Use of Social Media

343.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by department members (see the Employee Speech, Expression and Social Networking Policy).
- Use of social media in personnel processes (see the Recruitment and Selection Policy).
- Use of social media as part of a criminal investigation, other than disseminating information to the public on behalf of this department (see the Investigation and Prosecution Policy).

343.1.1 DEFINITIONS

Definitions related to this policy include:

Social media - Any of a wide array of Internet-based tools and platforms that allow for the sharing of information, such as the department website or social networking services.

343.2 POLICY

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-organization cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Moorhead, respond to calls for assistance, act as a deterrent to crime, enforce state, local and, when authorized or empowered by agreement or statute, federal laws and respond to emergencies 24 hours per day, seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.

It is the goal of the Moorhead Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Detective Bureau Supervisor in a timely fashion.

Patrol Function

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-organization cooperation and information flow between the various divisions of the Moorhead Police Department.

400.2.1 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.2 PATROL BRIEFINGS

Patrol supervisors, investigators and special units are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.3 INFORMATION SHARING

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should

monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Moorhead Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

This includes use of racial or ethnic stereotypes as factors in selecting whom to stop and search. It does not include law enforcement's use of race or ethnicity to determine whether a person matches a specific description of a particular subject (Minn. Stat. § 626.8471).

401.2 POLICY

The Moorhead Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group (Minn. Stat. § 626.8471, Subd. 3).

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Moorhead Police Department

Moorhead PD Policy Manual

Bias-Based Policing

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 INFORMATION TO BE PROVIDED

Officers shall (Minn. Stat. § 626.8471, Subd. 3):

- (a) Introduce or identify themselves and state the reason for a contact as soon as practicable unless providing the information could compromise officer or public safety.
- (b) Attempt to answer questions the person may have regarding the contact, including relevant referrals to other agencies when appropriate.
- (c) Explain the reason for the contact if it is determined the reasonable suspicion was unfounded.
- (d) When requested, provide their name and badge number and identify this department during routine stops.
- (e) When requested, officers should inform a member of the public of the process to file a misconduct complaint for bias-based policing against a member of the Department, and that bias-based policing complaints may be made by calling the Attorney General's office (Minn. Stat. § 626.9514).

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.

Bias-Based Policing

- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 ADMINISTRATION

The Patrol Division Commander should review the internal and external complaints of the Department and make effort for effective oversight and appropriate training and corrections to provide fair and objective policing in consultation with the Chief of Police. Training should include coverage of Bias-Based Policing regularly.

401.7 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Section.

The Chief of Police and supervisors should receive and review training materials prepared by the Board of Peace Officer Standards and Training (POST) (Minn. Stat. § 626.8471, Subd. 7).

Training should also include in-service training on recognizing and valuing community diversity and cultural differences, including implicit bias, as required by Minn. Stat. § 626.8469, Subd. 1.

Roll Call Briefing Training

402.1 PURPOSE AND SCOPE

Roll Call Briefing training is generally conducted at the beginning of the officer's assigned shift. Roll Call Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Roll Call Briefing; however, officers may conduct Roll Call Briefing for training purposes with supervisor approval.

Roll Call Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Brief officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notify officers of changes in schedules and assignments.
- (c) Notify officers of new or changes to Departmental Directives.
- (d) Review recent incidents for training purposes.
- (e) Provide training on a variety of subjects.

402.2 PREPARATION OF MATERIALS

The supervisor conducting Roll Call Briefing is responsible for collection and preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

402.3 RETENTION OF BRIEFING TRAINING RECORDS

Roll Call Briefing training materials and a curriculum or summary shall be forwarded to the Training Manager, along with a roster, for inclusion in training records as appropriate.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Moorhead Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any licensed member of this department may assist in the enforcement of all directives of the local health officer issued for the purpose of preventing the spread of any contagious, infectious, or communicable disease (Minn. Stat. § 144.4195, Subd. 2(c)).

SWAT

404.1 PURPOSE AND SCOPE

The Red River Valley SWAT (RRVS) Team (SWAT - Special Weapons And Tactics) is comprised of four components: the Crisis Negotiation Team (CNT), Special Weapons and Tactics team (SWAT), Tactical Medics (TEMS), and the Bomb Unit. The team has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

404.2 LEVELS OF CAPABILITY/TRAINING

SWAT Team - A designated unit of law enforcement officers operating as a multi-jurisdictional team under a unified command that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts, handling of explosive devices and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

404.3 POLICY

The participating agencies involved in the RRVS include:

- Fargo Police Department
- Moorhead Police Department
- West Fargo Police Department
- Cass County Sheriff Department
- Clay County Sheriff Department
- North Dakota State University Police Department
- FM Ambulance, Lifeflight, Sanford Health (non-government)

Funding is through an established MetroCOG formula based on the population census for each government subdivision.

An existing joint powers agreement between the agencies form the team with oversight by each Chief and Sheriff. The Chief's, Sheriff's, and FM Ambulance Director designate board representatives to provide a unified representation from each participating agency and approve the team command, team selection, training, and approve budget expenses.

SWAT

404.4 TRAINING NEEDS ASSESSMENT

Officers that are interested in serving in a SWAT function apply in writing when the department has an opening. The selection process is designed and governed by the SWAT Team Command and approved by the board. Once an applicant has passed the required testing, the Chief of Police will approve/disapprove the officer's eligibility to become a SWAT team member. SWAT Command will make recommendations to the board for final approval.

Once an officer is approved for assignment to the SWAT team, the officer must then pass SWAT training bench marks, as set by SWAT Command and approved by the board, before becoming active on the team and responding to incidents as a team member. A team member can be stood down by either SWAT Command, for performance, or by the Chief of Police for just cause based on performance, conduct, or re-assignment as needed by the department. Officers that become SWAT members are expected to remain on the team for a minimum of five years due to the amount of investment in training. Requests for transfer or team retirement shall provide advanced notice as set by the team command.

404.5 UNIFORMS, EQUIPMENT AND FIREARMS

SWAT Command, as approved by the board, sets the standards for training, operational procedures, communications, and day to day administration of the team. Moorhead Police Officers assigned to the team shall be at all assigned training and call outs, unless excused by SWAT Command. Approval shall begin with the Moorhead Police Supervisor assigned to the team, if unavailable, then another team supervisor; however the absence shall be reported to the Moorhead Police SWAT Supervisor or Board Member by the absent team member.

404.6 MANAGEMENT/SUPERVISION OF SWAT

There will be three general categories of SWAT operations that occur in the City of Moorhead and all should have some level of notification/supervision:

- (a) Training Operations – If the team is training in the City of Moorhead the patrol shift supervisor should be advised on all occasions. If the training is not at a police training facility the following shall be observed:
 - 1. Police administration shall have the authority to approve/disapprove the training
 - 2. The neighborhood affected and the Red River Regional Dispatch Center shall be notified of police SWAT training; the exact location of the training, the time starting and ending training, and a contact person for the training site shall be provided.
- (b) Planned Operations – Such as high risk warrant service shall be planned with the approval of a Moorhead Police Patrol Supervisor who will keep administration abreast of information as it develops. A written operational plan will be provided, maintained, and signed by the supervisor. The patrol supervisor will ensure that any notifications needing to be made (administration, RRRDC, etc.) shall be completed.

SWAT

- (c) **Call-Out Operations** – The ranking supervisor on shift is responsible for collecting pertinent information from the scene of an incident to evaluate if the needs of that incident are beyond the capability of regular line staff and determine if there is a need to call-out RRVs. The supervisor requesting SWAT shall first attempt to contact the Moorhead SWAT supervisor for team activation. If that SWAT supervisor cannot be reached, the requesting supervisor should have direct communications with the on-call RRVs Commander, if possible, to relay a description of the situation and formally request mutual aid from SWAT. The SWAT Commander has the authority to gauge the SWAT response and/or determine if SWAT will respond at all, however; the final authority rests with the Chief of Police or his/her designee. The supervisor shall be responsible for notifying police administration of SWAT operations occurring in the City of Moorhead and will ensure that full documentation of the incident is provided.

404.6.1 PRIMARY UNIT MANAGER

The Moorhead Police are responsible for law enforcement actions within the City of Moorhead. When the RRVs team is activated for an incident, the team has its own command structure and determines appropriate tactical responses based on their training, experience, and knowledge of capabilities of the team and their equipment. However, RRVs does not act independently and shall seek approval for tactical responses from the Moorhead Police Incident Commander who has ultimate responsibility for the incident. The Incident Commander will be the supervisor that started with the incident and should remain the same throughout unless relieved by a superior officer.

The Incident Commander should refrain from becoming involved in any line level duties so they are available for coordination, communications, and management of the incident. A command post should be identified in proximity to the scene that is a safe distance from the incident and is not in sight and preferably has some cover. The Incident Commander should track locations/assignments of ALL personnel and make adjustments, all activity should be approved before action is taken, arriving personnel should be directed to Incident Command for assignment, and proper notifications to administration shall be made. The Incident Commander may delegate authority to other officers/supervisors to task certain scenes or missions and report to the Incident Commander.

404.6.2 TEAM SUPERVISORS

When an incident occurs where supervision has made the determination to call-out SWAT, officers involved in the incident shall remain assigned to that incident unless relieved by a supervisor either because the officer is no longer needed or the supervisor/Incident Commander is advising that SWAT is on-scene and the officer's position is to be taken over by a SWAT Operator. The officer should brief the Incident Commander and SWAT Operator on any pertinent information about the crime, the suspect, victims/hostages, any weapons or verbal communication, as time allows.

Prior to SWAT's arrival, officers should contain the incident by setting a perimeter. If staffing allows, an inner and outer perimeter is the best practice. Priority should be given to any injured parties, the containment of the suspect to prevent further harm, protection of crime scenes, and identification

SWAT

of victims/witnesses that need to be interviewed. An Immediate Action Team should be formed to be ready to respond to an arrest situation or an active shooter in the event this occurs before SWAT arrives on scene. The supervisor should begin documentation on the location and function of all on-scene staff while keeping officers available for other call responses, as practicable. This evaluation of staff resources should consider call-backs, shift extensions, investigators, more supervision, and other agency assistance. As soon as is practical, long term rotation of personnel planning needs to be considered taking into consideration weather conditions. Possible locations for setting up a command post to work from that is out of view and protected from the incident area should be sought out.

Officers that have established successful communications and have built a rapport with the suspect are encouraged to continue those communications. If trained negotiator(s) are on shift they shall assist the officer with communications or take over communications with the subject. The goal of the communications is ultimately the safe surrender of the suspect. During the communication, many important factors can be learned such as weapons, state of mind, injuries, victims/hostages, location of suspect in building, etc. Moorhead Police radios are programmed to receive SWAT communications but that channel shall not be used to transmit on unless directed to do so by an appropriate supervisor or if there is exigent need to provide information. Officers scanning the SWAT channel shall be mindful of anyone that could overhear the communications (media/family or friends of suspect).

404.7 CRISIS NEGOTIATION TEAM ADMINISTRATIVE PROCEDURES

When rendered safe, SWAT will demobilize and turn over the scene to the officers present. Normal investigative operations will then begin and any changes in scene command will be made known.

404.8 SWAT TEAM ADMINISTRATIVE PROCEDURES

All major incidents should end with a debriefing of personnel to ensure that information passes freely from responding officers and SWAT operators to investigative personnel. It is important that critical information be shared that may help educate and train staff or identify equipment needs or policy/procedure changes.

Ride-Along Policy

405.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for persons to experience the law enforcement function first hand. This policy provides the requirements, approval process and hours of operation for the Ride-Along Program.

405.1.1 ELIGIBILITY

The Moorhead Police Department Ride-Along Program is offered to residents, students and those employed within the City. Every reasonable attempt will be made to accommodate interested persons. Any applicant may be disqualified with or without cause from participating in the program.

- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the Department.
- Denial by any supervisor.
- Suspected criminal activity.
- Associates with known criminals, gangs, or suspected criminals.

405.1.2 AVAILABILITY

405.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by a Sergeant. The participant will complete and sign a ride-along waiver form. Information requested will include full identification, address and telephone number.

The Sergeant will schedule a date, based on availability, at least one week after the date of application. If approved, a copy of the ride-along waiver form will be forwarded to the respective Shift Commander as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

405.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: explorers, police applicants and all others with approval of the Shift Commander.

Moorhead Police Department

Moorhead PD Policy Manual

Ride-Along Policy

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

405.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Shift Commander or field supervisor may refuse a ride-along to anyone not properly dressed.

405.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the express consent of the Shift Commander. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent him/herself as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

405.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Minnesota Bureau of Criminal Apprehension Criminal History System check prior to approval (provided that the ride-along is not an employee of the Moorhead Police Department).

405.3 OFFICER'S RESPONSIBILITIES

Officers shall consider the safety of the ride-along at all times.

Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle at their home or the police department, if practicable. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride or is otherwise inappropriate should be immediately reported to the Shift Commander.

The Sergeant is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, a copy of the ride-along waiver form shall be returned to the Sergeant with any comments that may be offered by the officer.

405.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit participation and the shift supervisor shall be informed of any issues that arise. These instructions should include:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.

Moorhead Police Department

Moorhead PD Policy Manual

Ride-Along Policy

- (c) The ride-along or officer may terminate the ride at any time and the officer may return the observer to his/her home or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other person.
- (f) Under no circumstance shall a civilian ride-along be permitted to remain in a private residence with an officer if the resident expresses that they do not want them present.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees as a result of their exposure. To comply with Minnesota law, the following represents the policy of this department.

406.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - Any refuse, sludge or other waste material or combinations of refuse, sludge or other waste materials in solid, semisolid, liquid or contained gaseous form, which, because of its quantity, concentration, or chemical, physical or infectious characteristics may (Minn. Stat. § 116.06 Subd. 11):

- (a) Cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness.
- (b) Pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed of or otherwise managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment absent proper training. A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure. Those employees who enter a contaminated area must have supervisor/scene commander approval to depart from the scene to ensure an evaluation of decontamination occurs to avoid further spreading of materials.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous material. Identification can be determined by placard, driver's manifest or statements from the person transporting the material
- (b) Notify the appropriate fire department.
- (c) Provide first aid to injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate and surrounding areas dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
- (e) Contact the Minnesota Duty Officer (800-422-0798).

Hazardous Material Response

- (f) Responders should remain uphill and upwind of the hazard until a zone of entry and a decontamination area are established.

406.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in a detailed report and city employee injury report that shall be forwarded via chain of command to their Division Commander and Human Resources. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the documentation.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the appropriate fire department.

The supervisor will ensure that all the appropriate reporting and internal city documentation has been completed.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

407.2 POLICY

It is the policy of the Moorhead Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATION

A supervisor with probable cause to believe that a person is being unlawfully confined may order a telephone company to cut, reroute, or divert telephone lines for the purpose of establishing and controlling communications with a suspect (Minn. Stat. § 609.774).

Hostage and Barricade Incidents

407.4 FIRST RESPONDER CONSIDERATION

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

Hostage and Barricade Incidents

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- Provide responding emergency personnel with a safe arrival route to the location.
- Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- Coordinate pursuit or surveillance vehicles and control of travel routes.
- Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

Hostage and Barricade Incidents

- If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITY

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a SWAT response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Dispatch Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 CRISIS RESPONSE UNIT

It will be the Incident Commander's decision, with input from the SWAT Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

Hostage and Barricade Incidents

407.7 REPORTING

Unless relieved or directed by a superior officer, a supervisor involved in the incident at the scene is responsible for ensuring completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Moorhead Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Moorhead Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Commander is immediately advised and informed of the details. This will enable the Shift Commander to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 MOORHEAD POLICE DEPARTMENT FACILITY

If the bomb threat is against the Moorhead Police Department facility, the Shift Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Moorhead Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Commander deems appropriate.

Moorhead Police Department

Moorhead PD Policy Manual

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Moorhead, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied, and if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Shift Commander should be notified when police assistance is requested. The Shift Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Commander including:
 - 1. The time of discovery.

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

Moorhead Police Department

Moorhead PD Policy Manual

Response to Bomb Calls

408.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Civil Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual in protective custody and request a 72-hour hold under the Minnesota Commitment and Treatment Act (Minn. Stat. § 253B.051).

409.2 POLICY

It is the policy of the Moorhead Police Department to protect the public and individuals through legal and appropriate use of the 72-hour hold process.

409.3 AUTHORITY

An officer, having probable cause to believe that any individual because of mental illness, chemical dependency, or public intoxication is in danger of injuring him/herself or others if not immediately detained, may take, or cause to be taken, the individual to an appropriate treatment facility for a 72-hour evaluation (Minn. Stat. § 253B.051, Subd. 1).

The officer shall make written application for admission of the individual to an appropriate treatment facility. The application shall contain the officer's reasons for and circumstances under which the individual was taken into custody. If danger to specific individuals is a basis for the requested emergency hold, the statement must include identifying information for those individuals to the extent reasonably practicable. The officer shall also provide the department contact information for purposes of receiving notice if the individual is released prior to the 72-hour admission or leaves the facility without consent. The facility shall make a copy of the statement available to the individual taken into custody (Minn. Stat. § 253B.051, Subd. 1).

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 72-hour hold, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to the Minnesota Commitment and Treatment Act.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the application for a 72-hour hold, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 72-hour hold should consider, as time and circumstances reasonably permit:

Civil Commitments

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

409.5 TRANSPORTATION

When transporting any individual for a 72-hour hold, the transporting officer should have the Dispatch Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit, if necessary, and shall secure them in accordance with the Handcuffing and Restraints Policy. Preferably, the detainee should be transported in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport. The detainee shall be pat searched before before any transport.

409.5.1 TYPE OF TRANSPORTATION

When transporting any individual on a Minn. Stat. § 253B.051 admission, and if reasonably practicable, officers should not be in uniform and should not use a vehicle visibly marked as a law enforcement vehicle (Minn. Stat. § 253B.051, Subd. 1(e)).

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 72-hour hold and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

Civil Commitments

409.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for purposes of a 72-hour hold should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for a 72-hour hold has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 72-hour hold.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 72-hour hold.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a 72-hour hold, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

409.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, 72-hour holds and crisis intervention.

Citation Releases

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Moorhead Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

This policy also provides guidance on when a court orders that a person be released.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Abuse Policy.

410.2 POLICY

The Moorhead Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

410.3 RELEASE

A suspected offender shall be released on issuance of a citation:

- (a) When the offender has been arrested without a warrant and either a prosecutor or district court judge orders that the offender should be released (Minn. R. Crim. P. 4.02; Minn. R. Crim. P. 6.01).
 - 1. Release is not required if a reviewing supervisor determines that the offender should be held pursuant to Minn. R. Crim. P. 6.01 Subd. 1.
- (b) When the offender is charged with a petty or fine-only misdemeanor (Minn. R. Crim. P. 6.01).
- (c) In misdemeanor cases unless it reasonably appears to the arresting officer that the offender will (Minn. R. Crim. P. 6.01):
 - 1. Cause bodily injury to him/herself or another if he/she is not detained.
 - 2. Continue engaging in criminal conduct.
 - 3. Not respond to a citation.
- (d) When the offender is from another state which has a reciprocal agreement with Minnesota unless the offense is (Minn. Stat. § 169.91):
 - 1. One which would result in the revocation of the offender's driver's license under Minnesota law upon conviction.
 - 2. A violation of a highway weight limitation.
 - 3. A violation of a law governing the transportation of hazardous materials.
 - 4. That the offender was driving without a valid driver's license.

Citation Releases

410.4 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The offender has committed a driving while impaired (DWI) offense (Minn. Stat. § 169A.40; Minn. Stat. § 169.91).
- (b) The offender is arrested for a violation of state law or an ordinance related to the operation or registration of a vehicle punishable as a misdemeanor or felony and (Minn. Stat. § 169.91):
 - 1. The offender demands an immediate appearance before a judge.
 - 2. The offender is charged with:
 - (a) An offense involving an accident that resulted in injury or death.
 - (b) Criminal vehicular homicide.
 - (c) Failure to stop after being involved in an accident that resulted in death, personal injuries or damage to property.
 - 3. There is reasonable cause to believe that the offender may leave the state.

See the Domestic Abuse Policy for release restrictions related to those investigations.

410.5 FISH AND GAME AND ENVIRONMENT-RELATED OFFENSES

In the case of game and fish laws or other environment-related offenses, as specified in Minn. Stat. § 97A.211, officers should release the offender unless there is reason to believe that criminal conduct will continue or that the offender will not respond as required by the citation (Minn. Stat. § 97A.211).

Foreign Diplomatic and Consular Representatives

411.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Moorhead Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY

The Moorhead Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

- (b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.
- (c) A small number of senior officers are entitled to be treated identically to diplomatic agents.
- (d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

412.2 POLICY

The Moorhead Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.

Rapid Response and Deployment

- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

412.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.5 PLANNING

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

Rapid Response and Deployment

412.6 TRAINING

The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Moorhead Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the Moorhead Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Minnesota constitutions.

414.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

Immigration Violations

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

414.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a county jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

414.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

414.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Moorhead Police Department

Moorhead PD Policy Manual

Immigration Violations

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case. The Detective Bureau supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.9 TRAINING

The Training Manager should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

415.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

415.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by the Dispatch Center.

415.1.2 ELECTRICAL LINES

City Operations does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. Moorhead Public Service should be promptly notified, as appropriate.

415.1.3 RESERVOIRS, PUMPS AND WELLS

Moorhead Public Service, Moorhead Wastewater and the City Engineering Department maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

415.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by the Dispatch Center.

415.2 TRAFFIC SIGNAL MAINTENANCE

The City of Moorhead traffic signals are maintained according to Minnesota Department of Transportation (Mn/DOT) standards. All traffic signals on state trunk highways belong to Mn/DOT and those on city streets and avenues belong to the City of Moorhead and are maintained by the Engineering Department.

415.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise the Dispatch Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

416.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

416.2 POLICY

It is the policy of the Moorhead Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

416.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

416.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

416.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

416.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.

Aircraft Accidents

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

416.8 DOCUMENTATION

All aircraft accidents occurring within the City of Moorhead shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of MPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

416.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

416.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

416.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should

Moorhead Police Department

Moorhead PD Policy Manual

Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Field Training Officer Program

417.1 PURPOSE AND SCOPE

The Field Training Officer Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Moorhead Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training Officer Program that is designed to prepare the new officer to perform in a patrol assignment and to acquire all of the skills needed to operate in a safe, productive and professional manner.

417.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING

The Field Training Officer (FTO) is an experienced officer trained in the art of supervising, training and evaluating entry-level and lateral police officers in the application of their previously acquired knowledge and skills.

417.5 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Field Training Program.

The training period for trainees may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of eight weeks.

The required training will take place on at least two different shifts and with at least two different FTOs if reasonably possible.

417.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her initial training phase. This manual is an outline of the subject matter and skills necessary to properly function as an officer with the Moorhead Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Moorhead Police Department.

Field Training Officer Program

417.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

417.6.1 FIELD TRAINING OFFICER

The FTO will be responsible for the following:

- (a) Completing and submitting a written evaluation on the performance of the assigned trainee to the trainee's immediate supervisor on a daily basis.
- (b) Reviewing the Daily Observation Reports (DORs) with the trainee each day.
- (c) A detailed bi-weekly performance evaluation on the assigned trainee shall be completed by the FTO at the end of every two work weeks and at the end of each phase of training.

A summary of this meeting, with any recommendations or changes made, will be documented and forward to the Chief of Police for review and approval.

417.6.4 TRAINEE

At the completion of the Field Training Program, the trainee shall submit a performance evaluation of each of his/her FTOs and of the Field Training Program.

417.7 DOCUMENTATION

All documentation of the Field Training Program will be retained in the officer's training files and will consist of the following:

- (a) New officer MPD academy training documents
- (b) DORs

Moorhead Police Department

Moorhead PD Policy Manual

Field Training Officer Program

- (e) A Memorandum of Completion, certifying that the trainee has successfully completed the required number of hours of field training
- (f) After field training is completed, the shift sergeant(s) shall prepare monthly performance documentation and report to the FTO Supervisor the employee's progress toward completion of probation, make any recommendations for needed or identified training to overcome deficiencies, and ultimately if the employee should continue employment and pass probation
- (g) FTO Supervisor shall document if the trainee has successfully completed probation and recommend full employee status

Obtaining Air Support

418.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

418.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request may be made.

418.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Shift Commander or designee will call the closest agency having air support available. The Shift Commander will apprise that agency of the specific details of the incident prompting the request.

418.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard.
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When an aircraft is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits (Minn. Stat. § 626.8458).
- (f) When the Shift Commander or equivalent authority determines a reasonable need exists.
- (g) For narcotics / surveillance operations.

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Video Recorder (MVR) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the [officer_deputy], the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Moorhead Police Department to strengthen community involvement, community awareness, and problem identification.

Contacts and Temporary Detentions

419.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.3 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.4 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

Moorhead Police Department

Moorhead PD Policy Manual

Contacts and Temporary Detentions

419.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

419.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

419.4.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Commander should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

419.4.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Field photographs shall be classified as law enforcement data under Minn. Stat. § 13.82, and shall be collected, maintained,

Contacts and Temporary Detentions

and disseminated consistent with the Minnesota Government Data Practices Act. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.5 POLICY

The Moorhead Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

419.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if reasonably available, prior to transport.

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Moorhead Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

420.2 POLICY

The Moorhead Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any

Moorhead Police Department

Moorhead PD Policy Manual

Criminal Organizations

supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

420.3.2 ENTRIES INTO CRIMINAL GANG INVESTIGATIVE DATA SYSTEM

It is the designated supervisor's responsibility to approve the entry of any information into the criminal gang investigative data system maintained by the Minnesota Bureau of Criminal Apprehension and authorized by Minn. Stat. § 299C.091. Entries may be made if the individual is 14 years of age or older and the Department documents the following:

- (a) The Department has reasonable suspicion to believe that the individual has met at least three of the criteria or identifying characteristics of gang membership, developed by the Violent Crime Coordinating Council.
- (b) The individual has been convicted of a gross misdemeanor or felony, or has been adjudicated or has a stayed adjudication as a juvenile for an offense that would be a gross misdemeanor or felony if committed by an adult.

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Bureau or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, the Dispatch Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

Criminal Organizations

- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

420.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

420.7 CRIMINAL STREET GANGS

The Detective Bureau supervisor should ensure that there are an appropriate number of department members who can:

Criminal Organizations

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

420.8 TRAINING

The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multi-agency criminal intelligence system.
- (c) Submission of information into a multi-agency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Commanders

421.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Department policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

421.2 DESIGNATION AS ACTING SHIFT COMMANDER

When a Lieutenant is unavailable for duty as Shift Commander, in most instances the senior qualified sergeant shall be designated as acting Shift Commander. This policy does not preclude designating a less senior sergeant as an acting Shift Commander when operational needs require or training permits.

Mobile Video Recorder Procedure

422.1 PURPOSE AND SCOPE

The Moorhead Police Department has equipped marked patrol cars with Mobile Video Recording (MVR) systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MVR system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Video Recorder (MVR) - Synonymous terms - that refer to any system that captures audio and video signals that is capable of installation in a vehicle and that includes at minimum, a camera, microphone, recorder and monitor.

Law Enforcement Operator (LEO) - Primarily a licensed peace officer but on occasion may be a non-licensed representative of the Department who is authorized and assigned to operate MVR-equipped vehicles to the extent consistent with Minn. Stat. § 169.98.

MGDPA - The Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13.

MVR technician - Personnel certified or trained in the operational use and repair of MVRs, duplicating methods, storage and retrieval methods and procedures, and who possess a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

422.2 POLICY

It is the goal of the Moorhead Police Department to use mobile video recorder (MVR) technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

422.3 OFFICER RESPONSIBILITIES

Prior to going into service each officer will properly equip him/herself to record audio and video in the field. At the end of the shift each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically additional recording media may be issued. Only Moorhead Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MVR system operation in accordance with manufacturer specifications and department operating procedures and training.

Mobile Video Recorder Procedure

System documentation is accomplished by the officer recording his/her name, serial number, badge, or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

422.4 ACTIVATION OF THE MVR

The MVR system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. When audio is being recorded the video will also record.

Operators are encouraged to narrate events using the audio recording so as to provide the best documentation for pretrial and courtroom presentation.

422.4.1 REQUIRED ACTIVATION OF THE MVR

This policy is not intended to describe every possible situation in which the MVR system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes its use would be appropriate and/or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However the audio portion can be valuable evidence and is subject to the same activation requirements as the MVR. The MVR system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Prisoner transports
 - 9. Non-custody transports
 - 10. Pedestrian checks
 - 11. DWI investigations including field sobriety tests
 - 12. Consensual encounters
 - 13. Crimes in progress

Mobile Video Recorder Procedure

14. Responding to an in-progress call
15. Medical incidents attended to by members of the Department
- (b) All self-initiated activity in which an officer would normally notify the Dispatch Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 1. Family violence calls
 2. Disturbance of peace calls
 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

422.4.2 CESSATION OF RECORDING

Once activated the MVR system should remain on until the incident has concluded. For purposes of this section conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

422.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MVR system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously use City equipment to record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

422.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MVR systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Dispatch Center.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 1. The tracking number of the MVR system media.
 2. The date it was issued.
 3. The law enforcement operator or the vehicle to which it was issued.

Moorhead Police Department

Moorhead PD Policy Manual

Mobile Video Recorder Procedure

4. The date it was submitted.
 5. Law enforcement operators submitting the media.
 6. Holds for evidence indication and tagging as required.
- (c) The operation of MVR systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MVR technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media. Copies may be distributed to investigators as appropriate to the investigation.

Supervisors may activate the MVR system remotely to monitor a developing situation such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event.

422.5 REVIEW OF MVR RECORDINGS

All recording media, recorded images and audio recordings are the property of the agency and subject to the provisions of the MGDPA. Dissemination outside of the agency is strictly prohibited except to the extent permitted or required under the MGDPA, Peace Officer Disciplinary Procedures Act or other applicable law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MVR technician or forensic media staff. When reasonably possible a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations.

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MVR systems
- (e) By department investigators, after approval of a supervisor, who are participating in an official investigation such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses the data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee

Moorhead Police Department

Moorhead PD Policy Manual

Mobile Video Recorder Procedure

- (i) By the media through proper process or with an MGDPA request (Minn. Stat. § 13.01 et seq.)
- (j) To assess possible training value
- (k) Recordings may be shown for staff or public safety training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

Employees desiring to view any previously uploaded or archived MVR recording should submit a request in writing to the Shift Commander. Approved requests should be forwarded to the MVR technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

422.6 DOCUMENTING MVR USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report unless in a routine traffic stop situation where activation and recording is required but reports or citations may or may not have been required.

422.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage all recording media will be labeled and stored in a designated secure area. All recording media that is not booked in as evidence will be retained for a minimum of 60 days and disposed of in compliance with the established records retention schedule.

422.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall be retained in compliance with data practices. Some incidents may be retained for longer periods of time than others based on the case type. In certain cases, copies of the originals may be made for court or internal affairs files.

422.7.2 MVR RECORDINGS AS EVIDENCE

Officers who reasonably believe that an MVR recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Moorhead Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

422.8 SYSTEM OPERATIONAL STANDARDS

- (a) MVR system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MVR system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MVR system may not be configured to record audio data occurring prior to activation.

Mobile Video Recorder Procedure

- (d) To prevent bleed-over and/or noise from other MVRs in systems using low band transmitters (analog) only the primary LEO initiating the contact shall activate his/her audio recorder.
- (e) LEOs using digital transmitters that are individually synchronized to their individual MVR shall activate both audio and video recordings when responding in a support capacity in order to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment other electronic devices should not be used within the law enforcement vehicle in order to intentionally interfere with the capability of the MVR system to record audio data.
- (g) LEOs shall not erase, alter, reuse, modify or tamper with MVR recordings. Only a supervisor, MVR technician or other approved designee may erase and reissue previously recorded recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MVR technician.

422.9 MVR TECHNICIAN RESPONSIBILITIES

The MVR technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected the MVR technician:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
 - 2. Makes appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field.
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

422.10 TRAINING

Users of the MVR systems and supervisors shall successfully complete an approved course of instruction prior to being deployed with MVR systems in operational settings.

Mobile Digital Computer Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Dispatch Center.

423.2 POLICY

Moorhead Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

423.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs

Mobile Digital Computer Use

should be transmitted over the radio. Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

423.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC while the vehicle is not in motion.

423.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

423.6 EQUIPMENT CONSIDERATIONS

423.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Dispatch Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

Moorhead Police Department

Moorhead PD Policy Manual

Mobile Digital Computer Use

423.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties (Minn. Stat. § 626.8473). Portable audio/video recording devices include all recording systems whether body-worn, handheld or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Moorhead Police Department facility, undercover operations, wiretaps or eavesdropping (concealed listening devices) unless captured by a portable recording system.

424.1.1 DEFINITIONS

Definitions related to this policy include:

Portable recording system - A device worn by a member that is capable of both video and audio recording of the member's activities and interactions with others or collecting digital multimedia evidence as part of an investigation and as provided in Minn. Stat. § 13.825.

424.2 POLICY

The Moorhead Police Department may provide members with access to portable recorders for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

424.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time or while acting in an official capacity of this department, regardless of ownership of the device, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

424.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order (Minn. Stat. § 13.825). If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable (Minn. Stat. § 626.8473).

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a

Portable Audio/Video Recorders

conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, employee number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording (Minn. Stat. § 626.8473). Members should include the reason for deactivation.

424.5 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify the Dispatch Center
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

424.5.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation.

Portable Audio/Video Recorders

424.5.2 SURREPTITIOUS RECORDINGS

Minnesota law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (Minn. Stat. § 626A.02).

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

424.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

424.6 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark the recordings in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an under-cover officer or confidential informant.
- (g) The recording or portions of the recording may be protected under the Minnesota Data Practices Act.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

424.7 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (See the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Moorhead Police Department

Moorhead PD Policy Manual

Portable Audio/Video Recorders

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) In compliance with the Minnesota Data Practices Act request, if permitted or required by the Act, including pursuant to Minn. Stat. § 13.82, Subd. 15, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (See the Records Maintenance and Release Policy). Recordings that are clearly offensive to common sensibilities should not be publicly released unless disclosure is required by law or order of the court (Minn. Stat. § 13.82, Subd. 7; Minn. Stat. § 13.825, Subd. 2).

424.8 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for (Minn. Stat. § 626.8473; Minn. Stat. § 13.825):

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
 - 1. The coordinator should work with the Custodian of Records and the member assigned to coordinate the use, access and release of protected information to ensure that procedures comply with requirements of the Minnesota Government Data Practices Act (MGDPA) and other applicable laws (Minn. Stat. § 13.01 et seq.) (See the Protected Information and the Records Maintenance and Release policies).
- (b) Establishing procedures for accessing data and recordings.
 - 1. These procedures should include the process to obtain written authorization for access to non-public data by MPD members and members of other governmental entities and agencies.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.
- (e) Establishing an inventory of portable recorders including:
 - 1. Total number of devices owned or maintained by the Moorhead Police Department.
 - 2. Daily record of the total number deployed and used by members and, if applicable, the precinct or district in which the devices were used.

Moorhead Police Department

3. Total amount of recorded audio and video data collected by the devices and maintained by the Moorhead Police Department.
- (f) Preparing the biennial audit required by Minn. Stat. § 13.825, Subd. 9.
- (g) Notifying the Bureau of Criminal Apprehension (BCA) in a timely manner when new equipment is obtained by the Moorhead Police Department that expands the type or scope of surveillance capabilities of the department's portable recorders.

424.9 PROHIBITED USE OF AUDIO/VIDEO RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

424.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

If an individual captured in a recording submits a written request, the recording may be retained for additional time period. The coordinator should be responsible for notifying the individual prior to destruction of the recording (Minn. Stat. § 13.825).

424.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

424.10.2 ACCESS TO RECORDINGS

Except as provided by Minn. Stat. § 13.825, Subd. 2, audio/video recordings are considered private or nonpublic data.

Any person captured in a recording may have access to the recording. If the individual requests a copy of the recording and does not have the consent of other non-law enforcement individuals captured on the recording, the identity of those individuals must be blurred or obscured sufficiently

to render the subject unidentifiable prior to release. The identity of on-duty peace officers may not be obscured unless their identity is protected under Minn. Stat. § 13.82, Subd. 17.

424.11 ACCOUNTABILITY

Any member who accesses or releases recordings without authorization may be subject to discipline (See the Standards of Conduct and the Protected Information policies) (Minn. Stat. § 626.8473).

Bicycle Patrol Unit

425.1 PURPOSE AND SCOPE

The Moorhead Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

425.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize its mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the BPU supervisor or the Shift Commander.

425.3 SELECTION OF PERSONNEL

Interested licensed personnel shall submit a written request to be considered for a position within the BPU after a notice of application is posted for vacant positions. Selection for a position within the BPU will be based upon the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

425.3.1 BICYCLE PATROL UNIT SUPERVISOR

The BPU supervisor will be selected by the Deputy Chief of Police or designee.

The BPU supervisor shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating the performance of bicycle officers.
- (e) Coordinating activities with the Patrol Division.
- (f) Other activities as required to maintain the efficient operation of the unit.

Bicycle Patrol Unit

425.4 TRAINING

Participants in the program must complete an initial Department-approved bicycle-training course after acceptance into the program. Thereafter, bicycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles
- Firearms training including bicycle related training issues

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment, including the helmet and riding gloves.

425.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol uniform consists of department issued items including shirt, shorts/pants, helmet, gloves, and jackets.

Optional equipment includes a radio head set and microphone and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

425.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, and other necessary equipment for safe completion of bike patrol duties.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with "Police" decals affixed. Every such bicycle shall be equipped with front and rear reflectors and front and rear lamps. Lamps and reflectors must meet legal requirements.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry the necessary equipment for handling routine patrol calls, including report writing, vehicle storage, citations, and other equipment deemed necessary by the officer.

Each bicycle gear bag should include a basic first aid kit.

Moorhead Police Department

Moorhead PD Policy Manual

Bicycle Patrol Unit

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, it should be taken to an approved maintenance shop and the BPU supervisor should be notified.

Bicycles shall be well maintained throughout and after each shift; clean and ready for the next tour of duty.

Officers shall not significantly modify the patrol bicycle, remove, modify or add components except with the express approval of the bicycle supervisor or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence as practicable.

Patrol bicycles will be issued to each individual Officer. Officer's are permitted, and encouraged, to ride issued bikes for personal use. Additionally riding of the bicycle while off duty only serves to enhance the Officers riding abilities on duty, and continue to serve in their best interests for personal physical fitness. For purposes of this section, Officers will not be considered on duty when utilizing their issued bicycle during non schedule hours.

425.7 OFFICER RESPONSIBILITIES

Officers are exempt from operating the bicycle in compliance with Minnesota law while performing their duties (Minn. Stat. § 169.222 Subd. 11). Officers may operate the bicycle without lighting equipment during hours of darkness, when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Foot Pursuits

426.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

426.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time, when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to

Foot Pursuits

immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

426.3 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officers renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the Dispatch Center or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there

Foot Pursuits

is no immediate threat to Department personnel or the public if the suspect is not immediately apprehended.

- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

426.4 RESPONSIBILITIES IN FOOT PURSUITS

426.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the Dispatch Center of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

426.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio frequency.

Foot Pursuits

426.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever reasonably possible. The supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor should continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor should promptly proceed to the termination point to direct the post-pursuit activity.

426.5 REPORTING

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Moorhead Police Department

Moorhead PD Policy Manual

Foot Pursuits

426.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

Automated License Plate Readers (ALPR)

427.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology (Minn. Stat. § 626.8472).

427.2 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Moorhead Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Division Commander. The Administration Division Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

427.3 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) No ALPR operator may access confidential department, state or federal data unless authorized to do so.
- (f) If practicable, the officer should verify an ALPR response through the Minnesota Justice Information Services (MNJIS) and National Law Enforcement Telecommunications System (NLETS) databases before taking enforcement action that is based solely upon an ALPR alert.

Moorhead Police Department

Moorhead PD Policy Manual

Automated License Plate Readers (ALPR)

427.3.1 RESTRICTIONS, NOTIFICATIONS AND AUDITS

The Moorhead Police Department will observe the following guidelines regarding ALPR use (Minn. Stat. § 13.824):

- (a) Data collected by an ALPR will be limited to:
 - 1. License plate numbers.
 - 2. Date, time and location of data captured.
 - 3. Pictures of license plates, vehicles and areas surrounding the vehicle captured.
- (b) ALPR data may only be matched with the Minnesota license plate data file, unless additional sources are needed for an active criminal investigation.
- (c) ALPRs shall not be used to monitor or track an individual unless done so under a search warrant or because of exigent circumstances.
- (d) The Bureau of Criminal Apprehension shall be notified within 10 days of any installation or use and of any fixed location of an ALPR.

427.4 DATA COLLECTION AND RETENTION

The Administration Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

ALPR data received from another agency shall be maintained securely and released in the same manner as ALPR data collected by this department (Minn. Stat. § 13.824) after first referring the data requester to the agency that created the data or conferring with that agency about the release.

ALPR data not related to an active criminal investigation must be destroyed no later than 60 days from the date of collection with the following exceptions (Minn. Stat. § 13.824):

- (a) Exculpatory evidence - Data must be retained until a criminal matter is resolved if a written request is made from a person who is the subject of a criminal investigation asserting that ALPR data may be used as exculpatory evidence.
- (b) Address Confidentiality Program - Data related to a participant of the Address Confidentiality Program must be destroyed upon the written request of the participant. ALPR data already collected at the time of the request shall be destroyed and future related ALPR data must be destroyed at the time of collection. Destruction can be deferred if it relates to an active criminal investigation.

All other ALPR data should be retained in accordance with the established records retention schedule.

427.4.1 LOG OF USE

A public log of ALPR use will be maintained that includes (Minn. Stat. § 13.824):

- (a) Specific times of day that the ALPR collected data.

Moorhead Police Department

Moorhead PD Policy Manual

Automated License Plate Readers (ALPR)

- (b) The aggregate number of vehicles or license plates on which data are collected for each period of active use and a list of all state and federal public databases with which the data were compared.
- (c) For each period of active use, the number of vehicles or license plates related to:
 - 1. A vehicle or license plate that has been stolen.
 - 2. A warrant for the arrest of the owner of the vehicle.
 - 3. An owner with a suspended or revoked driver's license or similar category.
 - 4. Active investigative data.
- (d) For an ALPR at a stationary or fixed location, the location at which the ALPR actively collected data and is installed and used.

A publicly accessible list of the current and previous locations, including dates at those locations, of any fixed ALPR or other surveillance devices with ALPR capability shall be maintained. The list may be kept from the public if the data is security information as provided in Minn. Stat. § 13.37, Subd. 2.

427.5 ACCOUNTABILITY

All saved data will be closely safeguarded and protected by both procedural and technological means. The Moorhead Police Department will observe the following safeguards regarding access to and use of stored data (Minn. Stat. § 13.824; Minn. Stat. § 13.05):

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (c) Biennial audits and reports shall be completed pursuant to Minn. Stat. § 13.824, Subd. 6.
- (d) Breaches of personal data are addressed as set forth in the Protected Information Policy (Minn. Stat. § 13.055).
- (e) All queries and responses, and all actions, in which data are entered, updated, accessed, shared or disseminated, must be recorded in a data audit trail.
- (f) Any member who violates Minn. Stat. § 13.09 through the unauthorized acquisition or use of ALPR data will face discipline and possible criminal prosecution (Minn. Stat. § 626.8472).

Automated License Plate Readers (ALPR)

427.6 POLICY

The policy of the Moorhead Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

427.7 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures (Minn. Stat. § 13.824):

- (a) The agency makes a written request for the ALPR data that includes:
 - 1. The name of the agency.
 - 2. The name of the person requesting.
 - 3. The intended purpose of obtaining the information.
 - 4. A record of the factual basis for the access and any associated case number, complaint or incident that is the basis for the access.
 - 5. A statement that the request is authorized by the head of the requesting law enforcement agency or his/her designee.
- (b) The request is reviewed by the Administration Division Commander or the authorized designee and approved before the request is fulfilled.
 - 1. A release must be based on a reasonable suspicion that the data is pertinent to an active criminal investigation.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy.

Homeless Persons

428.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Moorhead Police Department recognizes that members of the homeless community are often in need of special protection and services. The Moorhead Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following policy when serving the homeless community.

428.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

- (a) Maintain and make available to all Department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:
 - 1. Proper posting of notices of trespass and clean-up operations.
 - 2. Proper retention of property after clean up, to include procedures for owners to reclaim their property in accordance with the Property Procedures Policy and other established procedures.
- (e) To receive copies of written reports detailing clean-up operations of camps/personal property conducted by this department.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

428.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that

Homeless Persons

may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest. Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

428.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

428.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. These items may not be sanitary and should be placed in the impound garage with a destruction date. If the owner is known, a 60-day retention property card should be issued to the owner with a copy placed into the casereport file.

The destruction of the property should be set beyond 60 days in all cases.

Moorhead Police Department

Moorhead PD Policy Manual

Homeless Persons

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the Department Homeless Liaison Officer. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the Department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

428.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a 72-hour emergency medical hold unless facts and circumstances warrant such a detention.

428.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

428.7 POLICY

It is the policy of the Moorhead Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

Criminal Conduct on School Buses

429.1 PURPOSE AND SCOPE

Criminal conduct on school buses has been identified by the legislature as a critical component for the safety and security of the community. The primary purpose of this policy is to provide officers guidance in responding to reports of alleged criminal conduct on school buses. This department, in cooperation with any other law enforcement agency that may have concurrent jurisdiction over the alleged offense, is responsible for responding to all reports of criminal misconduct on school buses in this jurisdiction.

This policy is not intended to interfere with or replace school disciplinary policies that relate to student misconduct on school buses (Minn. Stat. § 169.4581).

429.2 COMMUNITY COOPERATION

The Moorhead Police Department shall work with and consult with school officials, transportation personnel, parents and students to respond to these incidents to protect student safety and deal appropriately with those who violate the law.

429.3 PROCEDURE

This department shall respond to all criminal misconduct on school buses within the jurisdiction of this department regardless of the source of the report. Officers should take reasonable actions to complete the following:

- (a) Provide for the safety of any person involved in the incident or present at the incident.
- (b) Coordinate any appropriate care.
- (c) Investigate reports of crimes committed on school buses using the same procedures as followed in other criminal investigations as appropriate for juveniles and/or adults.
- (d) Issue citations, release pending further investigation, or apprehend and transport individuals committing crimes on school buses to the extent authorized by law.
- (e) Submit reports regarding the incident for review, approval and consideration for prosecution.
- (f) Complete follow-up and additional investigation as reasonably necessary to prepare a case pertaining to criminal conduct on school buses as required for prosecution.
- (g) Provide information to the relevant school regarding the incident as required or authorized by law.

Public Recording of Law Enforcement Activity

430.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

430.2 POLICY

The Moorhead Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

430.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

430.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

430.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of department members, such as how and where to file a complaint.

430.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

Moorhead Police Department

Moorhead PD Policy Manual

Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Section Policy.

Medical Aid and Response

431.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

431.2 POLICY

It is the policy of the Moorhead Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

431.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Dispatch Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Dispatch Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

431.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

431.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour hold in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

431.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Conducted Energy Device policies.

431.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Moorhead Police Department

Moorhead PD Policy Manual

Medical Aid and Response

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas, or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights, and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

431.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

431.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Manager who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Moorhead Police Department

Moorhead PD Policy Manual

Medical Aid and Response

Any member who uses an AED should contact the Dispatch Center as soon as possible and request response by EMS.

431.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

431.8.3 AED TRAINING AND MAINTENANCE

The Training Manager should ensure appropriate training is provided to members authorized to use an AED.

The Training Manager is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

431.9 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

431.10 FIRST AID TRAINING

Subject to available resources, the Training Manager should ensure officers receive periodic first aid training appropriate for their position.

Suspicious Activity Reporting

432.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

432.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

432.2 POLICY

The Moorhead Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

432.3 RESPONSIBILITIES

The Investigation Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Division Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

432.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

432.5 HANDLING INFORMATION

The Records Bureau will forward copies of SARs, in a timely manner, to the following:

- Detective Bureau supervisor
- Crime Analysis Unit
- Other authorized designees

Crisis Intervention Incidents

433.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

433.2 POLICY

The Moorhead Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

433.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

433.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

433.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Crisis Intervention Incidents

433.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

433.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

433.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Crisis Intervention Incidents

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

433.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

433.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

433.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

Moorhead Police Department

Moorhead PD Policy Manual

Crisis Intervention Incidents

433.11 EVALUATION

The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

433.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Additionally, the Training Manager will provide officers, including part-time officers, with in-service training in crisis intervention and mental illness crisis as required by Minn. Stat. § 626.8469 and Minn. Stat. § 626.8474.

First Amendment Assemblies

434.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

434.2 POLICY

The Moorhead Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

434.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills, leafleting and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

434.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

434.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Dispatch Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

434.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

434.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

434.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for the following:

- (a) Command assignments, chain of command structure, roles and responsibilities
- (b) Staffing and resource allocation
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields)
- (e) Deployment of specialized resources
- (f) Event communications and interoperability in a multijurisdictional event
- (g) Liaison with demonstration leaders and external agencies
- (h) Liaison with City government and legal staff
- (i) Media relations
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation
- (k) Traffic management plans
- (l) First aid and emergency medical service provider availability
- (m) Prisoner transport and detention
- (n) Review of policies regarding public assemblies and use of force in crowd control
- (o) Parameters for declaring an unlawful assembly
- (p) Arrest protocol, including management of mass arrests
- (q) Protocol for recording information flow and decisions
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force
- (s) Protocol for handling complaints during the event

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

434.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

434.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

434.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER (TM) devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and the Conducted Energy Device policies).

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

434.8 ARRESTS

The Moorhead Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

434.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

434.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

First Amendment Assemblies

434.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Dispatch Center records/tapes
- (g) Media accounts (print and broadcast media)

434.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

434.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

435.1 PURPOSE AND SCOPE

This policy provides members of the Moorhead Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Abuse Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Minnesota law.

435.2 POLICY

The Moorhead Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

435.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

435.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

435.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

435.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

435.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Medical Cannabis

436.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the possession or use of medical cannabis under Minnesota's medical cannabis laws.

436.1.1 DEFINITIONS

Definitions related to this policy include (Minn. Stat. § 152.22):

Medical cannabis - Any species of the genus cannabis plant, or any mixture or preparation of them, including whole plant extracts and resins in the form of a liquid, oil or pill, that is properly packaged and labeled with:

- (a) The name and address of the authorized manufacturer.
- (b) The patient's registry identification number, name, date of birth and address.
- (c) The chemical composition of medical cannabis.
- (d) Recommended dosage.
- (e) Directions for use.
- (f) Batch number.
- (g) Date of manufacture.

Raw leaves, flowers and edibles are not included.

Patient - A Minnesota resident who has been diagnosed with a qualifying medical condition by a health care practitioner and who has met any other requirements for patients under Minn. Stat. § 152.22 et seq.

Caregiver - A person who has been approved by the Minnesota Commissioner of Health to assist a patient who is unable to self-administer medication or acquire medical cannabis from a distribution facility due to a disability, and who is authorized to assist the patient with the use of medical cannabis.

436.2 POLICY

It is the policy of the Moorhead Police Department to prioritize resources to avoid making arrests related to medical cannabis that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Minnesota medical cannabis laws are intended to provide protection from prosecution to those who use or possess medical cannabis for medical purposes. The Moorhead Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Minnesota law and the resources of the Department.

436.3 INVESTIGATION

Investigations involving the possession or use of cannabis generally fall into one of two categories:

Medical Cannabis

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a person claims to be a patient or caregiver.

436.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM

In any investigation involving the possession, delivery, production or use of a cannabis product or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal claim may be raised at any time, so officers should document any statements and observations that may be relevant to whether the cannabis was possessed or produced for medicinal purposes.

436.3.2 INVESTIGATIONS INVOLVING A PATIENT OR CAREGIVER

Arrest shall not be made for the possession of medical cannabis by a patient, a caregiver or the parent or legal guardian of a patient (Minn. Stat. § 152.32).

Possession of medical cannabis properly packaged and labeled by an authorized manufacturer should suffice for verification of a person's status as a patient. The possession of medical cannabis registry verification from the Minnesota Department of Health should also suffice for verification a person's status as a patient or caregiver (Minn. Stat. § 152.22; Minn. Stat. § 152.27).

436.3.3 EXCEPTIONS

This policy does not apply to the following offenses. Officers may take enforcement action if the person (Minn. Stat. § 152.23):

- (a) Possesses or engages in the use of medical cannabis on a school bus or van, on the grounds of any preschool or primary or secondary school, in any correctional facility, or on the grounds of any child care facility or home daycare.
- (b) Vaporizes medical cannabis on any form of public transportation, where the vapor would be inhaled by a non-patient minor child, or in any public place or a place of employment.
- (c) Operates any motor vehicle, aircraft, train or motorboat, or works on transportation property, equipment or facilities while under the influence of medical cannabis.

436.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a medical cannabis investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

436.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor shall ensure that medical cannabis, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor shall as soon as practicable return to the person from whom it was seized any medical cannabis, drug paraphernalia or other related property.

Moorhead Police Department

Moorhead PD Policy Manual

Medical Cannabis

The Property and Evidence Section supervisor may not destroy medical cannabis except upon receipt of a court order.

The Property and Evidence Section supervisor may release medical cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Bureau supervisor.

436.6 REPORTING

Officers aware of a person experiencing a negative medical condition or a death related to a cannabis overdose, including as a result of an unauthorized access to medical cannabis, must contact the Minnesota Department of Health's Office of Medical Cannabis within five business days. If discovered as part of an ongoing investigation, the report must be made within 72 hours of the conclusion of the investigation (Minn. R. 4770.4002; Minn. R. 4770.4004).

Officers having reasonable suspicion of unauthorized possession of medical cannabis or of violations of cannabis laws by individuals authorized to possess medical cannabis, must report to the Office of Medical Cannabis using the designated online form. Reports related to unauthorized possession must be submitted within 72 hours, unless discovered as part of an ongoing investigation, in which case reporting must be made within 72 hours of the conclusion of the investigation. Reports of violations by persons authorized to possess medical cannabis must be submitted within 15 days (Minn. R. 4770.4010).

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventative patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on collision data, enforcement activity records, traffic volume and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in collision situations but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Moorhead Police Department. Information provided by the Minnesota Office of Traffic Safety (OTS) is a valuable resource for traffic collision occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of collision-causing violations during periods of high-collision incidence and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high-collision incidence locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of citations issued by any officer shall not be used when evaluating officer performance (Minn. Stat. § 169.985; Minn. Stat. § 299D.08). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant.

Moorhead Police Department

Moorhead PD Policy Manual

Traffic Function and Responsibility

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.
- (d) The court contact information.

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the citation is properly directed to the court having jurisdiction (Minn. Stat. § 169.91 Subd. 3).

500.3.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These physical arrest cases usually deal with, but are not limited to (Minn. Stat. § 169.91):

- (a) Negligent homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit-and-run resulting in serious injury or death.
- (d) Hit-and-run resulting in damage to any vehicle or property.

500.4 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; Minn. R. 5205.0030).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or any time high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest

Moorhead Police Department

Moorhead PD Policy Manual

Traffic Function and Responsibility

as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plain clothes officer might benefit from being readily identified as an officer.

500.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collisions

501.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic collisions.

501.2 POLICY

It is the policy of the Moorhead Police Department to respond to traffic collisions and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to the established minimum reporting requirements with the goal of reducing the occurrence of collisions by attempting to identify the cause of the collision and through enforcing applicable laws. Unless restricted by law, traffic collision reports will be made available to the public upon request.

501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this department and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.
 - 3. A City vehicle involved.
 - 4. A City official or employee involved.
 - 5. Involvement of an on- or off-duty member of this department.
- (b) Is within another jurisdiction and there is:
 - 1. A City of Moorhead vehicle involved.
 - 2. A City of Moorhead official involved.
 - 3. Involvement of an on-duty member of this department.

501.3.1 MEMBER RESPONSIBILITIES

Upon arriving at the scene, the responding member should consider and appropriately address:

- (a) Traffic direction and control
- (b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.
- (c) First aid for any injured parties if it can be done safely.
- (d) The potential for involvement of hazardous materials.

Traffic Collisions

- (e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, HAZMAT, tow vehicles).
- (f) Clearance and cleanup of the roadway.

501.4 NOTIFICATION

If a traffic collision involves a life-threatening injury or fatality, the responding officer shall notify a supervisor, or if unavailable, the Shift Commander. The Shift Commander or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Commander will ensure notification is made to the Patrol Lieutenant, department command staff and City Manager in accordance with the Major Incident Notification Policy.

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, department chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic collision should not be released until notification is made to the victim's immediate family.

501.5 MINIMUM REPORTING REQUIREMENTS

A collision report shall be taken when:

- (a) A fatality, any injury (including complaint of pain), impaired driving or hit and run is involved.
- (b) An on-duty member of the City of Moorhead is involved.
- (c) The collision results in any damage to any City-owned or leased vehicle.
- (d) The collision involves any other public agency driver or vehicle.
- (e) There is damage to public property.
- (f) There is damage to any vehicle to the extent that towing is required.
- (g) Prosecution or follow-up investigation is contemplated.
- (h) Directed by a supervisor.

501.5.1 PRIVATE PROPERTY

Generally, reports should not be taken when a traffic collision occurs on private property unless there is an injury or fatality, a hit-and-run violation or other traffic law violation involved. Members may provide assistance to motorists as a public service, such as exchanging information and arranging for the removal of the vehicles.

501.5.2 CITY VEHICLE INVOLVED

A traffic collision report shall be taken when a City vehicle is involved in a traffic collision that results in property damage or injury.

Moorhead Police Department

Moorhead PD Policy Manual

Traffic Collisions

A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Division Commander. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

501.5.3 INJURED ANIMALS

Department members should refer to the Animal Control Policy when a traffic collision involves the disposition of an injured animal.

501.6 INVESTIGATION

When a traffic collision meets minimum reporting requirements the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on the appropriate forms.

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The officer, Patrol Lieutenant or on-duty Shift Commander should request that an outside law enforcement agency investigate and complete a traffic collision investigations when a collision occurs within the jurisdiction of the Moorhead Police Department and involves:

- (a) An on- or off-duty member of the Department.
 - 1. The involved member shall complete the department traffic collision form. If the member is unable to complete the form, the supervisor shall complete it.
- (b) An on-or off-duty official or employee of the City of Moorhead.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic collision. The collision investigation and report shall be completed by the agency having jurisdiction.

501.6.2 COMMERCIAL VEHICLE COLLISIONS

Commercial vehicle collisions additionally require notification to the Minnesota State Patrol if the collision results in (Minn. Stat. § 169.783):

- (a) A fatality.
- (b) Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the collision.

Moorhead Police Department

Moorhead PD Policy Manual

Traffic Collisions

- (c) One or more vehicles incurring disabling damage as a result of the collision, requiring the vehicle to be transported away from the scene by tow truck or other motor vehicle.

A waiver or inspection by a state trooper or other authorized person is required before a person may drive a commercial motor vehicle that was involved in such a collision (Minn. Stat. § 169.783).

501.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the collision, authorized members should issue a citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.8 REPORTS

Department members shall utilize forms approved by the Minnesota Department of Public Safety as required for the reporting of traffic collisions (Minn. Stat. § 169.09, Subd. 9). All such reports shall be forwarded to the Patrol Commander for approval and filing.

501.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

501.8.2 PATROL LIEUTENANT RESPONSIBILITIES

The responsibilities of the Patrol Lieutenant include, but are not limited to:

- (a) Ensuring the monthly and quarterly reports on traffic collision information and statistics are forwarded to the Patrol Division Commander or other persons as required.
- (b) Forwarding the traffic collision report to the Department of Public Safety within 10 days of the collision investigation (Minn. Stat. § 169.09, Subd. 8).
- (c) Ensuring completion and submission of a Department of Public Safety Fatality Report when a collision results in a fatality.

Vehicle Towing

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Moorhead Police Department and under the authority of Minn. Stat. § 168B.035.

502.2 STORAGE AND IMPOUNDS

Vehicles may be towed for violations of Minn. Stat. § 168B.035, including parking, registration and snow emergency violations.

Vehicles may be moved or removed from a highway when in violation of Minn. Stat. § 169.32(a) or when left unattended upon any street or highway or upon any bridge or causeway or in any tunnel where such vehicle constitutes an obstruction to traffic (Minn. Stat. § 169.33).

The responsibilities of those employees storing or impounding a vehicle are as follows:

502.2.1 COMPLETION OF VEHICLE IMPOUND AND INVENTORY REPORT

Department members requesting towing of a vehicle shall complete a Vehicle Impound and Inventory Report, including a description of property within the vehicle and submit it to the shift supervisor for approval to be turned over to the records division as soon as practicable.

Approved Vehicle Impound and Inventory Report forms shall be promptly merged into the records system so they are immediately available for release or for information, should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the towing of any such vehicle, it shall be the responsibility of the Records Division to determine through MNJIS the names and addresses of any individuals having an interest in the vehicle. Notice to all such individuals shall be sent by certified mail within five business days of impound (Minn. Stat. § 168B.06 Subd. 1).

502.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall offer the driver the city contract towing company unless the driver expressly requests a different company and shall relay the decision for the specified towing company to the dispatcher. When there is no preferred company requested, the city contracted towing company will be summoned through the Dispatch Center.

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the city contracted towing company. The officer will then conduct an inventory and store the vehicle using a Vehicle Impound and Inventory Report.

502.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Towing

502.2.4 RECORDS BUREAU RESPONSIBILITIES

Records Bureau personnel shall promptly enter pertinent data from the completed Vehicle Impound and Inventory Report form into the stolen vehicle system. Approved forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

Within 48 hours of recovering a stolen vehicle or receiving notification that a vehicle reported stolen through this department has been recovered, the officer or employee making the discovery of the stolen vehicle shall make a reasonable and good faith effort to notify the victim of the recovery. The notice must specify when the recovering law enforcement agency expects to release the vehicle to the owner and where the owner may pick up the vehicle. Upon recovery of a vehicle reported stolen to another agency, the Records Bureau is to promptly inform the agency that the vehicle is recovered, where it is located and when it can be released to the owner (Minn. Stat. § 169.042 Subd. 1).

502.3 TOWING SERVICES

The City of Moorhead periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts, they shall be placed on a rotation list. Nothing in this policy shall require the Department to tow a vehicle.

502.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, the vehicle would present a traffic hazard if it were not removed, or the vehicle is located in a high-crime area and is susceptible to theft or damage if left at the scene.

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Towing

- Situations where the vehicle was not used to further the offense for which the occupant was arrested nor may be subject to forfeiture proceedings.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages.

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property.

502.6 PRESERVATION OF EVIDENCE

An officer who removes a vehicle pursuant to Minn. Stat. § 168B.035 is required to take reasonable and necessary steps to preserve evidence. If there is probable cause to believe that a vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or that a particular person has committed a criminal offense, officers shall ensure that all legally required and reasonably necessary efforts are taken to preserve the evidence. Such evidence is to be provided safe storage and preserved until released to the owner or otherwise disposed of according to law.

502.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

Impaired Driving

503.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving while impaired (DWI).

503.2 POLICY

The Moorhead Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Minnesota's impaired driving laws.

503.3 INVESTIGATIONS

Officers should not enforce DWI laws to the exclusion of their other duties unless specifically assigned to DWI enforcement. All officers are expected to enforce these laws with due diligence.

The Patrol Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DWI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Minnesota or another jurisdiction.

503.4 CHEMICAL TESTS

A person implies consent under Minnesota law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Minn. Stat. § 169A.51, Subd. 1):

- (a) The arresting officer has probable cause to believe the person was driving, operating or in physical control of a vehicle while impaired as defined by Minn. Stat. § 169A.20.
- (b) The officer has probable cause to believe that the person is DWI and has been involved in a vehicle accident resulting in property damage, personal injury or death.
- (c) The officer has probable cause to believe that the person is DWI and the person has refused to take the preliminary screening test provided for by Minn. Stat. § 169A.41.

Impaired Driving

- (d) The person was administered a preliminary screening test and the results indicated an alcohol concentration of 0.08 or more.
- (e) The officer has probable cause to believe the person was driving, operating or in physical control of a commercial motor vehicle with the presence of any alcohol in the person's body.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

503.4.1 BREATH SAMPLES

The Patrol Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Lieutenant.

503.4.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Minn. Stat. § 169A.51, Subd. 7). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers shall not prevent an arrestee from obtaining a separate blood sample, if they chose to provide a blood sample, for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

503.4.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the person giving the sample. The arrestee tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

Impaired Driving

503.4.4 STATUTORY NOTIFICATIONS

At the time that the officer requests the person to submit to a breath test the officer must inform the person that (Minn. Stat. § 169A.51, Subd. 2):

- (a) Minnesota law requires that he/she take the test.
- (b) Refusal to take the test is a crime.
- (c) He/she has the right to consult with an attorney unless it would unreasonably delay administration of the test.

At the time that the officer directs a person to submit to a blood or urine test pursuant to a warrant, the person must be informed that a refusal to submit to a blood or urine test is a crime (Minn. Stat. § 171.177, Subd. 1 and Subd. 2).

503.5 REFUSALS

When an arrestee refuses to provide a chemical sample officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Minn. Stat. § 169A.51; Minn. Stat. § 171.177, Subd. 1).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

503.5.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of intention to revoke upon the person and invalidate the person's license in such a way that no identifying information is destroyed and immediately return the license to the person (Minn. Stat. § 169A.52, Subd. 7; Minn. Stat. § 171.177, Subd. 8).

503.5.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who does not consent to a chemical test when any of the following conditions exist (Minn. Stat. § 169A.51, Subd. 3):

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist and the officer has probable cause to believe that the person has committed DWI, including vehicular homicide or injury (Minn. Stat. § 169A.52, Subd. 1; Minn. Stat. § 171.177, Subd. 13). Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy delay in obtaining a blood sample due to a collision investigation or medical treatment of the person.

Impaired Driving

503.5.3 FORCED BLOOD SAMPLE

A forced sample may not be taken except in DWI cases involving vehicular homicide or injury (Minn. Stat. § 171.177, Subd. 13). In those cases, if a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the person to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when reasonably practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure that the forced blood draw is recorded on audio and/or video when reasonably practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform the duties of a supervisor, as set forth above.

503.5.4 WARRANTS FOR CONTROLLED SUBSTANCES OR INCAPACITATION

A blood or urine test may be required pursuant to a warrant if the officer has probable cause to believe that (Minn. Stat. § 169A.51, Subd. 4):

- (a) The person's impairment is due to a controlled substance or an intoxicating substance that is not subject to testing by a breath test.
- (b) A controlled substance listed in Schedule I or II or its metabolite (other than marijuana or tetrahydrocannabinols), is present in the person's body.
- (c) The person is unconscious or incapacitated to the point that the officer providing the breath test advisory, administering the breath test, or serving the search warrant has

Impaired Driving

a good faith belief that the person is mentally or physically unable to comprehend the advisory or otherwise voluntarily submit to the chemical tests.

If a person objects to the blood or urine test as directed by the warrant or officer, the officer should offer the other type of test if the person is conscious. Action may be taken against a person refusing to submit to a blood or urine test only if an alternate test of blood or urine, as applicable, was offered (Minn. Stat. § 169A.51, Subd. 4; Minn. Stat. § 171.177, Subd. 2).

503.6 ARREST AND INVESTIGATION

503.6.1 RIGHT TO ATTORNEY CONTACTS

A person has a limited right to consult with an attorney prior to submitting to a chemical test. This right is limited to the extent that it cannot unreasonably delay administration of the test (Minn. Stat. § 169A.51, Subd. 2).

503.6.2 ARREST AUTHORITY

An officer may arrest a person without a warrant and without regard to whether the offense was committed in the officer's presence if there is probable cause to believe the person committed (Minn. Stat. § 169A.40):

- (a) A DWI offense (Minn. Stat. § 169A.20).
- (b) An alcohol-related driving offense involving a school bus or a Head Start bus (Minn. Stat. § 169A.31).
- (c) An underage drinking and driving offense (Minn. Stat. § 169A.33).

503.6.3 OFFICER RESPONSIBILITIES

If an officer requests that a person submit to a chemical test and the person refuses such request, the officer shall report such refusal to the Commissioner of the Department of Public Safety (DPS) and the appropriate prosecuting attorney (Minn. Stat. § 169A.52, Subd. 1; Minn. Stat. § 171.177, Subd. 3).

If a person refuses to submit to a test or in the alternative submits to a test and the results indicate a prohibited alcohol concentration, the officer shall immediately give notice to the person that his/her driving privilege will be revoked and shall (Minn. Stat. § 169A.52, Subd. 7; Minn. Stat. § 171.177, Subd. 8):

- (a) Issue the person a temporary license effective for only seven days.
 - 1. Officers are not required to issue a person a temporary license if the person's driving privilege is under withdrawal by DPS or if the person is unlicensed.
- (b) Send the notification of this action to the Commissioner of the DPS along with the certification that there was probable cause to believe the person had been driving, operating or in physical control of a motor vehicle while impaired, and that the person either refused to submit to a test or submitted to a test and the results indicated a prohibited alcohol concentration or drug presence.

Moorhead Police Department

Moorhead PD Policy Manual

Impaired Driving

Test results of a person that indicate a prohibited alcohol concentration or drug presence shall be forwarded to the Commissioner of the DPS and the appropriate prosecuting attorney (Minn. Stat. § 169A.52, Subd. 2).

503.6.4 PRELIMINARY SCREENING TEST

An officer who has reason to believe the person was driving, operating or in physical control of a motor vehicle while impaired, may require the person to provide a sample of the person's breath for a preliminary screening test using a device approved by the DPS Commissioner (Minn. Stat. § 169A.41, Subd. 1).

The officer must use the results of the preliminary screening test for the purpose of deciding whether to arrest the person and require further chemical testing pursuant to Minn. Stat. § 169A.51 (Minn. Stat. § 169A.41, Subd. 2).

503.6.5 ADDITIONAL TESTING

An officer shall permit a person required to submit to a chemical test to have a qualified person of his/her own choosing administer a separate chemical test (Minn. Stat. § 169A.51, Subd. 7(b)). The separate chemical test shall:

- (a) Be conducted at the place where the person is in custody.
- (b) Be conducted after the officer has administered the statutorily mandated test.
- (c) Impose no expense to the state.

503.6.6 ADDITIONAL REQUIREMENTS FOR BREATH SAMPLES

All breath samples requested in accordance with this policy shall be obtained in accordance with Minn. Stat. § 169A.51, Subd. 5.

503.7 RECORDS BUREAU RESPONSIBILITIES

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

503.8 ADMINISTRATIVE HEARINGS

The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the Driver and Vehicle Services Division of the Department of Public Safety (DVS).

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and the DVS file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Bureau should forward this to the prosecuting attorney as part of the case file.

Moorhead Police Department

Moorhead PD Policy Manual

Impaired Driving

503.9 TRAINING

The Training Manager should ensure that officers participating in the enforcement of DWI laws receive regular training. Training should include at minimum current laws on impaired driving, investigative techniques and rules of evidence pertaining to DWI investigations. The Training Manager should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

504.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

504.2 RESPONSIBILITIES

The Patrol Lieutenant shall be responsible for the development and design of all Departmental Directive traffic citations in compliance with state law (Minn. Stat. § 169.99 and Minn. Stat. § 169.999 Subd. 3).

504.2.1 DATA COLLECTION

The Records Bureau should maintain information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops.

504.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Patrol Lieutenant. Upon a review of the circumstances involving the issuance of the traffic citation, the Patrol Lieutenant may request the dismissal of the traffic citation by forwarding to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the prosecutor to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

Members of the Department should provide a report or other verification to the owner of a stolen vehicle that may have received a citation during the time of the theft for the purpose of dismissing the citation (Minn. Stat. § 169.042 Subd. 2).

504.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may be necessary if mistakes have occurred. Officers should follow the established procedure for proper dismissal based on the type of issuance (electronic/written).

504.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall follow established procedures for correction and proper documentation.

Traffic Citations

504.6 DISPOSITION OF TRAFFIC CITATIONS

The citation copies shall then be electronically filed with the Records Bureau and the court system.

504.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Minnesota state law and local regulations (Minn. Stat. § 169.04 (a) (1)).

504.7.1 APPEAL STAGES

Appeals for parking violations shall be guided by the following procedure:

- (a) Appeals must be filed in writing to the Records Bureau within 7 days.
- (b) The appeal is reviewed on a case by case basis by the Records Bureau and a decision is made in writing, if the appeal is denied, to the appellant and the decision is final.
- (c) Any parking citations not paid within 60 days of the issuance of the citation will go to collections.

504.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

- (a) When any juvenile is issued a citation for a drug or alcohol violation, or a juvenile 16 years of age or older is issued a citation for an adult court traffic offense, the officer shall follow the arrest procedures prescribed in Minn. Stat. § 169.91 and shall make reasonable effort to notify the child's parent or guardian of the violation and the nature of the charge. Notifications should be documented (Minn. Stat. § 260B.225 Subd. 3).
- (b) When any juvenile is issued a citation for a major traffic offense, the officer is required to file a signed copy of the citation, as provided in Minn. Stat. § 169.91, with the juvenile court of the county in which the violation occurred. The citation serves as a petition providing the juvenile court jurisdiction (Minn. Stat. § 260B.225 Subd. 5).

Disabled Vehicles

505.1 PURPOSE AND SCOPE

Law enforcement and other public agencies may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

505.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practicable.

505.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by Department personnel will be contingent on the time of day, the location, the availability of Department resources and the vulnerability of the disabled motorist.

505.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

505.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

Abandoned Vehicle Violations

506.1 PURPOSE AND SCOPE

This policy provides procedures for the removal, recording and storage of vehicles abandoned in violation of abandoned vehicle laws, under the authority of Minn. Stat. § 168B.04.

506.1.1 DEFINITION

Pursuant to Minnesota statutes, a vehicle is abandoned if:

- (a) The motor vehicle has remained unlawfully parked for more than 48 hours on any government owned or controlled property, or for more than four hours on that property when properly posted (Minn. Stat. § 168B.011 Subd. 2 (1)).
- (b) The motor vehicle has been properly tagged by an officer and abandoned for four hours on any highway (Minn. Stat. § 168B.04, Subd. 2 (b) (1)).
- (c) The motor vehicle has been abandoned and located so as to constitute a collision or traffic hazard (Minn. Stat. § 168B.04 Subd. 2 (b) (1)).
- (d) The motor vehicle is unattended on private residential property, that is a single-family or duplex, without permission of the property caretaker (Minn. Stat. § 168B.04 Subd. 2 (b) (2)).
- (e) The motor vehicle can be immediately removed if on private non-residential property if properly posted or after 24 hours if not posted (Minn. Stat. § 168B.04 Subd. 2 (b) (2)).
- (f) The motor vehicle remains at a service, repair or maintenance establishment of motor vehicles five days after notifying the vehicle owner by certified mail, return receipt requested, of the property owner's intention to have the vehicle removed from the property (Minn. Stat. § 168B.04 Subd. 2 (b) (2)).

506.2 MARKING VEHICLES

Vehicles on public roadways suspected of being abandoned in violation of Minnesota abandoned vehicle laws shall be marked by wax crayon/marketing device or the Moorhead Police Department Marked Vehicle/Tow Warning Card in a conspicuous spot, to advise any passing motorists and emergency services, and documented via the computer aided dispatch (CAD) system. No case number is required.

Marking abandoned vehicles saves time and duplication of efforts from various emergency services, especially in times of inclement weather situations with numerous vehicles in ditches/stuck and reduces repeat calls into the dispatch center.

Officers should check their own marked cars later for towing. If going off-shift or on days off, the information should be given to the shift supervisor to re-assign.

Moorhead Police Department

Moorhead PD Policy Manual

Abandoned Vehicle Violations

506.2.1 VEHICLE STORAGE

Any vehicle in violation shall be stored at the Moorhead Police Department Impound Lot and a vehicle impound report shall be completed by the officer authorizing the impound of the vehicle.

The storage report form shall be submitted to the Records Bureau immediately following the storage of the vehicle. It shall be the responsibility of the Records Bureau to immediately notify the Minnesota Criminal Justice Information Services (MNJIS). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Bureau to immediately notify MNJIS. Notification may also be made to the NLETS.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Moorhead Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Investigation and Prosecution

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of a person who is suspected of having committed a criminal offense should be electronically recorded (audio/video or both as available) in its entirety, including any information or discussion about the person's rights and any waiver of those rights. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a non-custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

Moorhead Police Department

Moorhead PD Policy Manual

Investigation and Prosecution

- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Abuse, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Investigation and Prosecution

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Moorhead Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Moorhead Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Moorhead Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

Moorhead Police Department

Moorhead PD Policy Manual

Informants

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Narcotics Unit supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Moorhead Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Narcotics Unit supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Narcotics Unit supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a

Moorhead Police Department

Moorhead PD Policy Manual

Informants

determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Narcotics Unit. The Narcotics Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Narcotics Unit supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Narcotics Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

Moorhead Police Department

Moorhead PD Policy Manual

Informants

- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Narcotics Unit supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should use the following process:

- (a) Payments may be paid in cash from a Narcotics Unit buy/expense fund.

Moorhead Police Department

Moorhead PD Policy Manual

Informants

1. The Narcotics Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
 1. The cash transfer form shall include the following:

 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

603.6.3 AUDIT OF PAYMENTS

The Narcotics Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every quarter, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Minn. Stat. § 626.8433).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Moorhead Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.2.1 POST MODEL POLICY

It is the policy of the Moorhead Police Department to follow the requirements of the Eyewitness Identification Procedures model policy, established and published by the Minnesota Board of Peace Officer Standards and Training (POST) (Minn. Stat. § 626.8433).

[See attachment: Eyewitness Identification Procedures model policy.pdf](#)

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

Eyewitness Identification

604.4 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.4.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When conducting a live lineup, the member presenting the lineup should not be involved in the investigation or know the identity of the suspect (Minn. Stat. § 626.8433).

When conducting a photographic lineup, if practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

604.4.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain and document a complete description of the suspect from the witness.

Eyewitness Identification

- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect, or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

604.5 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.5.1 DOCUMENTATION RELATED TO RECORDINGS

The member conducting the lineup should document the reason that an audio and/or video recording was not obtained, if applicable.

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Moorhead Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Moorhead Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Moorhead Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

605.4 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

Moorhead Police Department

Moorhead PD Policy Manual

Brady Material Disclosure

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or County Attorney should then be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the Custodian of Records should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that data ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use and further dissemination of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

605.7 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Administration Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the County Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.

Moorhead Police Department

Moorhead PD Policy Manual

Brady Material Disclosure

1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

605.8 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

Warrant Service

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

606.2 POLICY

It is the policy of the Moorhead Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

606.3 DEFINITIONS

Operations Director - The Operations Director is the Investigative Division Commander or other supervisor if the Investigations Division Commander is not available.

Risk Assessment Forms - The Risk Assessment Forms are the operations planning forms and attachments utilized by the investigator in planning an operation and seeking approval upon the review of the Operations Director and/or on-duty Patrol Shift Commander.

606.4 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

606.5 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the operations director and/or appropriate supervisor for review and classification of risk (see the Operations Planning and Deconfliction Policy).

Warrant Service

606.6 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

606.7 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

606.8 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

Moorhead Police Department

Moorhead PD Policy Manual

Warrant Service

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service may be audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with a minimum of photographs after the search.

606.9 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

606.10 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

Warrant Service

606.11 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Moorhead Police Department are utilized appropriately. Any concerns regarding the requested use of Moorhead Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Moorhead Police Department jurisdiction, the investigator or officer should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Moorhead Police Department when assisting outside agencies or serving a warrant outside Moorhead Police Department jurisdiction.

606.12 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.13 TRAINING

The Training Manager should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

607.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

607.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

Operations Director - The Operations Director is the Investigative Division Commander or other supervisor if the Investigative Division Commander is unavailable.

Risk Assessment Forms - The Risk Assessment Forms are the operations planning forms and attachments utilized by the investigator in planning an operation and seeking approval upon the review of the Operations Director and/or on-duty Patrol Shift Commander.

607.2 POLICY

It is the policy of the Moorhead Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

607.3 OPERATIONS DIRECTOR

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

607.4 RISK ASSESSMENT

607.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases,

Moorhead Police Department

Moorhead PD Policy Manual

Operations Planning and Deconfliction

target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

607.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

607.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. SWAT (SWAT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment

Operations Planning and Deconfliction

5. Medical personnel
 6. Persons trained in negotiation
 7. Additional surveillance
 8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

607.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations. At this time, the Moorhead Police Department utilizes deconfliction in narcotics cases only.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the operations lead will contact the involved jurisdiction and resolve the potential conflict before proceeding.

607.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)

Moorhead Police Department

Moorhead PD Policy Manual

Operations Planning and Deconfliction

2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

607.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

Operations Planning and Deconfliction

607.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations lead to ensure that the Dispatch Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

607.8 SWAT PARTICIPATION

If the operations director determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

607.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

Moorhead Police Department

Moorhead PD Policy Manual

Operations Planning and Deconfliction

607.11 TRAINING

The Training Manager should ensure officers and SWAT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for Department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duties. Certain procedures are required depending on the loss and ownership of the item.

700.2 DOCUMENTATION OF ISSUED PROPERTY

All property issued shall be documented in the appropriate property sheet or equipment log and receipt acknowledged by signature. Upon an employee's separation from the Department, all issued equipment shall be returned and documentation of the return signed by a supervisor.

700.2.1 CARE OF DEPARTMENT PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to, the cost of repair or replacement.

- (a) Employees shall promptly complete a damage to property report through the chain of command, documenting any loss, damage to or unserviceable condition of any department-issued property or equipment assigned for their use.
 - 1. A supervisor receiving such a report shall make an appropriate investigation and complete an Administrative Review and their portion of the City Property Damage Report that shall include the result of his/her investigation and whether the employee followed proper procedures. The supervisor's review shall address whether reasonable care was taken to prevent the loss, damage or unserviceable condition.
 - 2. The Administrative Review by the chain of command will be completed to determine whether misconduct or negligence was involved.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practicable and, if appropriate and approved by staff, replaced with comparable Department property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, Department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without proper authority.

Department-Owned and Personal Property

- (e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 USE OF PERSONAL PROPERTY

The carrying of personal equipment on-duty or its use in the performance of duties requires prior written approval by the Chief of Police. The employee should submit for approval the description of personal property the employee has requested to carry, the reason for its use and the term of its use. Personal property of the type routinely carried by persons not performing law enforcement duties nor comprising a weapon is excluded from this requirement. The Chief of Police should review the request and approve or deny the request as appropriate. Officers carrying personally owned weapons as secondary firearms must have met the policy requirements in Policy #312 Duty Firearms and have written permission from the Chief of Police.

700.3.1 DEFINITIONS

Personal Property - Items or equipment owned by, provided by or purchased totally at the expense of the employee. This definition includes optional equipment items identified in the Uniform Regulations Policy.

700.3.2 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made on the City Property Damage report form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor receiving such a report shall make an appropriate investigation and direct an Administrative Review through the chain of command that shall include the result of his/her investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the Finance Department.

The Department will not replace or repair costly items (e.g., jewelry, exotic equipment) that are not reasonably required as a part of work.

700.3.3 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off-duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes

Moorhead Police Department

Moorhead PD Policy Manual

Department-Owned and Personal Property

to be damaged any real or personal property of another while performing any law enforcement function shall report it as provided below.

- (a) A verbal report shall be made to the employee's immediate supervisor as reasonably soon as circumstances permit.
- (b) A written report shall be submitted before the employee goes off-duty or within the time frame directed by the supervisor to whom the verbal report was made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to personal property or property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a City Property Damage report before going off-duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Commander.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Moorhead Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable data practices laws and rules of civil or criminal procedures.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to

investigations of employee misconduct and, as reasonably practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police or designee. All such searches shall be fully documented in a written report.

701.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may at its discretion issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty subject to the following conditions and limitations:

- (a) Carrying a personally owned PCD is a privilege, not a right.
- (b) The Department accepts no responsibility or liability for loss of or damage to a personally owned PCD.
- (c) Employees shall promptly notify the Department in the event the PCD is lost or stolen.
- (d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (e) The device should not be used for work-related purposes except in exigent circumstances, (e.g. unavailability of radio communications). Employees have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.
- (f) The device shall not be utilized to record or disclose any business-related data, including photographs, video or the recording or transmittal of any data or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (g) Use of a personally owned PCD constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If

Moorhead Police Department

Moorhead PD Policy Manual

Personal Communication Devices

the PCD is carried on-duty, employees will provide the Department with all telephone access numbers of the device.

- (h) All work-related documents, e-mails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Moorhead Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.5.1 PUBLIC RECORDS

Work related information including data created, received, recorded or stored on a personally owned PCD in the course of department duties is considered government data subject to the requirements of the Minnesota Government Data Practices Act and discovery obligations (Minn. Stat. § 13.01 et seq.).

701.6 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent reasonably practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

701.7 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters involving official duties and, where reasonably practicable, stop the vehicle at an appropriate location to use the PCD (Minn. Stat. § 169.475).

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Minn. Stat. § 169.475). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Personal Communication Devices

701.8 OFFICIAL USE

Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive data is not inadvertently transmitted. As soon as reasonably possible, employees shall change over to conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

- (a) Barricaded suspects
- (b) Hostage situations
- (c) Mobile Command Post
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political or community events
- (f) Investigative stakeouts
- (g) Emergency contact with an allied agency or allied agency field unit
- (h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, maintained, refueled and present a clean appearance.

702.2 DEFECTIVE VEHICLES

When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who becomes aware of the defective condition. Paperwork, describing the correction needed, shall be promptly forwarded to vehicle maintenance for repair.

702.2.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged or perform poorly shall be removed from service for inspection and repair as soon as practicable.

702.2.2 SEVERE USE

Vehicles operated under severe use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as reasonably possible. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

702.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all Department vehicles for emergency purposes and to perform routine duties.

702.3.1 PATROL VEHICLES

- 1 blanket
- 1 blood borne pathogen kit, including protective gloves
- 1 sharps container
- 1 hazardous waste disposal bag
- 1 traffic safety vest
- 1 hazardous materials emergency response handbook
- 1 evidence collection kit
- 1 camera

702.4 VEHICLE REFUELING

Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Whenever practicable, vehicles should be fully fueled when placed into service and refueled before the level falls below one-quarter tank.

Vehicles shall only be refueled at an authorized location.

702.5 WASHING OF VEHICLES

All units shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to enhance their appearance.

Officers on patrol shall obtain clearance from the dispatcher before responding to the car wash. Only one marked unit should be at the car wash at a time unless otherwise approved by a supervisor.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Maintenance

Employees using a vehicle shall remove any trash or debris at the end of the shift. Not public data should be placed in a designated receptacle provided for the shredding of this matter.

702.6 CIVILIAN EMPLOYEE USE

Civilian employees using marked vehicles shall ensure all weapons are removed from the vehicle before going into service. Civilian employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Moorhead to provide assigned take-home vehicles.

703.2 POLICY

The Moorhead Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

Members who use a fleet vehicle as part of their work assignment shall ensure that the vehicle is properly checked out and logged on the daily shift roster, according to current procedures, prior to taking it into service. If for any reason during the shift the vehicle is exchanged, the member shall receive prior approval by a supervisor. Vehicle use history can be located through assignment rosters, shift rosters, MDC log on information and fuel pump history reports.

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of the shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

703.3.2 UNSCHEDULED USE OF VEHICLES

Members utilizing a City-owned vehicle for any purpose other than their regularly assigned duties shall first receive permission from the shift supervisor or unit supervisor upon providing the reasons for use. This section does not apply to members permanently assigned an individual vehicle (e.g., command staff, detectives), who regularly use the vehicle on an unscheduled basis as part of their normal assignment.

703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Use

the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.6 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

703.3.7 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Use

as passengers in the vehicle, except as stated in the Ride-Along Policy or as designated by the Chief of Police.

703.3.8 ALCOHOL

Members are prohibited from operating any department vehicle while legally impaired by any substance. On duty members may consume alcohol and operate vehicles if it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

703.3.9 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

703.3.10 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

703.4 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor.

703.5 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any collision report shall be filed with the agency having jurisdiction (see the Traffic Collisions Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in city damage reports and forwarded to the Shift Commander. An administrative investigation may be initiated to determine if there has been any vehicle abuse or misuse.

703.6 TOLL ROADS

Law enforcement vehicles are not routinely exempt from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

- (a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.

Moorhead Police Department

Moorhead PD Policy Manual

Vehicle Use

703.7 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Assigned Patrol Use Vehicle Policy

704.1 PURPOSE AND SCOPE

The Department may assign a patrol use vehicle to full-time officers. This policy shall not be construed to create or imply any contractual obligation by City to assign patrol use vehicles and such assignment is at the discretion of the Chief of Police. Assigned patrol use vehicles have demonstrated a long-term fiscal and service benefit to the City. Vehicles are provided better care during operation and storage and accumulate fewer service miles and hours of operation. This vehicle assignment results in an extended vehicle service life over pool patrol use vehicle assignment. Vehicles subsequently require less frequent replacement and reduced frequency of transfer and replacement of support equipment (radios, emergency, safety equipment). Ultimately per-mile operational costs are reduced.

704.2 LOGISTICS

The Department recognizes that the placement of all patrol vehicles in one location or a select few locations renders an increased risk of fleet damage due to act of nature or disaster (e.g., hail damage, tornado, floods, snowstorms) as well as planned or opportunity-based intentional damage and vandalism, domestic destruction and/or terrorism. These conditions could render the entire Department fleet unavailable for deployment.

704.3 DEFINITION

Patrol Use Vehicle - Includes, but is not limited to, any marked or unmarked squad car, transport, ATV, snowmobile, boat, SWAT vehicle, Mobile Crime Lab, undercover or unmarked vehicle or deployment trailers provided by the Department for the purpose of the job duties required by public safety or emergency response duties or essential job functions.

704.4 ASSIGNMENT OF PATROL USE VEHICLES

Assignment of Police patrol use vehicles shall be governed solely by the City and the Department under the discretion of the Chief of Police.

704.4.1 ELIGIBILITY

Eligibility for assignment of a patrol use vehicle requires the officer to be in good standing with Department.

704.4.2 ASSIGNMENT GUIDELINES AND USE CRITERIA

Guidelines for assignment determination and criteria for use of patrol use vehicles include the following:

- (a) The location of the officer's home, nature of the officer's duties, job description and essential functions and employment status. Residence in the City is a prime consideration.

Moorhead Police Department

Moorhead PD Policy Manual

Assigned Patrol Use Vehicle Policy

- (b) The Chief of Police retains the right to assign/revoke any or all assigned patrol use vehicle.
- (c) Patrol use vehicles should be operated in accordance with Department policy and state law.
- (d) Patrol use vehicles shall not be used for unapproved use, either on- or off-duty and are restricted to operation by City employees, peace officers assigned to the City or by peace officers under their direction.
- (e) Patrol use vehicles are to be parked off-street if at the officer's residence.
- (f) Patrol use vehicles are subject to inspection, search and validation of location at all times by the Chief of Police, designee or any on-duty supervisor and shall be inspected at least quarterly.
- (g) Patrol use vehicles are to be secured in a garage at the officer's home or left at the Department when an officer is on vacation. If the vehicle remains at the home of the officer, the Department shall have access to the vehicle, including if garaged. If the officer is unable or unwilling to provide access the patrol use vehicle it shall be parked at the Department.
- (h) A patrol use vehicle despite assignment to an officer for specific duties may be re-assigned or utilized by other Department personnel at the discretion of the Department.
- (i) The assignment of patrol use vehicles may be suspended when the officer is unable to perform his/her regular assignment.
- (j) Officers who live outside the City may be assigned a patrol use vehicle at the discretion of the Chief of Police.
- (k) Any patrol use vehicle assignment that is declined will be secured or garaged at the station.
- (l) Patrol use vehicles will not be used by members when off-duty with the following exceptions:
 - 1. On-call administrative positions, Chief of Police and Division Commanders.
 - 2. In circumstances when an officer has been placed on call by the Chief of Police or Division Commanders and there is a high possibility the officer will be called back to duty.
 - 3. When the officer is performing a work-related function while off-duty, including patrol use vehicle maintenance or travelling to or from a work-related activity or function.
 - 4. When the officer has received permission for the use of the patrol use vehicle from the Chief of Police or Division Commanders.

Moorhead Police Department

Moorhead PD Policy Manual

Assigned Patrol Use Vehicle Policy

- (m) An officer's family members or other persons will not be allowed to ride in any marked vehicle except as stated in the Ride-Along Policy or at supervisor approval.
- (n) Officers are prohibited from operating a patrol vehicle when on- or off-duty if the officer is under the influence of alcohol, unless required by some duty assignment as approved by the Chief of Police. However, regardless of assignment employees may not violate state law regarding vehicle operation while intoxicated.
- (o) Whenever operating marked patrol vehicles whether on or off-duty the officer will be armed. In unmarked patrol use vehicles, the officer shall have immediate access to their approved firearm. Officers should be prepared to perform any function they would be expected to perform while on duty.
- (p) The two-way communications radio, MDC and Global Positioning Satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation with some exceptions for out of town travel (training etc).
- (q) Officers shall ensure all weapons are secure while the patrol use vehicle is unattended.
- (r) Unattended patrol use vehicles are to be locked and secure at all times. No key should be left in plain view in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine environmental safety and charging).

The Chief of Police or designee may make exceptions to these provisions.

704.5 VEHICLE ALTERATIONS

Alterations of any type to a patrol use vehicle require prior written authorization of the Chief of Police or designee.

704.6 OFFICER MAINTENANCE RESPONSIBILITIES

Officers will be responsible for the upkeep of their assigned patrol use vehicle. Failure to adhere to these requirements may result in discipline and loss of patrol use vehicle assignment. The following should be performed as outlined below:

- (a) When in operation the officer must be prepared and reasonably available to respond to emergency. If officers are summoned to, or involved in, a law enforcement activity shall notify dispatch of their response or activity and should continue the action until cancelled or concluded.
- (b) Vehicles should be fueled at the end of each shift to prepare for an emergency response at the next use.
- (c) Upon start of shift check all fluid levels, tires, all safety and emergency equipment, interior and exterior to verify the vehicle is in a safe operating condition and prepared for emergency service.

Moorhead Police Department

Moorhead PD Policy Manual

Assigned Patrol Use Vehicle Policy

- (d) At the start and end of any use inspect the vehicle for any damage. If damage is discovered, advise your immediate supervisor.
- (e) Vehicle is kept clean both inside and out as is reasonable and all work-related and issued equipment is in the patrol use vehicle. The appearance of the vehicle reflects directly upon the officer and the entire Department.
- (f) Ensure all scheduled vehicle maintenance and car washes are performed as necessary at a facility approved by the Department supervisor in charge of vehicle maintenance. The Department shall be notified of problems with Department-owned vehicles and approve any major repairs before they are performed. Scheduled regular maintenance, unless specified otherwise, is to perform vehicle maintenance as set by the vehicle manufacturer. This includes no less than:
 - 1. Belts, battery, fluids and radiator.
 - 2. Tune-ups, tires, brakes.
 - 3. Lube, oil and filter service every 3,000 miles.
- (g) Vehicle maintenance should not be delayed and should be coordinated in advance when reasonably possible for completion during an officer's regular duty time to minimize cost to the City. If unanticipated circumstances thwart such advance planning, the officer should arrange an alternative for timely vehicle maintenance with the Department supervisor in charge of vehicle maintenance. Vehicle maintenance during off-duty time resulting in overtime pay should be avoided and is warranted only in unusual circumstances after prior approval of a supervisor.
- (h) Receipts for all maintenance and service work should be submitted monthly to the Department supervisor in charge of vehicle maintenance.
- (i) Vehicles should be plugged in when temperature drops below 10 degrees Fahrenheit.

704.7 ATTIRE AND APPEARANCE

When operating a patrol use vehicle off-duty officers may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public attire and appearance regardless of the activity should be suitable to reflect positively upon the Department.

Cash Handling, Security and Management

705.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence Section and Informants policies.

705.2 PETTY CASH FUNDS

The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

705.3 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

705.4 PETTY CASH AUDITS

The manager of a petty cash fund shall audit the fund no less than once every quarter. This audit requires that the manager and at least one other person of similar or higher rank, review the ledger, records, receipts and funds, verifying the accuracy of the accounting. Each participant of the audit shall sign the ledger attesting to the accuracy of all documentation and fund accounting. On an annual basis, the Finance Department shall perform an independent audit of the accounting. Any discrepancies in the audit requires documentation by those performing the audit and immediate reporting of the discrepancy to the Chief of Police.

Should fund management be transferred to any person, each transfer of this responsibility shall require completion of a separate Petty Cash Audit by those persons involved in the transfer.

A separate audit by the Chief of Police or the City should be completed on a random date approximately once each year on each petty cash fund.

705.5 ROUTINE CASH HANDLING

Members of the Department authorized to routinely handle cash as part of their assignment are property officers and the Investigative Division Commander. Routine cash handling shall

Moorhead Police Department

Moorhead PD Policy Manual

Cash Handling, Security and Management

be pursuant to their specific policies (see the Confidential Informants and Property Procedures Policies).

705.6 OTHER CASH HANDLING

Members of the Department who, within the course of their duties come into the possession of cash that is not their property or is outside their defined cash handling duties shall, as soon as reasonably practical, verify the amount of cash along with another employee present, and process the cash as safekeeping, evidence or found property. One of the employees involved in this handling, verification or processing of cash shall complete a currency log, signed by both employees, with one copy to be forwarded to case file and one with the cash.

705.7 POLICY

It is the policy of the Moorhead Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

Personal Protective Equipment

706.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

706.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical, or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

706.2 POLICY

The Moorhead Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

706.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Workplace Accident and Injury Reduction Policy to recommend new or improved PPE or additional needs for PPE.

706.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed industry standards for use at firing ranges (29 CFR 1910.95; Minn. R. 5205.0010).

706.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the

Personal Protective Equipment

prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Rangemaster shall ensure eye protection meets or exceeds consensus standards set by the American National Standards Institute (29 CFR 1910.133; Minn. R. 5205.0010).

706.6 HEAD AND BODY PROTECTION

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg, and groin protection should be provided as required by any collective bargaining agreement.

706.7 RESPIRATORY PROTECTION

The Administration Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; Minn. R. 5205.0010):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding, and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA), and state PPE standards and guidelines.

706.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall

Moorhead Police Department

Moorhead PD Policy Manual

Personal Protective Equipment

reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; Minn. R. 5205.0010):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge, or canister.

706.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators, or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke, or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; Minn. R. 5205.0010):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles, or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

706.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes, or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; Minn. R. 5205.0010).

 - 2. For data stored and made available in electronic form via remote access, public inspection includes allowing remote access by the public to the data and the ability to print copies or download the data. A fee may be charged for remote access to data where either the data or the access is enhanced at the request of the person seeking access (Minn. Stat. § 13.03, Subd. 3(b)).
- (b) Government data maintained by this department using a computer storage medium shall be provided in that medium in electronic form, if a copy can be reasonably made. Any member who receives a subpoena duces tecum or discovery request for data should promptly contact a supervisor and the Custodian of Records for review and processing. Expunged records may be opened only by court order (Minn. Stat. § 609A.03, Subd. 7).

Expunged records of conviction may be opened for purposes of evaluating a prospective employee of the Department without a court order.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Moorhead Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity possible.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Moorhead Police Department

Moorhead PD Policy Manual

Evaluation of Employees

1001.4 EVALUATION FREQUENCY

Employees are evaluated based on the following chart:

Position	Evaluated Every Month	Evaluated Yearly	Length of Probation
Probationary Licensed Employees	X		1 Year
Non-Probationary Licensed Employees		X	
Probationary Civilian Employees	Quarterly		1 Year
Non-Probationary, Civilian Employees		X	

1001.4.1 VOLUNTEER AND RESERVE OFFICER EVALUATIONS

Volunteer and reserve officer evaluations are covered in the Volunteer Program Policy.

1001.5 FULL-TIME PROBATIONARY PERSONNEL

Personnel must successfully complete the probationary period before being eligible for certification as regular employees. An evaluation will be completed monthly for all full-time civilian personnel during the probationary period. Probationary licensed personnel are evaluated daily, weekly and monthly during the probationary period.

1001.6 FULL-TIME REGULAR STATUS PERSONNEL

Regular employees are subject to three types of performance evaluations:

Regular - For civilian employees: An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on or near the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

For sworn/licensed employees: Evaluations are completed annually at the same time for all staff. The time coincides with the first shift change of the year. For patrol officers, evaluations will be completed in parts at the time of each shift change and will be collated into one final evaluation at the time of the first shift change of the year.

Transfer- If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer an evaluation shall be completed by the current supervisor with input from the previous supervisor. For certain circumstances involving a short period since the last evaluation, the transfer evaluation may be completed in memo form as approved by the Deputy Chief or Chief of Police.

Special - A special evaluation may be completed any time the supervisor, commander, or administrator in the employee's chain of command determine one is necessary due to employee

Evaluation of Employees

performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (e.g., action plan, remedial training, retraining). The evaluation form and the attached documentation shall be submitted as one package.

1001.6.1 RATINGS

For Civilian Employees: When completing the Employee Performance Evaluation, the supervisor will document the employee's performance as accurately as possible. The definition of each rating category is as follows:

Outstanding - Actual performance that is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds Standards - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected but is not of such rare nature to warrant outstanding.

Meets Standards - Performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - A level of performance less than that expected of a fully competent employee and less than the standards required of the position. A needs-improvement rating must be thoroughly discussed with the employee. **Unsatisfactory** - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the supervisor comments section. This section allows the supervisor to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

For Sworn/Licensed Employees: The evaluation form is in text format without ratings and documents the performance.

1001.7 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the recently completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Employees may also write comments in the Employee Comments section of the performance evaluation report.

1001.9 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the Human Resources Department for the tenure of the employee's employment. A copy will be given to the employee and a copy will be maintained by the police department.

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1004.2 POLICY

The Moorhead Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.

- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Personnel Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

1005.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Minnesota and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Minn. Stat. § 518B.01).

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1005.5 CHEMICAL DEPENDENCY TREATMENT

If an officer is informally admitted to a treatment facility or program pursuant to Minn. Stat. § 253B.04 for chemical dependency he/she is not eligible to possess a pistol, unless the officer possesses a certificate from the head of the treatment facility discharging or provisionally discharging the officer from the treatment facility (Minn. 1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1006.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession or use of medical cannabis or being under the influence of cannabis on- or off-duty is prohibited and may lead to disciplinary action under this policy or the Standards of Conduct Policy for a violation of federal law through possession of marijuana or a derivative.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances on department premises or on department time (41 USC § 8103). Drug- and Alcohol-Free Workplace

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

- (b) Initial screening tests must be verified by a confirmatory test for the purpose of discipline.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Minnesota Pregnancy and Parenting Leave Act (29 USC § 2601 et seq.; Minn. Stat. § 181.941).

1007.2 POLICY

It is the policy of the Moorhead Police Department to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Shift Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return

Sick Leave

to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Moorhead Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY

The Moorhead Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
 - 2. Exposure control mandates in 29 CFR 1910.1030 (Minn. R. 5206.0600).

Moorhead Police Department

Moorhead PD Policy Manual

Communicable Diseases

3. Reporting cases and suspected cases of communicable diseases to the Department of Public Health (Minn. R. 4605.7070; Minn. Stat. § 144.4804).
4. Notifying appropriate medical facilities regarding member exposures and providing assistance locating source individuals, as applicable (Minn. Stat. § 144.7414)

The ECO should also act as the liaison with the Minnesota Occupational Safety and Health Administration (MNOSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1008.4 EXPOSURE PREVENTION AND MITIGATION

1008.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; Minn. R. 5206.0600):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Communicable Diseases

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; Minn. R. 5206.0600).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1008.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; Minn. R. 5206.0600):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease, Personal Injury and Death Reporting Policy).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information (29 CFR 1910.1030; Minn. R. 5206.0600):

- (a) Whether the member has been informed of the results of the evaluation.

Moorhead Police Department

Moorhead PD Policy Manual

Communicable Diseases

- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; Minn. R. 5206.0600).

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Seeking testing through the procedures of Minn. Stat. § 144.7401 to Minn. Stat. § 144.7415 through a licensed hospital or other emergency medical care facility.

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well (Minn. Stat. § 144.7411).

1008.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; Minn. R. 5206.0700):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Moorhead Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY

The Moorhead Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Minn. Stat. § 144.414).

1009.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1009.4 ADDITIONAL PROHIBITIONS

No employee shall smoke, even while out of view of the public or off-duty, in areas properly posted with "No Smoking" notices nor shall any employee use tobacco products on public school property (Minn. Stat. § 609.681; Minn. Stat. § 144.4165). The Chief of Police or the authorized designee should ensure that proper signage is in place for notice of areas where tobacco use is restricted (Minn. R. 4620.0500).

Personnel Complaints

1010.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Moorhead Police Department (Minn. R. 6700.2200). This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.2 POLICY

The Moorhead Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any memorandum of understanding.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1010.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Personnel Complaints

1010.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.
- (f) The Minnesota Board of Peace Officer Standards and Training (POST) may refer complaints alleging a violation of a statute or rule that the board is empowered to enforce (Minn. Stat. § 214.10, Subd. 10).
- (g) Any person making a complaint may be accompanied by an attorney or other representative, including at the time the complaint is made.
- (h) Any person wishing to file a complaint against the Chief of Police should be referred to the City Manager for investigation by an outside agency.

1010.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1010.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1010.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1010.4.3 COMPLAINT COPIES

After a complaint is filed, the accepting member should sign the document, keep a copy for the department and provide a copy to the complainant.

Personnel Complaints

1010.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1010.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows (Minn. R. 6700.2200).

1010.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Shift Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Commander.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Commander and Chief of Police are notified via the chain of command as soon as practicable.

Moorhead Police Department

Personnel Complaints

- (e) Promptly contacting the Department of Human Resources and the Shift Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Shift Commander, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1010.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or an assigned member of the Internal Affairs Unit, the following shall apply to members covered by the Peace Officer Discipline Procedures Act (Minn. Stat. § 626.89):

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty (Minn. Stat. § 626.89, Subd. 7). If the member is off-duty, he/she shall be compensated.
- (b) Unless waived by the member, interviews of an accused member shall be at the Moorhead Police Department or at a place agreed upon by the accused member (Minn. Stat. § 626.89, Subd. 4).
- (c) No more than two interviewers should ask questions of an accused member.
- (d) Prior to any interview, a member should be informed of the nature of the investigation.
 - 1. The member shall be given a copy of any written complaint signed by the complainant (Minn. Stat. § 626.89, Subd. 5).
- (e) All interviews should be for a reasonable period and the member's personal needs should be accommodated (Minn. Stat. § 626.89, Subd. 7).
- (f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators

Moorhead Police Department

Moorhead PD Policy Manual

Personnel Complaints

should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer shall record all interviews of members and witnesses. The member may also record the interview. A complete copy or transcript of the interview must be made available to the member upon written request without charge or undue delay. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview (Minn. Stat. § 626.89, Subd. 8).
- (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative or attorney present before or during the interview (Minn. Stat. § 626.89, Subd. 9). When a member requests a representative or attorney, no interview may be taken until a reasonable opportunity is provided for the member to obtain that person's presence. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) All members shall provide complete and truthful responses to questions posed during interviews.
- (k) No member may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.
- (l) Before a formal statement is taken, the member shall be advised in writing or on the record that admissions made may be used as evidence of misconduct or a basis for discipline (Minn. Stat. § 626.89, Subd. 10).
- (m) A member may not be required to produce financial records (Minn. Stat. § 626.89, Subd. 11).
- (n) A member's photograph will not be released unless allowed by law (Minn. Stat. § 626.89, Subd. 12).

1010.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Moorhead Police Department

Moorhead PD Policy Manual

Personnel Complaints

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1010.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

The Chief of Police may authorize that any investigation be re-opened any time substantial new evidence is discovered concerning the complaint.

1010.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

1010.6.6 EXTERNAL INVESTIGATIONS

The Chief of Police may request that an outside agency conduct an investigation anytime the Chief of Police determines an external investigation is appropriate.

This department should not conduct an investigation when the Chief of Police is the subject of the complaint. An external investigation should be requested through the City Manager.

Moorhead Police Department

Moorhead PD Policy Manual

Personnel Complaints

1010.6.7 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation shall provide the complainant with periodic updates on the status of the investigation, as appropriate, and consistent with the provisions of the Minnesota Government Data Practices Act (Minn. Stat. § 13.43, Subd. 2; Minn. R. 6700.2200).

1010.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1010.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1010.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Moorhead Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

Moorhead Police Department

Moorhead PD Policy Manual

Personnel Complaints

The Chief of Police may postpone making a decision on an administrative investigation until any related criminal charges are resolved. The complainant and involved member should be informed of this decision.

1010.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1010.10.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1010.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed that is a suspension or more, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Moorhead Police Department

Moorhead PD Policy Manual

Personnel Complaints

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1010.10.3 MINNESOTA POST INVESTIGATIONS

The Minnesota POST Board may require an administrative investigation based upon a complaint alleging a violation of a statute or rule that the board is empowered to enforce. Any such misconduct allegation or complaint assigned to this department shall be completed and a written summary submitted to the POST executive director within 30 days of the order for inquiry (Minn. Stat. § 214.10, Subd. 10).

1010.10.4 DISCIPLINE

Disciplinary action may include, but is not limited to (Minn. R. 6700.2200):

- (e) Discharge.

1010.10.5 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint. Notice must be consistent with the provisions of the MGD (Minn. Stat. § 13.43, Subd. 2; Minn. R. 6700.2200).

1010.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline that is of a suspension or more. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1010.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1010.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules (Minn. R. 6700.2200).

Employees covered by the Veterans Preference Act are entitled to written notice of the right to request a hearing within 30 days of receipt of the notice of intent to terminate, suspend or demote. Failure to request the hearing in the time specified waives the right to the hearing and all other legal remedies. Any hearing shall be held in compliance with law (Minn. Stat. § 197.46).

1010.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy except for employees covered by the Veterans Preference Act (Minn. Stat. § 197.46). However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee (Minn. R. 6700.2200).

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1010.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1010.15.1 CONFIDENTIALITY OF PERSONNEL FILES

All active investigations of alleged misconduct and personnel complaints shall be considered confidential and maintained separately from peace officer personnel files. The contents of such files shall not be revealed to other than the involved member or authorized personnel, except pursuant to lawful process, such as Minn. R. 6700.2500. Data in closed files shall be treated as private or public data depending on whether discipline was imposed upon the member.

1010.15.2 LETTERS OF DISCIPLINE AND REPRIMANDS

Letters of discipline and reprimands may only be placed in a member's personnel file after they are received by the member (see generally Minn. Stat. § 626.89, Subd. 13).

Seat Belt Procedure

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Minn. Stat. § 169.686).

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (Minn. Stat. § 169.685).

1011.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (Minn. Stat. § 169.686).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1011.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be, when practicable, in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Moorhead PD Policy Manual

Seat Belt Procedure

1011.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1011.6 POLICY

It is the policy of the Moorhead Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1011.7 TRANSPORTING CHILDREN

All children younger than 8 years of age and shorter than 4 feet 9 inches tall shall be restrained in a child passenger safety seat system (Minn. Stat. § 169.685, Subd. 5(b)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. This also applies when it may not be possible to have a child seat brought to the location of the transport. If no other options are available, the officer may provide transport as it may be the most appropriate option.

1011.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the Moorhead Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR

The Quartermaster shall ensure that body armor is issued to all officers when the officer begins service at the Moorhead Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1012.3.2 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Officers should be cognizant that soft body armor construction could be deteriorated through improper storage for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room

Body Armor

temperature/humidity conditions), such as in automobiles or automobile trunks and therefore seasonal adjustments for storage may be necessary.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

1012.4 RANGEMASTER RESPONSIBILITIES

The Quartermaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

- 16 hours in one day (24 hour) period or
- 30 hours in any two day (48 hour) period or
- 84 hours in any seven day (168 hour) period

Except in very limited circumstances members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, special events, contract work, general overtime and any other work assignments.

1015.8 APPEALS

Employees disputing the application or interpretation of this policy may submit a grievance as provided in the Grievance Procedure Policy or the applicable collective bargaining agreement.

Meal Periods and Breaks

1016.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as reasonably possible shall conform to the policy governing all City employees pursuant to Minn. Stat. § 177.253, Minn. Stat. § 177.254 and Minn. R. § 5200.0120.

1016.1.1 MEAL PERIODS

Each employee who works for eight or more consecutive hours is entitled to sufficient time to eat a meal (Minn. Stat. § 177.254). Licensed employees shall remain on-duty subject to call during meal periods. All other employees are not on call during meal periods unless directed otherwise by a supervisor.

Uniformed officers shall request clearance from the Dispatch Center prior to taking a meal period. Uniformed officers shall take their meal periods within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1016.1.2 10 MINUTE BREAKS

Each employee is allowed adequate time from work within each four consecutive hours of work to utilize the nearest convenient restroom (Minn. Stat. § 177.253)(City Policy 5.15).

The City provides a 15-minute rest period for each four (4) consecutive hours of work. Paid rest periods are provided during scheduled working hours to give employees a few minutes to relax away from their work. These breaks cannot exceed 15 minutes, including the time required to get to and from a rest break area.

The level of work activity occasionally necessitates an employee missing a break. Since the 15-minute rest breaks are paid and taken as workload permits, an employee will not receive compensatory time for working through missed breaks. Employees cannot purposely miss rest periods in order to accumulate time to be used to extend unpaid lunch periods or to leave early at the end of the day.

Field officers taking their breaks are subject to call, and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge of the Dispatch Center.

Lactation Break Policy

1017.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1017.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act and Minnesota law, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child, pursuant to Minn. Stat. § 181.939 and 29 USC § 207.

1017.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Employees desiring to take a lactation break shall notify the Dispatch Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt Department operations (Minn. Stat. § 181.939).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1017.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public. The location must have access to an electrical outlet (Minn. Stat. § 181.939; 29 USC § 207).

The area assigned for this purpose should not be used for storage of any devices, supplies or expressed milk and should be returned to its original state after each use.

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

1017.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

Payroll Records

1018.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1018.2 POLICY

The Moorhead Police Department maintains timely and accurate payroll records.

1018.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1018.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the City payroll procedures.

1018.5 RECORDS

The Administration Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1019.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt employees who work authorized overtime by payment of wages as agreed and in effect through the collective bargaining agreements. In order to qualify for overtime, the employee must complete and submit a Request for Overtime Payment as soon as practicable after overtime is worked.

1019.1.1 DEPARTMENT POLICY

Because of the nature of law enforcement work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

1019.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1019.2.1 EMPLOYEES' RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Shift Commander.

1019.2.2 SUPERVISOR RESPONSIBILITIES

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

1019.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. If their collective bargaining agreement provides that a minimum number of hours will be paid, (e.g., police officers 3 hour minimum call back) the minimum number of hours will be submitted on their electronic overtime requests.

1019.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
Up to 15 minutes	.25 hour
16 to 30 minutes	.50 hour

Outside Employment

1020.1 PURPOSE AND SCOPE

To avoid actual or perceived conflicts of interest for Department employees engaging in outside employment, all employees shall initially obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1020.1.1 DEFINITIONS

Outside Employment - The employment of any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Overtime involving any member of this department who performs duties or services on behalf of an outside organization, company or individual within this jurisdiction on behalf of the Department. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1020.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy is grounds for disciplinary action.

To obtain approval for outside employment, the employee must complete an Authorization Request for Off-Duty Employment that shall be submitted to the employee's immediate supervisor. The application will then be forwarded through the appropriate chain of command to the Chief of Police for consideration. This form shall be submitted in January of each year for continuing employment.

If approved, the employee will be provided with a copy of the approved authorization. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which it is approved. Any employee seeking to continue outside employment shall submit a new Authorization Request for Off-Duty Employment in a timely manner.

Any employee seeking approval of outside employment whose request has been denied shall be provided with a written reason for the denial of the application at the time of the denial and within 30 days of the application.

Moorhead Police Department

Moorhead PD Policy Manual

Outside Employment

1020.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Authorization Request for Off-Duty Employment is denied or rescinded by the Department, the employee may file a written notice of appeal to the Chief of Police within 10 days of the date of denial. Further dispute over outside employment would follow applicable policy and existing labor agreements.

1020.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any Authorization Request for Off-Duty Employment may be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension. Revocation will be implemented after the employee has exhausted the appeal process.

The outside employment may be revoked:

- (a) If an employee's performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency and the outside employment may be related to the employee's performance. The Chief of Police may, at his/her discretion, notify the employee of the intent to revoke any previously approved Authorization Request for Off-Duty Employment. After the appeal process has concluded, the revocation will remain in force until the employee's performance directly related to the outside employment has been reestablished to the minimum level of acceptable competency.
- (b) If, at any time during the term of a valid outside employment authorization, an employee's conduct or outside employment conflicts with the provisions of Department policy, or any law.
- (c) The outside employment creates an actual or apparent conflict of interest with the Department or City.

1020.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any Authorization Request for Off-duty Employment submitted by an employee seeking to engage in any activity that:

- (a) Involves the employee's use of Department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act that the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involves the performance of an act other than the employee's capacity as a member of this department, that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

Moorhead Police Department

Moorhead PD Policy Manual

Outside Employment

- (d) Involves time demands that would render performance of the employee's duties for this department below minimum standards or would render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

1020.3.1 OUTSIDE SECURITY EMPLOYMENT

Due to the potential conflict of interest no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a request to the Chief of Police in advance of the desired service. Such outside overtime will be monitored by the patrol supervisor.

- (a) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (b) If such a request is approved, any employee working outside overtime shall be subject to the following conditions:
 - 1. The officer(s) shall wear the Department uniform/identification.
 - 2. The officer(s) shall be subject to all the rules and regulations of this department.
 - 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 - 5. Outside security services, outside employment or outside overtime shall not be subject to the collective bargaining process.
 - 6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1020.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official law enforcement action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to Department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1020.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity that might reasonably disclose the officer's law enforcement status.

Outside Employment

1020.4 DEPARTMENT RESOURCES

Employees are prohibited from using any Department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1020.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his/her outside employment during the period of a valid authorization, the employee shall promptly submit written notification of such termination to the Chief of Police through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material shall report the change.

1020.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY OR ADMINISTRATIVE LEAVE

Department members engaged in outside employment that are placed on disability or administrative leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether they intend to continue to engage in outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any work-related doctor's orders and make a recommendation to the Chief of Police whether such outside employment should continue or be suspended or revoked.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding the work permit, a notice of intent to revoke the employee's authorization will be forwarded to the involved employee and a copy attached to the original Authorization Request for Off-Duty Employment. The revocation process outlined in this policy shall be followed.

Criteria for revoking or suspending the outside employment permit while on disability status or administrative leave include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled employee, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty employee.
- (c) The employee's failure to make timely notice of his/her intentions to their supervisor.
- (d) The outside employment is not compatible with the reason the employee is on administrative leave.

Occupational Disease, Personal Injury and Death Reporting

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, personal injuries and deaths.

1021.1.1 DEFINITIONS

Definitions related to this policy include (Minn. Stat. § 176.011):

Occupational disease – A mental impairment or physical disease arising out of and in the course of employment peculiar to the occupation in which the member is engaged and due to causes in excess of the hazards ordinary of employment. The term includes diagnosis of post-traumatic stress disorder (PTSD) by a psychiatrist or psychologist; however, mental impairment is not considered a disease if it results from a disciplinary action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement or similar action taken in good faith by the Department.

Personal injury – Any mental impairment or physical injury arising out of and in the course of employment, including personal injury caused by occupational disease, while engaged in, on or about the premises where the member's services require the member's presence as part of that service at the time of the injury and during the hours of that service. Personal injury does not include an injury caused by the act of a third person or fellow department member who intended to injure the member because of personal reasons, and not directed against the member as a member of the Moorhead Police Department, or because of the employment with the Moorhead Police Department. Mental impairment is not considered a personal injury if it results from a disciplinary action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement or similar action taken in good faith by the Department.

1021.2 POLICY

The Moorhead Police Department will address occupational diseases, personal injuries and deaths appropriately, and will comply with applicable state workers' compensation requirements (Minn. Stat. § 176.231).

1021.3 RESPONSIBILITIES

1021.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or personal injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

Moorhead Police Department

Moorhead PD Policy Manual

Occupational Disease, Personal Injury and Death Reporting

1021.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or personal injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Workplace Accident and Injury Reduction policies apply and take additional action as required.

1021.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease, personal injury or death should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity and the Administration Division Commander to ensure any required Minnesota Occupational Safety and Health Administration (MNOSHA) reporting is made as required in the illness and injury prevention plan identified in the Workplace Accident and Injury Reduction Policy.

1021.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1021.4 OTHER DISEASE OR INJURY

Diseases, injuries or deaths caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1021.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or personal injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1021.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or personal injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member

Moorhead Police Department

Moorhead PD Policy Manual

Occupational Disease, Personal Injury and Death Reporting

accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Personal Appearance Standards

1022.1 PURPOSE AND SCOPE

To project uniformity and neutrality toward the public and other members of the Department, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this department and for their assignment.

1022.2 GROOMING STANDARDS

Unless otherwise stated and because deviations from these standards could present officer health safety issues, the following appearance standards shall apply to all employees, except those whose current assignment would deem them not appropriate, and where the Chief of Police has granted exception.

1022.2.1 HAIR

Hairstyles of all members shall be neat in appearance. For male licensed members, hair must not extend below the top edge of the uniform collar while assuming a normal stance.

Sideburns shall not extend below the bottom of the outer ear opening (the top of the earlobes) and shall be trimmed and neat.

1022.2.4 FACIAL HAIR

Facial hair other than sideburns, mustaches and eyebrows shall not be worn, unless authorized by the Chief of Police or designee.

1022.2.5 FINGERNAILS

Fingernails extending beyond the tip of the finger can pose a safety hazard to officers or others. For this reason, fingernails shall be trimmed so that no point of the nail extends beyond the tip of the finger.

1022.2.6 JEWELRY

For the purpose of this policy, jewelry refers to rings, earrings, necklaces, bracelets, wristwatches, and tie tacks or tie bars. Jewelry shall present a professional image and may not create a safety concern for the department member or others. - (e) Wristwatches shall be conservative and present a professional image.

- b. Offensive: If the marking depicts, describes, or refers to intolerance or discrimination against any race, color, preference, creed, religion, gender, national origin, or it is associated with any political references, organizations or groups that advocate intolerance or discrimination or brings discredit upon the department, detracts from the professional appearance of the employee, or violates the standards of decency and morality as determined by the Chief of Police.

Markings determined to be inappropriate or offensive shall be covered with a department authorized piece of attire. Employees can seek pre-approval of markings from the Chief of Police so any modifications can be made to bring the markings into compliance with this policy.

The Chief of Police or designee of the Chief shall be the final authority in determining if a marking is considered inappropriate or offensive so the best practice for new tattoos is to seek approval for the marking before getting the tattoo.

1022.4 BODY PIERCING OR ALTERATION

Body piercing or alteration to any area of the body that is visible in any authorized uniform or attire, and is a deviation from normal anatomical features and that is not medically required is prohibited. Such body alteration includes, but is not limited to:

POST Licensing

1030.1 PURPOSE AND SCOPE

Maintaining a valid POST license is a critical element of an officer's ability to continue their employment and is their sole professional responsibility. Every officer and every part-time officer is required to complete the continuing education requirements to maintain a valid license every three years (Minn. R. § 6700.0900; Minn. R. 6700.1000).

1030.2 RENEWAL SCHEDULE

Any officer whose license expires is not authorized to work as a peace officer until the license status is valid. Officers renew their POST licenses according to a schedule established by Administrative Rule (Minn. R. 6700.1000).

1030.2.1 LICENSE RENEWAL CREDITS

A peace officer license may be renewed only upon the licensee or the licensee's appointing authority providing the POST board proof the licensee has successfully completed board-approved continuing education and posting of fees on or before June 30 of the year a license is due for renewal. Licensee required hours of continuing credit are (Minn. R. 6700.1000, Subd. 3):

- 16 hours for a peace officer or a part-time peace officer who has been licensed for at least six months but less than 18 months.
- 32 hours for a peace officer or a part-time peace officer who has been licensed for at least 18 months but less than 30 months.
- 48 hours for a peace officer or a part-time peace officer who has been licensed for at least 30 months.

1030.3 LICENSE PROCESS

A general schedule for the license renewal process is:

- February - The Department or officer will receive employment verification.
- March - The Department or officers are sent a license renewal application.
- June - A final notice will be sent from POST for those who have not renewed.
- June 30 - The deadline date for license renewal after which officers whose license expires will no longer be authorized to practice law enforcement or carry a firearm.

1030.4 INACTIVE LICENSE

Officers who fail to complete the requirements will have their license placed in the "Inactive" status. The employee may then be placed in a temporary administrative assignment until their license is "Valid". Those employees may also face administrative discipline up to and including termination.

Line-of-Duty Deaths

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Moorhead Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1031.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

C ISM - Critical Incident Stress Management for the purpose of this policy is considered synonymous with PACT (Peer Assistance Crisis Team) and EAP (Employee Assistance Program).

1031.2 POLICY

It is the policy of the Moorhead Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1031.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Commander and the Dispatch Center.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Shift Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

Line-of-Duty Deaths

- (c) If the member has been transported to the hospital, the Shift Commander or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1031.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, the Shift Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

Moorhead Police Department

Moorhead PD Policy Manual

Line-of-Duty Deaths

- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Moorhead Police Department members may be apprised that survivor notifications are complete.

1031.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1031.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Line-of-Duty Deaths

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1031.6 LIAISONS AND COORDINATORS

The Survivor Support Liaison should be selected by the deceased member's Division Commander. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

PROFESSIONAL CONDUCT OF PEACE OFFICERS MODEL POLICY
MN STAT 626.8457

I. POLICY

It is the policy of the _____ (law enforcement agency) to investigate circumstances that suggest an officer has engaged in unbecoming conduct, and impose disciplinary action when appropriate.

II. PROCEDURE

This policy applies to all officers of this agency engaged in official duties whether within or outside of the territorial jurisdiction of this agency. Unless otherwise noted this policy also applies to off duty conduct. Conduct not mentioned under a specific rule but that violates a general principle is prohibited.

A. PRINCIPLE ONE

Peace officers shall conduct themselves, whether on or off duty, in accordance with the Constitution of the United States, the Minnesota Constitution, and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

1. Rationale: Peace officers conduct their duties pursuant to a grant of limited authority from the community. Therefore, officers must understand the laws defining the scope of their enforcement powers. Peace officers may only act in accordance with the powers granted to them.

2. Rules

- a) Peace officers shall not knowingly exceed their authority in the enforcement of the law.
- b) Peace officers shall not knowingly disobey the law or rules of criminal procedure in such areas as interrogation, arrest, detention, searches, seizures, use of informants, and preservation of evidence, except where permitted in the performance of duty under proper authority.
- c) Peace officers shall not knowingly restrict the freedom of individuals, whether by arrest or detention, in violation of the Constitutions and laws of the United States and the State of Minnesota.
- d) Peace officers, whether on or off duty, shall not knowingly commit any criminal offense under any laws of the United States or any state or local jurisdiction.
- e) Peace officers will not, according to MN STAT 626.863, knowingly allow a person who is not a peace officer to make a representation of being a peace officer or perform any act, duty or responsibility reserved by law for a peace officer.

B. PRINCIPLE TWO

Peace officers shall refrain from any conduct in an official capacity that detracts from the public's faith in the integrity of the criminal justice system.

1. Rationale: Community cooperation with the police is a product of its trust that officers will act honestly and with impartiality. The peace officer, as the public's initial contact with the criminal justice system, must act in a manner that instills such trust.

2. Rules

- a) Peace officers shall carry out their duties with integrity, fairness and impartiality.

- b) Peace officers shall not knowingly make false accusations of any criminal, ordinance, traffic or other law violation. This provision shall not prohibit the use of deception during criminal investigations or interrogations as permitted under law.
- c) Peace officers shall truthfully, completely, and impartially report, testify and present evidence, including exculpatory evidence, in all matters of an official nature.
- d) Peace officers shall take no action knowing it will violate the constitutional rights of any person.
- e) Peace officers must obey lawful orders but a peace officer must refuse to obey any order the officer knows would require the officer to commit an illegal act. If in doubt as to the clarity of an order the officer shall, if feasible, request the issuing officer to clarify the order. An officer refusing to obey an order shall be required to justify his or her actions.
- f) Peace officers learning of conduct or observing conduct that is in violation of any law or policy of this agency shall take necessary action and report the incident to the officer's immediate supervisor who shall forward the information to the CLEO. If the officer's immediate supervisor commits the misconduct the officer shall report the incident to the immediate supervisor's supervisor.

C. PRINCIPLE THREE

Peace officers shall perform their duties and apply the law impartially and without prejudice or discrimination.

1. **Rationale:** Law enforcement effectiveness requires public trust and confidence. Diverse communities must have faith in the fairness and impartiality of their police. Peace officers must refrain from fostering disharmony in their communities based upon diversity and perform their duties without regard to race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.
2. **Rules**
 - a) Peace officers shall provide every person in our society with professional, effective and efficient law enforcement services.
 - b) Peace officers shall not allow their law enforcement decisions to be influenced by race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.

D. PRINCIPLE FOUR

Peace officers shall not, whether on or off duty, exhibit any conduct which discredits themselves or their agency or otherwise impairs their ability or that of other officers or the agency to provide law enforcement services to the community.

1. **Rationale:** A peace officer's ability to perform his or her duties is dependent upon the respect and confidence communities have for the officer and law enforcement officers in general. Peace officers must conduct themselves in a manner consistent with the integrity and trustworthiness expected of them by the public.
2. **Rules**

Eyewitness Identification Procedures Model Policy.pdf

EYEWITNESS IDENTIFICATION PROCEDURES MODEL POLICY

Minn. Stat. 626.8433

POLICY:

Officers shall adhere to the procedures for conducting eyewitness identifications set forth in this policy, in order to maximize the reliability of identifications, minimize erroneous identifications, and gather evidence that conforms to contemporary eyewitness identification protocols. Photo arrays and line-ups will be conducted by displaying the suspect and fillers sequentially using a blind or blinded administration.

Purpose:

It is the purpose of this policy to establish guidelines for eyewitness identification procedures involving show-ups, photo arrays, and line-ups. Erroneous eyewitness identifications have been cited as the factor most frequently associated with wrongful convictions. Therefore, in addition to eyewitness identification, all appropriate investigative steps and methods should be employed to uncover evidence that either supports or eliminates the suspect identification.

Definitions:

Show-up: The presentation of a suspect to an eyewitness within a short time frame following the commission of a crime to either confirm or eliminate him or her as a possible perpetrator. Show-ups, sometimes referred to as field identifications, are conducted in a contemporaneous time frame and proximity to the crime.

Line-up: The process of presenting live individuals to an eyewitness for the purpose of identifying or eliminating suspects.

Photo Array: A means of presenting photographs to an eyewitness for the purpose of identifying or eliminating suspects.

Administrator: The law enforcement official conducting the identification procedure.

Blinded Presentation: The administrator may know the identity of the suspect, but does not know which photo array member is being viewed by the eyewitness at any given time.

Confidence Statement: A statement in the witness's own words taken immediately after an identification is made stating his or her level of certainty in the identification.

Filler: A live person, or a photograph of a person, included in an identification procedure who is not considered a suspect.

Sequential: Presentation of a series of photographs or individuals to a witness one at a time.

Simultaneous: Presentation of a series of photographs or individuals to a witness all at once.

Procedure:

1. Show-ups

The use of show-ups should be avoided whenever possible in preference to the use of a lineup or photo array procedure. However, when circumstances require the prompt presentation of a suspect to a witness, the following guidelines shall be followed to minimize potential suggestiveness and increase reliability.

- a. Document the witness's description of the perpetrator prior to conducting the show up.
- b. Conduct a show-up only when the suspect is detained within a reasonably time frame after the commission of the offense and within a close physical proximity to the location of the crime.
- c. Do not use a show-up procedure if probable cause to arrest the suspect has already been established.
- d. If possible, avoid conducting a show-up when the suspect is in a patrol car, handcuffed, or physically restrained by officers, unless safety concerns make this impractical.
- e. Caution the witness that the person he or she is about to see may or may not be the perpetrator—and it is equally important to clear an innocent person. The witness should also be advised that the investigation will continue regardless of the outcome of the show-up.
- f. Do not conduct the show-up with more than one witness present at a time.
- g. Separate witnesses and do not allow communication between them before or after conducting a show-up.
- h. If one witness identifies the suspect, use a line-up or photo array for remaining witnesses.
- i. Do not present the same suspect to the same witness more than once.

- j. Do not require show-up suspects to put on clothing worn by, speak words uttered by, or perform other actions of the perpetrator.
- k. Officers should scrupulously avoid words or conduct of any type that may suggest to the witness that the individual is or may be the perpetrator.
- l. Ask the witness to provide a confidence statement.
- m. Remind the witness not to talk about the show-up to other witnesses until police or prosecutors deem it permissible.
- n. Videotape the identification process using an in-car camera or other recording device when feasible.
- o. Document the time and location of the show-up, the officers present, the result of the procedure, and any other relevant information.

Line-up and Photo Array Procedures

2. Basic Procedures for Conducting a Line-up or Photo Array

- a. Line-ups will not typically be utilized for investigations, unless conducting a photo array is not possible.
- b. Whenever possible, a blind presentation shall be utilized. In cases where a blind presentation is not feasible for a photo array, a blinded presentation should be used. Live line-ups must be conducted using a blind presentation.
- c. The line-up or photo array should consist of a minimum of six individuals or photographs. Use a minimum of five fillers and only one suspect.
- d. Fillers should be reasonably similar in age, height, weight, and general appearance and be of the same sex and race, in accordance with the witness's description of the offender.
- e. Avoid the use of fillers who so closely resemble the suspect that a person familiar with the suspect might find it difficult to distinguish the suspect from the fillers.
- f. Create a consistent appearance between the suspect and the fillers with respect to any unique or unusual feature (e.g., scars, tattoos, facial hair) used to describe the perpetrator by artificially adding or concealing that feature on the fillers.
- g. If there is more than one suspect, include only one in each line-up or photo array.

- h. During a blind presentation, no one who is aware of the suspect's identity should be present during the administration of the photo array. However, during a line-up, the suspect's attorney should be present.
- i. Place suspects in different positions in each line-up or photo array, both across cases and with multiple witnesses in the same case.
- j. Witnesses should not be permitted to see or be shown any photos of the suspect prior to the line-up or photo array.
- k. The witness shall be given a copy of the following instructions prior to viewing the line-up or photo array and the administrator shall read the instructions aloud before the identification procedure.

You will be asked to look at a series of individuals.

The perpetrator may or may not be present in the identification procedure.

It is just as important to clear innocent persons from suspicion as it is to identify guilty parties.

I don't know whether the person being investigated is included in this series.

Sometimes a person may look different in a photograph than in real life because of different hair styles, facial hair, glasses, a hat or other changes in appearance. Keep in mind that how a photograph was taken or developed may make a person's complexion look lighter or darker than in real life.

You should not feel that you have to make an identification. If you do identify someone, I will ask you to describe in your own words how certain you are.

The individuals are not configured in any particular order.

If you make an identification, I will continue to show you the remaining individuals or photos in the series.

Regardless of whether you make an identification, we will continue to investigate the incident.

Since this is an ongoing investigation, you should not discuss the identification procedures or results

- l. The line-up or photo array should be shown to only one witness at a time; officers should separate witnesses so they will not be aware of the responses of other witnesses.
- m. Multiple identification procedures should not be conducted in which the same witness views the same suspect more than once.
- n. Officers should scrupulously avoid the use of statements, cues, casual comments, or providing unnecessary or irrelevant information that in any manner may influence the witnesses' decision-making process or perception.
- o. Following an identification, the administrator shall ask the witness to provide a confidence statement and document the witness's response.
- p. The administrator shall ask the witness to complete and sign an Eyewitness Identification Procedure Form.
- q. Line-up and photo array procedures should be video or audio recorded whenever possible. If a procedure is not recorded, a written record shall be created and the reason for not recording shall be documented. In the case of line-ups that are not recorded, agents shall take and preserve a still photograph of each individual in the line-up.

3. Photographic Arrays

a. Creating a Photo Array

- 1. Use contemporary photos.
- 2. Do not mix color and black and white photos.
- 3. Use photos of the same size and basic composition.
- 4. Never mix mug shots with other photos and ensure consistent appearance of photograph backgrounds and sizing.
- 5. Do not include more than one photo of the same suspect.
- 6. Cover any portions of mug shots or other photos that provide identifying information on the subject – and similarly cover other photos used in the array.
- 7. Where the suspect has a unique feature, such as a scar, tattoo, or mole or distinctive clothing that would make him or her stand out in the photo array, filler photographs should include that unique feature either by selecting fillers who have the same features themselves or by altering the photographs of fillers to the extent necessary to achieve a consistent appearance.
- 8. Fillers should not be reused in arrays for different suspects shown to the same witness.

b. Conducting the Photo Array

- 1. The photo array should be preserved, together with full information about the identification process as part of the case file and documented in a report.

2. If a blind administrator is not available, the administrator shall ensure that a blinded presentation is conducted using the following procedures.
 - a. Place the suspect and at least five filler photos in separate folders for a total of six (or more depending on the number of fillers used).
 - b. The administrator will take one folder containing a known filler and place it to the side. This will be the first photo in the series. The administrator should then shuffle the remaining folders (containing one suspect and the remainder of fillers) such that he or she cannot see how the line-up members are ordered. These shuffled folders will follow the first filler photo. The stack of photos is now ready to be shown to the witness.
 - c. The administrator should position himself or herself so that he or she cannot see inside the folders as they are viewed by the witness.
3. The witness should be asked if he or she recognizes the person in the photo before moving onto the next photo. If an identification is made before all of the photos are shown, the administrator should tell the witness that he or she must show the witness all of the photos and finish showing the sequence to the witness, still asking after each photo if the witness recognizes the person in the photo.
4. If possible, the array should be shown to the witness only once. If, upon viewing the entire array the witness asks to see a particular photo or the entire array again, the witness should be instructed that he or she may view the entire array only one additional time. If a second viewing is permitted, it must be documented.

4. Line-ups

- a. Conducting the Line-up
 1. Live line-ups shall be conducted using a blind administrator.
 2. Ensure that all persons in the line-up are numbered consecutively and are referred to only by number.
- b. The primary investigating officer is responsible for the following:
 1. Scheduling the line-up on a date and at a time that is convenient for all concerned parties, to include the prosecuting attorney, defense counsel, and any witnesses.
 2. Ensuring compliance with any legal requirements for transfer of the subject to the line-up location if he or she is incarcerated at a detention center.
 3. Making arrangements to have persons act as fillers.
 4. Ensuring that the suspect's right to counsel is scrupulously honored and that he or she is provided with counsel if requested. Obtaining proper documentation of any waiver of the suspect's right to counsel.
 5. Allowing counsel representing the suspect sufficient time to confer with his or her client prior to the line-up and to observe the manner in which the line-up is conducted.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Officers

Communications personnel and/or law enforcement officers should inform the victim of ways to ensure critical evidence is not lost, to include the following:

- 1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.
- 2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.
- 3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).
- 4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, officers shall follow standard incident response procedures. In addition, when interacting with victims, officers shall do the following:

- 1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.

- 2) The officer shall attempt to determine the location/jurisdiction where the assault took place.
- 3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.
- 4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the officer can offer to contact local victim advocate on behalf of the victim.
- 5) Ask about and document signs and symptoms of injury, to include strangulation. Officers shall attempt to obtain a signed medical release from the victim.
- 6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.
- 7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.
- 8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews

This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process
- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.

- Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.
- Some victims do remember details vividly and might want to be interviewed immediately.
- During initial and subsequent victim interviews, officers should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.
 - 1) Whether the suspect was known to the victim
 - 2) How long the victim knew the suspect
 - 3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
 - 4) The extent of their previous or current relationship
 - 5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
 - 6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
 - 7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim's age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

- a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:
 - (1) Ensuring the safety of the victim;
 - (2) Ensuring the scene is safe;
 - (3) Safeguarding evidence where appropriate;
 - (4) Collecting any information necessary to identify the suspect; and
 - (5) Addressing the immediate medical needs of individuals at the scene

- b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.
- c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute 626.556 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minn. Stat. 626.556 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

- d. Officers should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.
 - e. The officer should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.
2. Victims of Domestic Abuse
- Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

- 1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)
- 2) Crime Victim Rights: Officers must provide the following information to the victim:
 - a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
 - b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
 - c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
 - d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.
- 3) Other information: Officers should provide to the victim the agency's crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.
- 4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

- 1) Considerations for Evidence Collection
Officers shall follow this agency's policy on crime scene response. In addition, officers may do the following:
 - a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.
 - b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

- c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.
- d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

- 1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:
 - a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
 - b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.
 - c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.
 - d. Ask the victim for a signed release for access to medical records from the exam.
- 2) Officers should not be present during any part of the exam, including during the medical history.
- 3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, officers should consider the following:

- 1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.
- 2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong

consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.

- 3) When possible, an attempt would be made to interview the suspect in person.
- 4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
 - a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
 - b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.
- 5) For sexual assaults involving strangers, officers should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

- 1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
- 2) Determine whether a sexual assault medical forensic examination should be conducted.
- 3) Ask for the suspect's consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
- 4) During the suspect's sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:
 - a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
 - b. Collect biological and trace evidence from the suspect's body;
 - c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
 - d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
 - e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

- 1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.
- 2) Provide guidance and direction as needed.
- 3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

- 1) Case dispositions
- 2) Decisions to collect evidence
- 3) Submissions of evidence for lab testing
- 4) Interviewing decisions
